DATE ISSUED: July 12, 2013

This Addendum is issued to address questions received regarding the above-mentioned solicitation. The issuance of a written Information Letter or Addendum is the only official method whereby interpretation, clarification or additional information can be given.

The Bidder shall be required to acknowledge receipt of any formal addenda by signing the Addendum and including it with the Bid. Failure of a Bidder to include a signed formal addendum in its Bid shall deem its Bid non-responsive; provided, however, that BSO may waive this requirement in its best interest.

NOTE: THE DUE DATE AND TIME HAS NOT CHANGED

- Question # 1 Section 3 of your bid shows the Troy Products catalog in Section 3:14. However on page 30 where the Catalog lines are listed for quotation, the Troy catalog is missing. Is this an oversight?

Answer # 1 Yes, this was an oversight. Troy Products has been added. Replace page 30 and page 31 with pages 30 AD-1 and 31 AD-1 (attached). Further attention is directed to the General Requirements where it states that Installation of said equipment is a requirement of this bid. Further, the Installation facility must be factory authorized to install and service all equipment provided.

- Question # 2 Starting on page 25 (Item Pricing Information), there is a "No Substitution" clause under the Product Description heading. Why is this? Our products will meet or exceed the specified products. Is there any way to amend this so that we can to offer an equivalent that meets and/or exceeds the specification?

Answer # 2 The list of items reflects products that are most frequently used and are currently standardized for BSO fleet. At any given time, we could request pricing for items manufactured by those listed on page 30 and this is why we are asking for the percentage discount off catalog prices.
