1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #5

2018 Chevrolet Silverado 3500 HD (CC36003)

The Chevrolet Silverado 3500 HD (CC36003) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$23,455.00	\$23,155.00	\$23,255.00	\$23,655.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Guaranteed Asset Protection (GAP)

Protects you from the “gap” in the event of a vehicle total loss.

If your vehicle is totaled in an accident, your insurance may not cover the full amount you owe on it. Insurance usually pays the cash value at the time of loss, not the full amount of your outstanding debt. GAP covers the amount between the cash value and the outstanding balance.

Car Insurance Payout
\$20,000

GAP Payout
\$5,000

Here's an example to show you how it works:

Let's say your vehicle is totaled in an accident. You still owe \$25,000 on your loan, but your insurance only pays you the current value less your deductible, which comes to \$20,000.

What you owe:	\$25,000
Actual cash value of vehicle:	\$21,000
Less your insurance deductible:	\$1,000
