Subject: Black & Veatch Plantworks Plugin

Dear Mr. Kahn:

Black & Veatch developed the Plantworks plugin for Cityworks independently and owns, licenses, and maintains this software independent of Trimble and Cityworks AMS. It was specifically designed to enhance and streamline the maintenance and accessibility of vertical assets managed in the GIS database and used by Cityworks.

If you have any questions, please contact me at (704) 510-8459 or SeasteadMT@bv.com.

Respectfully submitted,
BLACK & VEATCH
