Community Development Advisory Board - Questions*

LMI neighborhood: Yes

Some of the most important community development issues in Hollywood are affordable housing, attracting economic development and sustainability. Hollywood needs to create more affordable housing options for its residents. Hollywood also needs to attract new businesses and jobs to the area. Lastly, with the vast access to the coast line and flood prone areas of the City, it is imperative that Hollywood starts to invest in a proactive and robust sustainability and climate mitigation plan.

A healthy neighborhood is one where everyone has an equitable opportunity to thrive and live a fulfilling life. It is a place where people feel safe and comfortable, and where there are plenty of opportunities for physical activity and social interaction, with access to healthy food options and outdoor spaces to be connected to nature.

The vision of the CDAB is to assist the City of Hollywood in being good stewards of the resources that have been entrusted to it, ensuring that decisions that are made are in the best interest of the whole.

As a South Florida native who has spent much of my career understanding how to create the conditions that enable humans from diverse and underserved backgrounds to thrive in an increasingly digital economy, I believe I can bring unique value to this board.
