Department of Public Utilities
Emergency Engineering Response

Dear Ms. Montero:

As requested, we are pleased to submit our scope of services for engineering assistance to the City of Hollywood Department of Public Utilities for emergency response and repairs related to the Ocean Outfall Effluent Pump Station.

SCOPE OF SERVICES

This work order provides an allowance for engineering services for Hazen and Sawyer, D.P.C. to assist the Department of Public Utilities with addressing Emergency repairs at the Ocean Outfall Effluent Pump Station, located at the Southern Regional Wastewater Treatment Plant and as directed by the Director, Deputy Director or the Assistant Director of Public Utilities. Work tasks will include meeting participation, engineering evaluations, technical support, responses to critical infrastructure issues, preliminary designs and limited detailed designs where necessary to assist with utility operations.

COMPENSATION

The total cost for amended services will be provided on an as-needed basis and will not exceed \$125,000 without formally amending the scope of work.

Engineering services for the project will be performed as part of our Professional Services Agreement for General Engineering Consultant Services (Agreement) dated October 2023. Services provided by Hazen and Sawyer, D.P.C. shall be limited to those services specifically identified in this work order.

We appreciate the opportunity to offer these services to the City. Please contact us if you have any questions or comments concerning this proposal.

Very truly yours,

HAZEN AND SAWYER, D.P.C.
