			TRAFFIC COUNT	SPEEDING VEHICLES	%	TRAFFIC COUNT	SPEEDING VEHICLES	%	TRAFFIC COUNT	SPEEDING VEHICLES	%
TOTAL ALL TRAFFIC COUNTS & SPEEDING VEHICLES			37,926	17,875	47%	228,480	6,964	3%	24,420	12,080	49%

\*\*\* Speeding vehicles are defined as any vehicle exceeding the speed limit by 10MPH+.

Each speed study was conducted for a five (5) day period, and only includes data during the school day. The morning data indicates the traffic count and speeding vehicles during the "school zone" morning at the lower speed. Mid-day data was measured at the normal speed limit. Similar to the morning, the afternoon data was measured at the lower "school zone" speed limit.
