

Piggyback Checklist

Using Department(s): Department of Development Services / Engineering, Transportation and Mobility Division

Piggyback Contract Number/Name: Concrete Works and Paving, Inc., Broward County BID No. PNC2123416B1

Services/Supplies to be provided: Concrete work, milling and resurfacing of alleys and streets around the city.

Why are Services/Supplies being obtained via piggyback (as opposed to issuing a solicitation or obtaining quotes): The above-mentioned piggyback contract will allow the City to save time, money and staff resources. The piggyback offers economies of scale and provides better pricing than the City could obtain on its own since the piggyback was solicited by a larger entity to obtain more services/supplies, hence a lower/better rate was awarded under the resulting contract.

Procurement Code, Section 38.41(C)(5):

(5) *Piggyback purchases.* The CPO (Chief Procurement Officer) may procure, without following formal solicitation procedures, all goods, supplies, materials, equipment, and services that are the subject of contracts with the state, its political subdivisions, the United States government, other governmental entities, or a corporation not for profit whose members are governmental entities, public officers, or any combination thereof ("piggyback"), provided that the goods, supplies, materials, equipment, or services are the subject of a price schedule negotiated by the entities listed above and is based strictly on competitive bids, quotations, or competitive proposals and not on any preference. Utilization of other governmental entities' contracts shall be permitted only during the term of the other governmental entity's contract.
