Re: City of Hollywood, Application for Appeal to City Commission Article 5.7 of the Zoning and Land Development Regulations – Meeting Scheduling Notice

Dear Mr. Gordon:

The purpose of this correspondence is to follow up regarding the correspondence directed to your attention via email on August 8, 2023. Subsequent to our initial correspondence, the City of Hollywood has not been provided with the requested revised submission package aimed at offering clarification on specific inconsistencies that came to light between the contents of the original application and the information presented before the Planning and Development Board.

Regrettably, no such documentation has been received, necessitating our decision to hear the appeal during the **City Commission meeting on September 20, 2023**. It is imperative to recognize that in the absence of the requested information, the City Commission will be compelled to assess the original application. Given the non-receipt of clarifications, any subsequent alterations or amendments to this information cannot be taken into account by the City Commission and will not be accepted by the City.

Please take note that that as previously stated in the correspondence sent on August 8, 2023, the applicant's legal representative is listed as the notary on the application. Kindly make the necessary changes by using a notary who is not associated with the legal representative and resubmit the Application for Appeal as soon as possible.

Thank you for your attention to this matter.

Very truly yours,

Andria Wingett
