

# MOBILE ALPR SPEED TRAILER

VETTED'S MOBILE ALPR SPEED TRAILER DELIVERS ROADSIDE VEHICLE INTELLIGENCE WHEN AND WHERE YOU NEED IT.

Designed to be rapidly deployed by a single officer, Vetted's Trailer combines the power of automated license plate recognition (ALPR) with speed capture and messaging. The Trailer can be quickly and easily deployed for short-and-long-term interdiction and investigatory efforts.

## AUTONOMOUS OPERATION

Vetted's Mobile ALPR Speed Trailer comes equipped with multiple power configurations to allow for fully autonomous and long-term operability. To provide maximum runtime, the Trailer contains four 200AH 4D deep cycle batteries in 24V configuration with 340W solar panel.

## PORTABLE AND EASY-TO-DEPLOY

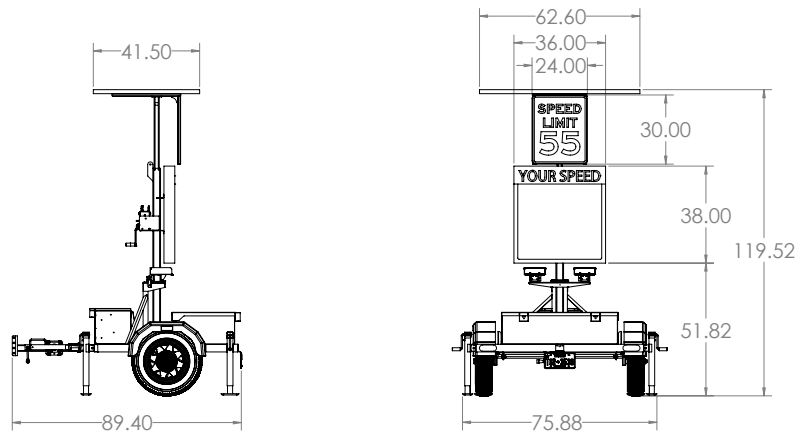

Compact and lightweight, the Trailer can easily be moved wherever the situation demands. Built with rapid, effortless deployment in mind, the Trailer utilizes a simple manual lever system to accommodate a single person setup scenario.

## DOT COMPLIANT DESIGN

The Trailer is roadside ready and employs a continuous welded steel frame design along with a white marine-grade powder coat finish to withstand the elements. Both the battery box and ALPR controls are enclosed in separate, vented and locked cabinets to improve safety and performance. The Trailer also comes with numerous safety features, such as recessed taillights and DOT approved lighting, white reflective tape and anti-slip coating on all accessible frame steel.

## PRODUCT DIMENSIONS:

## PRODUCT FEATURES:

### POWER & CONNECTIVITY

- 24V High Efficiency Battery system with 10-14 days runtime (depending on sunlight conditions)
- 10.1 High Brightness Monitor
- Ruggedized processor
- 4G/5G cell router and modem with External Cell Antenna (FIRSTNET Ready)
- 4 Staged Managed Smart Battery Charger
- External GPS puck
- Remote shutdown capabilities

### ALPR AND SPEED FUNCTIONALITY

- Two (2) Vigilant IR/Color ALPR Cameras
- ALPR monitoring software (Pricing to include yearly updates, license & maintenance)
- 18" Speed Displays of posted speed or custom message
- Optional CCTV Camera System

### DESIGN

- DOT-approved Trailer body
- Operates in 100% Relative Humidity
- Custom Built High Security Equipment Box with modular Equipment tray
- Custom Built High Security Battery Box
- Waterproof Keyboard with flip out design
- 1 YR Hardware Warranty with extended options available out to 5 years
