

Water
moves
us

We understand how every drop, stream, and splash shapes the world around us. By harnessing the transformative power of water, Vortex creates play experiences for children to develop, communities to flourish, and businesses to thrive. We exist to leave an impact—one that lasts long after families are dried off.

Why choose Vortex?

Our diverse expertise

To foster a rich understanding of your unique needs, our design team draws its talent from many disciplines. Engineers, creative designers, childhood development specialists, and water choreography experts tackle new projects from all exciting angles. Our multidisciplinary approach oversees countless variables including water management, accessibility, and (most importantly) play.

Our superior quality

Every Vortex project is engineered on-site to ensure the highest quality and safety standards. We use stainless and galvanized steel sourced from North America and are vertically integrated for maximum quality control. Manufactured and tested in our Montreal headquarters, products are designed to last and require little maintenance.

Our boots on the ground

We put a lot of stock into local representation. Every collaboration begins by getting to know the families you're servicing and thinking creatively about how we can help them grow. We ensure that no matter where you're situated, our customer service and expert guidance come equipped with an intuitive understanding of what sets your facility apart.

Play Value Planning

Aquatic play may feel spontaneous, but it actually requires lots of planning. We design every play experience to keep families engaged, boost dwell times, and increase return visits.

To build lasting memories among moms, dads, and little ones of all abilities, we carefully consider how to integrate products that cater to everything from the location's footprint and capacity to its demographics and theming objectives.

Sensory

Stimulates & develops multiple sense experiences

Spray

Encourages teamwork & competition

Tactile

Promotes discovery of water textures

Iconic

Features interactive fun & serves as a social gathering place

Circuit

Encourages physical development

Flow

Develops discovery
& learning

Kinetic

Features interactive fun & encourages movement

Misty

Cloud-like experience gives refreshing thrills

Vortex Colors

Steel and Fiberglass (excluding waterslides). Certain restrictions apply.

* An additional fee will apply on fiberglass waterslide applications.

SeeFlow™

Certain restrictions apply

Orbs

Accessories

Available in Vortex Blue (as shown)
