Education Advisory Committee - Questions*

To the role of the Education board, I bring a lifelong passion for learning, and a desire to best serve our educators, schools, students and families. My early professional experience includes teaching High School math in a large high school in Arizona, providing me direct insight into the rewards and challenges of being an educator. I also spent time in the academic work environment at George Washington University and Rand Corporation. My community involvement has long tilted toward youth and education as I love working with young people and supporting their educational success. I have volunteered in various roles at Posse Foundation, Peer Forward, Big Brothers Big Sisters Miami and United Way Reading Pals. As the parent of two daughters aged 12 and 14, I have direct experience with the schools in our community and have appreciated the options that we have in Hollywood that did not exist in the small town I grew up in.

In my view, some of the challenges facing education are: (1) Covid setbacks, (2) teacher compensation, shortages and turnover, (3) ensuring utmost safety and security, and (4) uncertainty and politically charged atmosphere. My vision for education in Hollywood is ultimately for every child in our community to have the educational foundation and opportunities to put them on the path toward success. The Education Advisory Committee optimally is a facilitator of solutions to critical issues and an arm to continually improve our schools and offer the strongest educational options possible to our Hollywood. With only one meeting a month, the Committee must consider not only the most critical issues, but also those that will have the largest impact and that are most implementable (to achieve the greatest return). The Committee can know its mission and goals are being accomplished by: setting clear near- and longer-term target, establishing processes to gather and measure progress and stakeholder feedback (educators, parents, community members).

Please answer these five questions above. 1. What are the current challenges facing education? 2. What is your vision for education in Hollywood? 3. What do you see as the primary work of the Education Advisory Committee? 4. With only one meeting a month, the Committee is limited in what it can do. How does/should the Committee decide what's most important? 5. How can the Committee know if its mission and goals are being accomplished?

Parks, Recreation & Cultural Arts Advisory Board - Questions*

To the role on the Parks, Recreation, and Arts Board, I bring the ability to be a community voice and advocate from the perspective of a 17+ year Hollywood resident, whose family and friends are outdoor enthusiasts who utilize our outdoor spaces and parks extensively. As my children have grown up, we have gone from patrons of young children's play parks in Hollywood and annual participants in the Arts and Culture Center summer camps, to a volleyball and soccer family who are at community fields and facilities nearly every night of the week. Through this direct experience, I understand and believe in the value that diverse outdoor, arts, and cultural activities bring to our community. I have observed and value the notable improvements to parks and enhancements to the arts that have come through taxpayer funds. As one example, Jefferson Park has never been so utilized post the updates - particularly the lively pickleball courts almost always full to capacity. It's truly wonderful to see so many people enjoying on a daily basis.

I am available to attend regular meetings and to do the advance work needed, spending time at our local parks and community events in order to be well informed and make valuable contribution. My greatest area of interest is enhancing the our Hollywood quality of life by making wise use of our taxpayer dollars to beautify and increase utilization of our parks, which contribute greatly to our quality of life as a community by creating more opportunities to be out in nature moving our bodies and connecting with others.

Currently my community involvement includes multiple roles as a volunteer for both the Public Affairs and Disaster Response for South Florida Red Cross and am a United Way Broward Women's United cabinet member and a "reading pal" to a 3rd grader at Bethune Elementary School where I spend time working with a student weekly to increase reading skills.
