Solicitation No. 00318 Bid Tabulation - Exhibit B-1 Responsiveness

Section 3.2 Responsiveness (Pass/Fail). Enterprise Services will review bids – on a pass/fail basis – to determine whether the bid is ‘responsive’ to this Competitive Solicitation. This means that Enterprise Services will review each bid to determine whether the bid is complete – i.e., does the bid include each of the required bid submittals, are the submittals complete, signed, legible. Enterprise Services reserves the right – in its sole discretion – to determine whether a bid is responsive – i.e., to determine a Bidder’s compliance with the requirements specified in this Competitive Solicitation and to waive informalities in a bid. An informality is an immaterial variation from the exact requirements of the Competitive Solicitation, having no effect or merely a minor or negligible effect on quality, quantity, or delivery of the goods or performance of the services being procured, and the correction or waiver of which would not affect the relative standing of, or be otherwise prejudicial, to Bidder. Responsive bids will be evaluated as set forth herein.
