EnviroSight

Contract#: 022014-EVS

Category: Heavy & Utility Equipment

Sub Category: Public Utility Equipment

Description: Public Utility Pipeline Inspection Equipment

Maturity Date: 03/18/2018

For nearly 15 years, EnviroSight has delivered pipe inspection technology and asset management strategies to municipalities, municipal contractors, civil/environmental engineers and DOTs. Our solutions for assessing sewer and storm water lines include inspection crawlers (CCTV, lateral launch, laser, side-scan), zoom inspection cameras, push cameras, video nozzles and inspection-reporting/asset-management software, as well as vehicles custom-outfitted for field-deployment of this equipment. We are committed to constant innovation, delivering products designed for maximum productivity, uptime, service life and quality of deliverables.

EnviroSight serves customers through a factory-trained network of regional sales partners who deliver local support, service and expertise with rapid turnaround.
