**Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier
Covered Transactions**

This certification is required by the Department of Education regulations implementing Executive Order 12549, Debarment and Suspension, 34 CFR Part 85, for all lower tier transactions meeting the threshold and tier requirements stated at Section 85.110.

Instructions for Certification:

1. By signing and submitting this bid, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this bid is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this bid that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this bid that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion - Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non- procurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification

ADDENDUM #1

ITB NO.: MTS-906BC – PLAYGROUNDS AND RELATED EQUIPMENT

BID OPENING DATE & TIME: NOVEMBER 9, 2018 @ 2:00 PM

LATE BIDS WILL NOT BE CONSIDERED

Listed below are answers to questions that were received in writing prior to the question end date on October 30, 2018.

1. **Question:** Cover page of the ITB says the due date is 11/9/18; however, page 34 says the due date is 10/23/18; please advise?

Answer: The Bid Opening Date & Time are November 9, 2018 @ 2:00 PM EDT

2. **Question:** Do you need an actual price list or just a catalog of our equipment?

Answer: In accordance with the ITB, Section 2, Para 3, "All bidder(s) must submit an electronic copy or a weblink for all cataloged items to be used under the resulting contract with their bid submittal." "If an electronic copy is NOT available, the bidder shall provide a hardcopy with their submittal package". Based on this information, we simply need your catalog or link which lists your equipment.

3. **Question:** Do you want the catalog in hard copy or digital copy?

Answer: Please refer to the answer above.

4. **Question:** I have two companies that are owned and operated by the same person. We use one company to sell products and the other company for installation services. Can I submit two bids? One for product and the other for installation services? For tax liability reasons we like to split bill the services we provide. For example, we would provide an estimate for playground equipment and another estimate for installation.

Answer: Submitting two bid submittals is acceptable ONLY if these two companies are operating under different Federal Tax ID Numbers and/or two separate business licenses.

5. **Question:** Should playground safety surfacing be included?

Answer: We urge all prospective vendors to provide a percentage discount for as many items listed on the Bidder's Response Sheet as possible. Playground safety surfacing material is listed on the Bidder's Response Sheet as well; therefore, if it's something that you are able to provide, please provide a percentage discount for those categories.

Standard: Super durable frame finishes:

The anti-graffiti, super durable polyester TGIC finish, is a powder that is applied 6-9 mils thick then cured at 400 degrees until fused into a smooth glossy permeate coating. This coating meets AAMA 2604-2 specifications and has a much longer life expectancy than the industries standard TGIC. This anti-graffiti coating provides an outstanding finish.

The smooth glossy surface can withstand numerous cleanups with the use of our proprietary chemical cleaner without altering the finish. Paint and marker can be removed completely with only a slight reduction in gloss.

The architectural matte, super durable polyester TGIC finish, is a powder that is applied 6-9 mils thick then cured at 400 degrees into a smooth matte permeate coating. This coating meets AAMA 2604-2 specifications and has a much longer life expectancy than the industries standard TGIC.

Premium Frame Finish (up charge)

A 2-3 mil thick zinc rich primer is applied prior to a final standard color coat. This premium finish enhances the ability of your structure to combat even the harshest environments and has withstood over 1000 hours in our salt/fog test chamber. This primer prevents rust from forming and spreading in the event of nicks and scratches in the color coat, providing the ultimate in pre-finished steel structure coatings.
