Gilly-Exceeding Expectations Every Day!

GILLY NATIONAL is a woman owned minority business enterprise, specializing in high-end national vending arenas for over 32+ years. As an industry-recognized leader, we leverage all opportunities to increase your revenues. We explore new capital investments with an advanced comprehensive and integrated approach to serving all your vending needs. We will change the way you perceive vending.

"Gilly operates 6,000 machines nationwide, monitors 17 million transactions per year, and has trained Gilly Operators in 49 states."

IMAGINE! having the most advanced 2014 cutting-edge vending systems.

IMAGINE! all operational strategies driven by energized executives and leaders, and a corporate philosophy that expeditiously responds and excels in all service details.

IMAGINE! a company that is armed with an arsenal of unique qualities; a company that quickly adjusts to emerging markets and changing technologies and quickly delivers them to you.

IMAGINE! a company that takes full advantage of opportunities presently and not fully optimized by its competitors. We provide you with brand new equipment, equipped with the latest payment systems, real-time data transmission accessories, energy saving technology, a local professional team of drivers that deliver customer services with expertise, and a high-tech remote monitoring division that reviews real-time sales and product data every day for you to maximize sales and drive the satisfaction curve to the peak.

At the forefront of technology in the vending industry, Gilly's success has been ultimately created by tailoring handpicked products to the unique needs of *EACH* of our clients, squeezing efficiency from every corner, and constantly unleashing the passion of its dynamic team.

GILLY NATIONAL has developed long-term partnerships with nationwide clients who have the most stringent standards and the most challenging environments. We have developed aggressive vending strategies for the most demanding academic, transportation, healthcare, and manufacturing industries with tremendous financial success stories at each of our installations.

We are ready to immediately invest and transition your vending to the Gilly advantage!

Sincerely,

Gilda Rosenberg

WHAT SETS GILLY VENDING APART

GILLY VENDING REMOTE MONITORING SYSTEMS

At Gilly Vending we created a robust data analysis Team who crunch real-time data from each machine, incorporating our client's initiatives to maximize sales immediately. Our rapid adjustments with both equipment and product selection ensure measured results. We customize each machine with market-leading brands as well as culturally pleasing combinations. Our portfolio of products is extensive, evolving to meet the acceptance of all generations.

Our 'Out-of-the-Box' style includes modern touch- screen interactive vending machines that are designed to produce *fast* sales data for our analysis Team, instant on-screen nutritional fact display to our consumers, and can be programmed to display special promotional items such as 25-cent chip days, combo-purchase deals, and new introductory product promotions. These features allow Gilly to engage customers in a dynamic and forward-thinking way. We are specialists at finding opportunities which may be obscure to other vending companies. Our team of experts make daily pivotal decisions that reward our clients with higher revenues.

GILLY VENDING TEAM

We at Gilly Vending truly believe that vending is an art, and we can make your business grow. Our edge is our reaction time to anything that you need -- within 1 hour. Gilly systems are geared toward higher levels of communication through fewer organizational layers to produce instant decision-making results. We have highly driven leaders that are passionate and entrepreneurial, always hunting for profitable opportunities for you. Our horizon is full with green technology, ADA compliant machines, healthier living options, micro-markets (24/7 automated self-checkout systems), and retail vending. Our optimized vending logistics reduce inventory levels-to-sales frequency, enhanced warehouse picking systems consolidate product for delivery efficiencies, and our 3-tier supervisory and technical support management team ensures consistency to our client services. All of these Gilly techniques guarantee that we pass these savings on to you in your commissions.

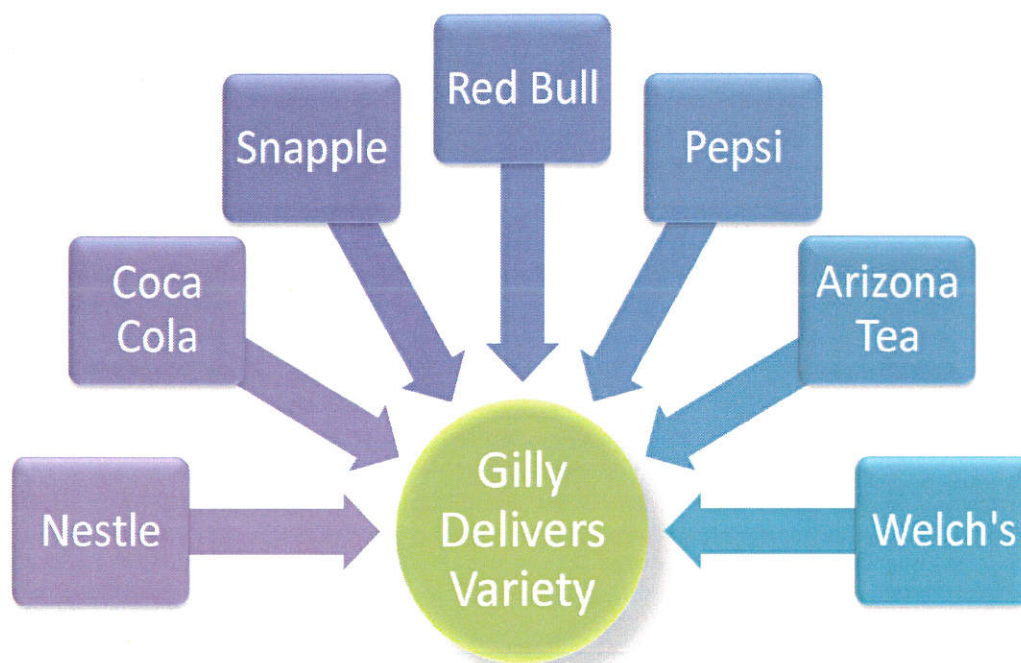

GILLY VENDING LEVERAGE

Our daily engagement with our distributors and bottlers for over 30+ years has brought us expertise with cost-cutting initiatives and with product & equipment negotiations. We bring you more value with competitively priced products. We know how it works – what equipment is better for you than others, and we negotiate in larger volumes for you, thus saving you time and money.

Market leading brands = revenues, but culturally focused brands = profits. Gilly is free to adjust flavors because we are not exclusive to any brand so we have more choices. real time data analysis allows Gilly vending to adjust each machine product mix quickly to generate more revenues as other competitors tend to consolidate into one planogram throughout their operations.

AHA – GENERAL GUIDANCE FOR FOODS

FOODS

- Fruit – fresh, frozen, canned in own juice or water with no added sugar.
- Vegetables – fresh, frozen, canned (in very low sodium).
- Seafood, fish (especially oily fish such as salmon, trout, sardines, tuna, and pollock).
- Lean meats (no more than 10% fat by weight). Minimize processed meats; if offered, use only lower-sodium (no more than 480 mg per 2 oz.) options. Serve poultry without skin.
- Fat-free or low-fat dairy products (1% or less).
- Pasta, rice, breads, cereals, snack foods (chips, crackers, cereal bars, etc.)- Offer whole-grain, high-fiber options (whole grain is first or second ingredient; 2 grams or more of fiber/serving) when available.
- Unsalted nuts, seeds (and the butters and pastes derived from these like peanut butter or almond butter).
- Beans, Peas, and Legumes (ex. hummus made from garbanzo's/chick peas, edamame, or snow peas).
- Prioritize healthy oils (such as canola, olive, sunflower, soybean, safflower).
- Limit fried foods. Prioritize roasted, baked, microwaved, steamed, poached, or grilled preparation.
- Limit foods with added sugars.
- Reduce portion sizes as a way to reduce calorie intake. Choose the lowest serving size when possible or offer half serving sizes.
- Low-fat/Low calorie condiments such as mustard, chutney, relish, light mayonnaise, fat-free dressings, oil based dressings, salsa, ketchup, light (low sodium) soy sauce, horseradish, Tabasco.

BEVERAGES

- Water (including sparkling, seltzer, or flavored water).
- 100% fruit juice (< 180 kcal/12 oz. serving) with no added sweeteners.
- No or low calorie beverages (<10 kcal/8 oz. serving), Mid-calorie beverages (light juices, teas, and other drinks with no more than 66 calories/8 oz.
- Fat-free or low-fat (<1%) milk; if flavored, no more than 150 calories/8 oz.
- Regular and herbal unsweetened teas (hot or cold).
- Coffee (with <1% or lower fat milk or creamers as well as soy alternatives).
- In vending machines, at least 50% of beverages offered should be water and no or low calorie options
