Andria Wingett, Director  
Development Services  
City of Hollywood  
2600 Hollywood Blvd, Rm 422  
Hollywood, FL 33022

Dear Ms. Wingett

**Calvin, Giordano & Associates, Inc. (CGA)** is pleased to submit a letter of interest to provide Professional Planning Consulting Services to City of Hollywood. CGA has the knowledge, experience, capability, and personnel resources to provide General Planning Services to the City. This can be achieved by piggybacking CGA's existing Oakland Park General Planning Services Contract effective until October 16, 2025.

For 86 years, CGA has provided consulting services to a wide range of government clients. With hundreds of employees, including a Planning Department consisting of eight (8) AICP-Certified Planners and current contracts with over 60 governmental entities, our firm provides a broad range of services typical of a much larger firm, but with the personalized attention of a smaller firm.

CGA offers a complete suite of services which allows us to address the multiple interrelationships between land use, transportation, urban design, environmental, economic and community development.

Our team is comprised of qualified professionals, possessing the diversity of technical skills required for this contract. Team members have worked together to build a long resume of providing outstanding solutions for our clients. We also have the in-house resources in other disciplines to support additional work that may be needed such as, civil engineering, traffic engineering, environmental, building services and IT.

In addition, Urban Compass, a land planning firm specializing in comprehensive planning, neighborhood and master planning and preparation of planning policy and regulation will be a subconsultant on this project.

We would like to thank the City for the opportunity to provide these services and are eager to assist. Should you have any questions please contact Project Manager Vicki Placide-Pickard at (954) 266-6495 or [vpickard@cgasolutions.com](mailto:vpickard@cgasolutions.com).

Sincerely,

David Stambaugh, PE, DBIA  
Vice President of Professional Services
