***ENHANCED MARINE LAW ENFORCEMENT
GRANT (EMLEG) APPLICATION***

POLICY STATEMENT:

The purpose of the Enhanced Marine Law Enforcement Grant (EMLEG) program is to provide ways and means of improving boating safety in Broward County by enhancing or supplementing marine law enforcement activities and improving boating safety education. Attached is a list of the areas that the Broward County Marine Advisory Committee (MAC) feels are in need of enhanced marine law enforcement or boating safety education. It is desired that law enforcement agencies utilize the Local Option Vessel Registration Fee approved by the Board of County Commissioners to supplement existing services in their area of jurisdiction. Coordination with other law enforcement or educational agencies that have jurisdiction in Broward County is encouraged, and may be necessary, to enable the applicant agency to provide the needed enhanced coverage as desired. Innovative projects to improve boating safety in Broward County are enthusiastically encouraged.

DESCRIPTION OF PROJECT TYPES

INNOVATIVE LAW ENFORCEMENT PROGRAMS: This project category is set up to allow applicants to come up with unique law enforcement programs to improve boating safety in Broward County above and beyond existing levels of marine law enforcement. Applicants who submit this type of grant proposal are encouraged to develop new and innovative programs.

ENHANCED MARINE LAW ENFORCEMENT: This project category allows applicants to apply for funding for one year, to enhance/supplement the existing level of marine law enforcement in the applicant's jurisdiction. **This grant may not be used to replace the existing funding level of marine law enforcement.** This grant may not fund more than fifty (50) percent of marine patrol hours during the given year. Applicants are encouraged to submit proposals to utilize the *AZones and Times of Concern@*.

POLICE MARINE EQUIPMENT: This project type would allow applicants to apply for new equipment or to replace equipment spent implementing the requirements of the EMLEG Program's marine law enforcement not funded in the applicant's budget. EMLEG will not fund the general maintenance of police marine equipment.

INNOVATIVE BOATING SAFETY/EDUCATION/PUBLIC INFORMATION: This category is set up to allow applicants to develop unique educational programs to improve the instruction of boating safety in Broward County above and beyond existing levels of educational standards. Applicants, who submit this, or a similar type of activity as a grant proposal, are encouraged to develop new and innovative programs.

BOATING SAFETY/EDUCATION/PUBLIC INFORMATION: This category is not limited to applicants who are non-enforcement agencies. This project type would allow the applicant to apply to fund projects which would improve boating safety in Broward County through boating safety training, public information, channel marking and limited signage, or other types of projects which result in improved boating safety in Broward County.

EDUCATIONAL/SAFETY/PUBLIC INFORMATION EQUIPMENT: This project type would allow applicants to apply for new equipment or to replace equipment that was worn out due to the EMLEG Program for boater safety education that is not funded in the applicant's budget. EMLEG will not fund the general maintenance of any educational equipment.
