Re: RFQ to Provide MEP Engineering Services
To the City of Hollywood - RFG-4422-RD

Comm. No. 14032

- a. We understand that our firm would perform all required aspects of MEP Engineering for any projects assigned to us. We will coordinate our work with staff and other consultants including architectural and civil engineering.

The Mechanical and Plumbing Engineering services firm of Granata & Associates is an independent firm with whom we have worked since 1979 on hundreds of projects. We commit to work for the City with that firm, to jointly accomplish any task, as we have in the past.

We are a small firm, but fully capable of handling any of the improvement projects listed. We have working successfully on many City of Hollywood projects over the years and will continue to serve our City.

- b. I, Norman F, Bray, P.E., President of the firm, will be the person to contact on all matters.
