Congratulations! The Florida Department of Transportation, District 4, is pleased to inform you that after a careful review of the subject application that you submitted as part of the Safe Routes to School (SR2S) Program has been approved and will be funded for construction.

As requested in the application, the Department has allocated \$983,393.00 in fiscal years 2020 and 2022 for the construction of the subject project. The development of design plans, or any other design effort, remains the responsibility of the local agency.
