H. Small Business Enterprise Program

The Pompano Beach City Commission has established a voluntary Small Business Enterprise (SBE) Program to encourage and foster the participation of Small Business Enterprises in the central procurement activities of the City. The City of Pompano Beach is strongly committed to ensuring the participation of Small Business Enterprises (SBE's) as contractors and subcontractors for the procurement of goods and services. The definition of a SBE, for the purpose of the City's voluntary program, is taken from the State of Florida Statute 288.703(1).

As of the date of publication of this solicitation, a small business means an independently owned and operated business concern that employs 200 or fewer permanent full-time employees and that, together with its affiliates, has a net worth of not more than \$5 million or any firm based in Florida that has a Small Business Administration 8(a) certification. As applicable to sole proprietorships, the \$5 million net worth requirement shall include both personal and business investments.

The City includes links to these organizations from the City's website www.pompanobeachfl.gov. Please indicate in your response if your firm is a certified Small Business Enterprise.

Please note that, while no voluntary goals have been established for this solicitation, the City encourages small business participation in *all* of its procurements.

I. Local Business Program

On March 23, 2010, the City Commission approved a Resolution establishing a Local Business Program, a policy to increase the participation of City of Pompano Beach businesses in the City's procurement process.

You can view the list of City businesses that have a current Business Tax Receipt on the City's website, and locate local firms that are available to perform the work required by the bid specifications. The business information, sorted by business use classification, is posted on the webpage for the Business Tax Receipt Division:

The City reserves the right during the contract period to determine by independent test if the product supplied meets the specifications herein. The cost of the test is to be paid for by the City if sample meets specifications, and by the contractor if it should not meet specifications. In addition, the facilities of the Florida State Department of Agriculture testing laboratories may be used for any referee testing.

M. Cancellation of Order

If contractor cannot fulfill delivery requirements, the City retains the right to cancel the order and make such purchase on the open market. Contractor will be liable for all price differences incurred by the City if delivery failure is not a case of force majeure.

T. E-Payables

The City of Pompano Beach has implemented a voluntary E-Payables Program. This program allows the City to pay vendors via credit card and turn around vendor payments in a shorter timeframe than the traditional check payment mechanism.

How Does the Program Work?

The City will issue a unique credit card number to each vendor. Vendors would retain the credit card number on file. The card will retain a zero balance until payments have been authorized by the City. Once goods have been delivered or services rendered, vendors submit invoices to the Finance Department according to the normal process. When payments are processed by Finance and authorized, an email notification is sent to an email address provided by the vendor. The email notification includes the invoice number, invoice date, and amount of the payment. Once the vendor receives the email, the credit card has been authorized to be charged for the amount listed in the email. When the vendor charges the full amount authorized in the email the, the card will return to a zero balance until the next payment is authorized.

Is There a Cost to Participate in the Program?

The City of Pompano Beach does not charge vendors to participate in the program, however, there may be a charge by the company that processes your credit card transactions.

What are the Benefits of Receiving Payments by Credit Card?

Vendors that accept credit card payments are not subject to the City's payment terms of net 45 days. This will allow:

- Vendors to receive their payments sooner to use for day to day operations or investments.
- Vendors to quickly reduce outstanding Accounts Receivable balances.

- Vendors to reduce the cost of paper processing, employee time spent on preparing and making deposits and bank check processing fees.

Potential vendors may access more detailed information about the E-Payables Program at <http://www.bankofamerica.com/epayablesvendors>, including answers to "Frequently Asked Questions". Vendors may also contact the City's Finance Department at 954-786-4545.

Vendors submitting a proposal to the City should indicate in their response whether or not they would be willing to enroll in the City's E-Payables Program. Vendors ultimately awarded a contract with the City may contact the Finance Department at 954-786-4545 to enroll in the Program.
