ECORE International Increases Warranty

PlayGuard now offers the industry's first 15-year limited warranty

Lancaster, PA, April, 2010 - Ecore International announces the extension of its PlayGuard safety surfacing warranty, the first and only of its kind in the industry. PlayGuard leads the modular playground surfacing industry with patented technology for unparalleled durability in heavy traffic areas. Specifically designed to meet 6, 8 and 10 foot fall ratings, PlayGuard's recycled rubber tiles feature unsurpassed versatility and easy adhesive-free installation.

The modular tiles are created by laminating a colorful wear layer to a thick-footed base tile. Each tile is manufactured from recycled rubber for total recycled content ranging from 85-90%. The tiles also feature 22 standard color patterns with custom design capabilities and are FloorScore certified for low VOC emissions when installed indoors.

PlayGuard is manufactured in the U.S.A. and has gained a reputation as the highest quality molded product on the market. As a testament to that quality, Ecore International has done extensive testing to raise its former 10 year warranty to a 15 year limited warranty. The warranty continues to cover abnormal surface wear due to ordinary abrasion and installation inconsistency (when installed according to the provided manufacturer instructions). However, the new time specifications ensure more complete quality assurance for customers, delivering peace of mind.

"We pride ourselves on quality products here at Ecore," states Rich Campbell, EVP Sales & Marketing, Ecore International. "PlayGuard's increased warranty solidifies our role as the industry leader in product durability and superior quality."

PlayGuard's new 15 year limited warranty includes impact attenuation (to ASTM F1292) and operates on a prorated schedule, providing adjusted coverage correlating to the product's expected wear over time. For the initial six years, PlayGuard now offers 100% reimbursement of the purchase price according to the outlined terms as stated in the full warranty. Thereafter, the product is reimbursed according to adjusted percentages per year of application not exceeding 15 years.

This pro-rated limited 10 year warranty is intended to define the obligations and limitations of the purchaser as well as the obligations and limitations of the supplier. This limited warranty is only valid if PorterCorp has been paid in full for the cost of the shelter. This limited warranty is for the factory applied finish only. This limited warranty does not cover Pergolas or Trellises; limited warranty for these jobs will be issued separately upon request.

Damage occurring from shipping, erection, vandalism, accidents, or field modifications will require field touch-up immediately and periodically thereafter which is not covered in this limited warranty.

The 10 year limited warranty will exclude buildings erected at sites where salt air, corrosive atmosphere, high humidity causing condensation, or sprinkler systems come in contact with the shelter.

Failure to maintain finish system with annual touch-up and documented maintenance procedures will void the limited warranty.

Not covered by this limited warranty are acute angles, welds, and endplates that are prone to minor defects on occasions and will require touch-up by owner.

A failure in the powder coat paint system will be defined if there is in excess of 8% of the structure has failure to the paint system.

Rust stains from roof trim, screws, and screw holes do not constitute a failure. If a claim is made for paint failure a complete document must be provided by owner. If a site visit is required by PorterCorp the expense will be covered by PorterCorp but if failure is not covered under warranty the building owner will be required to cover all costs incurred by PorterCorp for the site visit.

In case of a failed paint system, PorterCorp will repaint the structure with its best in-house system providing that the owner dismantles the structure and returns it to PorterCorp. PorterCorp will refinish the structure and ship it back to job site at their expense. The refinishing will not extend the original warranty of the paint system. The owner is responsible for erecting the building at their expense. As an alternative, PorterCorp will pay customer up to the cost of the original paint system on a pro-rated basis.
