Vendor acknowledges and agrees that damages to County from untimely completion are extremely difficult to determine, and accordingly the Vendor agrees that the amount of liquidated damages provided for herein is the nearest and most exact measure of damages for such delays.
5. The County is authorized to deduct liquidated damage amounts from the monies due to Vendor for the work under this contract, or as much thereof as the County may, at its own option, deem just and reasonable.

K. Payment: The solicitation includes an allowance amount for the below items:

 - a. The allowance amount and scope of allowance is identified in the solicitation's Specifications and Requirements.
 - b. The allowance amount is an estimate only; payment is not guaranteed and is only paid based on actual costs incurred by the Vendor for the identified allowance.
 - c. The Contract Administrator or designee must authorize use of any allowances (per Specifications and Requirements) prior to Vendor incurring costs related to an allowance amount.

- d. No markup or additional fees are allowed on payment of allowance items. This includes, but is not limited to, overhead, profit, "runner's fees", etc.
- e. Allowances for Permit Fees: payment for permit fees does not include licenses, permit expediting services, re-inspection fees, and expired permit fees. Proof of permit fee(s) shall be submitted with Vendor's invoice for payment.
- f. Allowance for Parts on a Pass Thru: Vendor must charge the County the same invoice prices as it is charged by its suppliers. A copy of the Vendor's invoice(s) from supplier(s) for approved parts and materials shall be submitted with the Vendor's invoice for payment. In cases where the Vendor manufactures its own parts, Vendor will charge the County a price no higher than it charges its most favored customer.

GENERAL CONDITIONS

Quotation Requests and Invitations to Bid

These General Conditions apply to every Quotation Requests ("RFQs") and Invitations to Bid ("ITBs") (each a "solicitation") issued by Broward County (the "County") unless the County deletes, supersedes, or modifies any of these General Conditions for a particular solicitation by indicating such change in the Special Instructions to Vendors. Any modification to these General Conditions or the language of the solicitation by Vendor is prohibited, unenforceable, and may render Vendor's response nonresponsive. All references herein to the "Procurement Code" refer to Chapter 21 of the Broward County Administrative Code.

B. TERMS AND CONDITIONS OF THE SOLICITATION

1. Responses.

Vendors' responses must be submitted electronically through the County's designated electronic bidding system ("EBS"). It is Vendor's sole responsibility to assure its response is submitted and received through the EBS by the date and time specified in the solicitation. The County will not consider responses received by other means or after the time that solicitations are due. All timeframe references are in Eastern Time. The official time for electronic submittals is the EBS's servers, as synchronized with the atomic clock. Any response that seeks to modify or take exception to the official time shall be deemed nonresponsive.

The County is a public agency subject to Chapter 119, Florida Statutes. Unless otherwise expressly approved in advance in writing by the Purchasing Division, any material submitted in the Vendor's response will become a public document available for public inspection and copying pursuant to Section 119.071, Florida Statutes, and any claim of confidentiality or trade secret is waived with respect to any and all information included in the Vendor's response.

2. Withdrawal.

Unless otherwise expressly permitted under the Procurement Code, Vendors may not withdraw their responses after the deadline for responses to the solicitation before the expiration of 120 days after the date of opening responses to the solicitation. Any response that seeks to modify or take exception to this provision shall be deemed nonresponsive. Violation of this section may subject Vendor to suspension or debarment, and shall entitle the County to execute on Vendor's posted bid security.

3. Bid Opening (Invitations to Bid only).

All responses to Invitations to Bid shall be publicly opened in the public domain or as otherwise designated in the solicitation. The Purchasing Division will decrypt responses received in the EBS immediately following the deadline for bid responses.

4. Cancellation of Bids.

The Director of Purchasing may cancel a solicitation at any time before the deadline for responses.

5. Addenda.

The County reserves the right to amend this solicitation prior to the deadline for Vendor responses by issuing written addenda to the solicitation. If, upon review, a Vendor finds a non-clerical error in an addendum, that Vendor must contact the Purchasing Division immediately, prior to opening date, to allow the County to review the alleged error and to issue any clarification, if the County determines that a clarification is necessary. Responding vendors shall be responsible for obtaining and reviewing each addendum prior to the deadline for submission of responses to the solicitation. The terms of all addenda are included in the Terms and Conditions of the Solicitation.

6. Prices, Terms, and Payments.

All solicitation responses must include firm prices, which must include all handling, set up, shipping, and inside delivery charges to the destination specified in the solicitation, unless otherwise indicated in the solicitation.

(a) **Certification of Prices:** In submitting its response to this solicitation, Vendor certifies that the prices it is proposing are not higher than the prices at which Vendor sells the same goods and/or services in approximately similar quantities, under similar terms and conditions, to any other purchaser.

(b) **F.O.B. Destination:** Unless otherwise specified, prices shall be provided as F.O.B. Destination, with freight, fuel, and all other costs included.

(c) **Ties:** When two or more responding Vendors offer the same pricing, the Purchasing Division will break the tied responses in accordance with the applicable provisions of the Procurement Code.

(d) **Taxes:** The County is exempt from federal and Florida taxes on direct purchases of tangible property. The County's tax exemption number will appear on the County's purchase order. Vendor must pay all applicable sales, consumer, land use, or other similar taxes required by law.

(e) **Discounts:** Vendors may offer a cash discount for prompt payment, but such discounts will not be considered in determining the lowest net cost for evaluation purposes unless otherwise stated in the solicitation. In order to be considered for evaluation purposes, Vendors must reflect any applicable discounts in the unit prices submitted in their responses.

(f) **Mistakes:** Vendors are cautioned to examine all specifications, drawings, delivery instructions, unit prices, extensions, and all other special conditions pertaining to this solicitation. Failure to examine all pertinent documents shall not entitle vendors to relief from any provision or any requirement of this solicitation. Mathematical errors, other than in unit prices, may be deemed clerical errors and are subject to correction by the County at the County's sole discretion. If there is a mistake in the extension price (i.e., unit price multiplied by quantity), the unit price shall govern.

(g) **Ordering:** The County reserves the right to purchase the goods/services specified in the solicitation through contracts established by governmental agencies, consortiums, or other approved cooperatives, or through separate procurement actions conducted by the County. In addition, if the County requires delivery within a shorter period than the delivery time specified in the solicitation, and if the Contractor is unable to deliver by that time, the County may obtain such delivery from other sources without penalty or prejudice to the County. This solicitation is not for a requirements contract, and the County is not required to fulfill all of its needs for the goods/services at issue exclusively from the Contractor.

7. Awards.

If a specific basis of award is not established in the Special Instructions to Vendors, the award shall be to the lowest, responsive, and responsible Vendor. The County reserves the right to make separate award(s) to one or more Vendors for individual goods/services, groups of goods/services, or all or none or any combination thereof. When a group of goods/services is specified in the solicitation, Vendor must include prices for all items within the group in its response.

A Vendor desiring to offer "No Charge" on an item in a group of goods/services must so indicate by placing a \$0.00 in the offer field for that item, and enter "No Charge" in the "Notes for Buyer" section in the EBS. If a Vendor does not comply with these requirements, its response with respect to that group of goods/services will be deemed incomplete and may be rejected. However, if Vendor(s) do not offer all items within a group, the County may issue an award on one or more items on an item-by-item basis. When a group is indicated for variable quantities and the group shows evidence of unbalanced prices, such solicitation response may be rejected. The Director of Purchasing, or the Broward County Board of County Commissioners, whichever is applicable, reserves the right to waive technicalities and irregularities and to reject any or all responses.

8. Qualifications of Vendors.

The County will only award a contract to a Vendor that is normally engaged in providing the types of commodities, services, or construction specified herein. Responding Vendors must have adequate organization, facilities, equipment, and personnel to ensure prompt and efficient service to the County. The County reserves the right to inspect Vendor's facilities, equipment, personnel, and organization, or to take any other action necessary to determine Vendor's ability to perform in accordance with the solicitation's specifications, terms, and conditions. The County will determine whether the evidence of ability to perform is satisfactory, and reserves the right to reject responses and/or find any responding vendor non-responsible where evidence or evaluation is determined to indicate insufficient capacity or ability to perform. The County may also consider a responding Vendor's history of any and all types of citations, orders, judgments, and/or violations, including those relating to suspensions, debarments, or environmental regulations, in determining responsibility. Responding Vendors must submit with their response a complete history of all citations and/or violations notices and dispositions thereof. Failure of the successful Vendor to submit such information may be grounds for rejection of Vendor's response or termination of Vendor's contract. Vendor shall notify

the County immediately of notice of any citations, orders, judgments, or violations not included in Vendor's response that occur at any time period prior to expiration of the contract.

9. Affiliated Companies Entities of the Principal(s).

To ensure Vendor has the capability to fully perform the contract requirements, as well as the integrity and reliability that will ensure good faith performance, each Vendor must disclose in its response the names and addresses of entities with whom the principal(s) of Vendor have been affiliated at any time in the five (5) years preceding the date the solicitation was posted. Affiliated entities of the principal(s) are those entities related to Vendor by the sharing of stock or other means of control, including but not limited to a subsidiary, parent, or sibling entity.

10. Resolution of Protested Solicitations and Proposed Awards.

In accordance with Sections 21.65 through 21.67 of the Broward County Procurement Code, if a Vendor intends to protest a solicitation or proposed award of a contract the following shall apply:

(a) Any protest concerning the solicitation's specifications or requirements (or any addendum thereto) must be received by the County within five (5) business days after the solicitation or addendum is posted on the EBS.

(b) Any protest concerning a proposed award or ranking must be received by the Director of Purchasing within five (5) business days after the proposed award or ranking is posted on the EBS.

(c) The protest must be made in writing to the Director of Purchasing, and must specify the grounds for protest in accordance with Section 21.66 of the Procurement Code.

(d) For purposes of this section, a business day is defined as Monday through Friday between 8:30 a.m. and 5:00 p.m., except County holidays. Failure to timely file a protest within the timeframes specified shall constitute a waiver of the right to protest.

(e) As a condition of initiating any protest, the protestor shall present the Director of Purchasing with a filing fee. The filing fee shall be calculated based on the estimated contract amount. For purposes of the protest, the estimated contract amount shall be the contract amount submitted by the protestor. If no contract amount was submitted, the estimated contract amount shall be the County's estimated contract price for the project. The County will accept money order, certified check, or cashier's check, payable to Broward County Board of County Commissioners. The filing fee will be refunded if the protestor prevails in the protest. The filing fees are as follows:

Estimated Contract Amount	Filing Fee
Mandatory Bid Amount up to \$250,000	\$500
\$250,001 - \$500,000	\$1,000
\$500,001 - \$5 million	\$3,000
Over \$5 million	\$5,000

11. Public Entity Crimes & Public Business Discrimination.

Vendor represents that the submission of its response to this solicitation does not violate the Public Entity Crimes Act, Section 287.133, Florida. Vendor represents that it has not been placed on the "discriminatory vendor list" as provided in Section 287.134, Florida Statutes, and that it is not a "scrutinized company" pursuant to Section 215.473, Florida Statutes. Vendor represents and certifies that it is not ineligible to contract with the County on any of the grounds stated in Section 287.135, Florida Statutes. Violation of this section shall result in cancellation of Vendor's contract, and may result in suspension and/or debarment.

12. Prohibited Telecommunications Equipment.

Vendor represents and certifies that it and its applicable subcontractors do not use any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, as such terms are used in 48 CFR §§ 52.204-24 through 52.204-26. Vendor represents and certifies that, if awarded this solicitation, Vendor and its applicable subcontractors shall not provide or use such covered telecommunications equipment, system, or services for the duration of any contract resulting from this solicitation.

13. Criminal History Screening Practices.

By submission of its response to this solicitation, Vendor represents and certifies that it has implemented, or will implement upon award of the contract, policies, practices, and procedures regarding inquiry into the criminal history of an applicant for employment, including a criminal history background check of any such person, that preclude inquiry into an applicant's criminal history until the applicant is selected as a finalist and interviewed for the position.

14. Construction Apprenticeship Program (Construction Contracts only).

If the solicitation is for a construction contract as defined in Section 26-9 of the Broward County Code of Ordinances, Vendor represents and certifies that it shall comply for the duration of the contract, if awarded, with Sections 26-8 through 26-11 of the Broward County Code of Ordinances regarding the Construction Apprenticeship Program.

15. State of Florida Division of Corporations Requirements.

Vendor must comply with all state and local business licensing requirements. All corporations, partnerships, and other business entities must have the authority to transact business in the State of Florida and must be in good standing with the Florida Secretary of State before responding to this solicitation. For further information, contact the Florida Department of State, Division of Corporations. A Vendor that does not comply with the provisions of this section may be deemed nonresponsive to the solicitation.

16. Cone of Silence Ordinance (Invitations to Bid).

The Cone of Silence Ordinance, Section 1-266, Broward County Code of Ordinances, provides that for certain time periods, Vendors and their representatives may not communicate regarding the solicitation with any County Commissioner or their staff, the County Administrator, Deputy County Administrator, Assistant County Administrator, Assistants to the County Administrator, their respective support staff, or any staff person that will evaluate solicitation responses or recommend selection in this solicitation process. However, Vendors may communicate with a representative of the Office of Economic and Small Business Development ("OESBD") (telephone (954) 357-6400) at any time regarding a solicitation or regarding participation of Small Business Enterprises or County Business Enterprises in a solicitation. The Cone of Silence also permits communication with certain other County employees (for more information, refer to Section 1-266, Broward County Code of Ordinances).

(a) The Cone of Silence shall be in effect for any County Commissioner or the Commissioner's staff, commencing at the time of the opening of responses to the solicitation.

(b) The Cone of Silence shall be in effect for the County Administrator, Deputy County Administrator, Assistant County Administrator, Assistants to the County Administrator, their respective support staff, and any person that will evaluate solicitation responses or recommend selection in this solicitation process, commencing at the time of advertisement for the solicitation.

(c) The Cone of Silence terminates when the County Commission or other awarding authority takes action that concludes the solicitation.

(d) Any violations of the Code of Silence Ordinance by any representative of Vendor, including owner, employee, consultant, lobbyist, or actual or potential subcontractor or subconsultant, may be reported to the County's Office of Professional Standards. If the Office of Professional Standards determines that a violation has occurred, a fine shall be imposed against Vendor as provided in the Broward County Code of Ordinances. Additionally, a determination of violation shall render any award to a Vendor who is found to have violated the Cone of Silence Ordinance voidable, at the sole discretion of the Broward County Board of County Commissioners.

17. Contingency Fees.

By submission of this solicitation response, Vendor certifies it has not paid and will not pay any contingency fees (sometimes known as a finder's fee) to any person or organization, other than a bona fide employee working solely for Vendor, to secure a contract made pursuant to this solicitation. Violation of this policy may result in termination of any resultant contract and/or possible suspension and/or debarment of Vendor. This provision does not apply to fees paid to an insurance broker in connection with a solicitation to provide insurance coverage to the County.

18. Local Business Tax Receipt Requirements.

All Vendors maintaining a business address within Broward County must have a current Broward County Local Business Tax Receipt issued by the Broward County Records, Taxes and Treasury Division prior to recommendation

for award. Vendors that do not have such a license may be deemed nonresponsive to this solicitation. For further information on obtaining or renewing a Local Business Tax Receipt, contact the Records, Taxes and Treasury Division at (954) 357-6200.

19. Dun & Bradstreet Report Requirement.

The County may review any Vendor's Dun & Bradstreet rating and payment performance to assist in determining a Vendor's responsibility regarding this solicitation.

20. Samples.

Samples or drawings, when required, shall be provided to the County free of charge. If not mutilated or destroyed in the examination, Vendor will be notified to remove same at their expense. If samples are not removed within thirty (30) calendar days after written notice to Vendor, they shall be considered as abandoned, and the County shall have the right to dispose of them as its own property.

21. "Or Equal" Clause.

Whenever a material, article or piece of equipment is identified in the solicitation by reference to a manufacturer or vendor name, trade name, catalog number, or otherwise, any such reference is intended merely to establish a standard; and, unless such identification is followed by the words "no substitution is permitted," any material, article, or piece of equipment of any other manufacturer or vendors that will perform or serve the requirements of the solicitation will be considered equally acceptable, provided that the material, article, or piece of equipment so proposed is, in the sole opinion of the County, equal in substance, quality, and function to the material, article, or piece of equipment specified in the solicitation.

22. Procurement Code.

The Procurement Code, Chapter 21 of the Broward County Administrative Code, is applicable to this solicitation, and can be obtained from the Purchasing Division's website at: www.broward.org/purchasing.

23. Legal Requirements.

Applicable provisions of all federal, state, and local laws, ordinances, rules, and regulations, including the Procurement Code, shall govern development, submittal, and evaluation of responses to this solicitation, and shall govern any and all claims and disputes that may arise between Vendor(s) and the County or its officers, employees, and/or authorized representatives. Lack of knowledge by any Vendor of any applicable law, rule, or regulation shall not constitute a recognizable defense against the legal effect thereof.

C. TERMS AND CONDITIONS OF CONTRACT

1. Contract Period.

The contract period shall start and terminate as indicated in the solicitation's Special Instructions to Vendors. If no contract period is stated in the Special Instructions to Vendors, the contract period shall start upon the date of award and end three (3) years later, unless extended by the Director of Purchasing, who may extend the contract period for up to two (2) additional one (1) year terms upon written notice to Contractor at least thirty (30) days prior to the expiration of the then-current term. The contract period shall not exceed a total of five (5) years, unless extended pursuant to action by the Broward County Board of County Commissioners. The continuation of this contract beyond the end of any County fiscal year is subject to both the appropriation and the availability of funds in accordance with Chapter 129, Florida Statutes.

If the Director of Purchasing determines, in their sole and absolute discretion, to extend the contract as set forth above, which determination may be based on Contractor's satisfactory performance and the Director of Purchasing's determination that renewal is in the best interest of the County, the County will provide Contractor with notice of the County's intent to extend in advance of the contract expiration date. All prices, terms, and conditions of the contract

shall remain firm for any extension period unless subject to price adjustment expressly stated in the solicitation. If the Director of Purchasing does not extend the contract, Contractor nonetheless shall, if directed in writing by the Director of Purchasing, continue contract performance for a period not exceeding ninety (90) days beyond the contract expiration date. Contractor shall be compensated for such continued contract performance at the rate in effect when the Director of Purchasing directed Contractor to continue performance beyond the contract expiration date.

2. Orders and Quantities.

Unless the solicitation states a fixed quantity to be purchased, no guarantee is expressed or implied as to the total quantity of goods/services to be purchased under any open-end contract. Solicitations for open-end contracts may state estimated quantities, but such estimated quantities are not a representation of the amount to be purchased. The County reserves the right to issue purchase orders on this solicitation as and when required; or issue a blanket purchase order for individual agencies and release partial quantities; or issue instructions for use of direct purchase orders by various County agencies; or do any combination of the foregoing. No delivery shall become due or be acceptable without a written purchase order and shipping instruction by the County, unless otherwise expressly provided in the solicitation. Such order will contain the quantity, time of delivery, and other pertinent data. However, for items required immediately, the County may place an order electronically (which may include by email), with subsequent confirmation by a written purchase order.

For solicitations stating fixed quantities, purchase order(s) for the quantities stated in the solicitation will be issued to the Contractor after notification of award and receipt of all required documents. The County may order additional quantities of up to an additional twenty percent (20%) of the originally specified quantities at any time prior to the expiration of one (1) year after the date of award; if so ordered by the County, Contractor must furnish such additional quantities at the same prices, terms, and conditions as stated in the solicitation.

3. Invoice and Payment.

Contractor may submit invoices for payment no more often than on a monthly basis, but only after the goods or services for which the invoices are submitted have been delivered or completed. If Contractor utilizes a subcontractor for any goods or services relating to the contract, Contractor must submit a Certification of Payments to Subcontractors and Suppliers with each invoice in the form provided by the County. Contractor must pay subcontractors and suppliers within fifteen (15) days following receipt of payment from the County for such subcontracted work or supplies. The certification shall be accompanied by a copy of the notification sent to each unpaid subcontractor listed on the form, if any, explaining the good cause why payment has not been made to that subcontractor.

The County shall pay for all goods and services received and accepted by the County in accordance with the Local Government Prompt Payment Act, Section 218.70, Florida Statutes, and the Prompt Payment Policy, Section 1-51.6, of the Broward County Code of Ordinances. All applications for payment shall be submitted to the address indicated in the purchase order. The County will pay Contractor after receipt, acceptance, and proper invoice is received. Invoices must bear the purchase order number. The County will only accept and pay for deliveries made by Contractor within the contract period, including any extensions or continued performance as directed by the Director of Purchasing.

4. Termination.

(a) **Availability of Funds:** In the event funds for this contract are not made available or otherwise allocated by the Broward County Board of County Commissioners, the County may terminate this contract upon thirty (30) days prior written notice to Contractor without penalty or liability for such termination. The Broward County Board of County Commissioners shall be the final authority as to availability of funds and how such available funds are to be allotted and expended.

(b) **Nonperformance:** The County may terminate the contract for cause if Contractor is in breach and does not correct the breach within ten (10) days after written notice from the County Contract Administrator identifying the breach. Cause for termination shall include, but not be limited to, failure to suitably perform the work; failure to

suitably deliver goods in accordance with the specifications and instructions in this solicitation; failure to continuously perform the work in a manner calculated to meet or accomplish the objectives of the County as set forth in this solicitation; or multiple breaches of the provisions of this contract notwithstanding whether any breach was previously waived or cured. The County's election not to enforce any particular breach(es) shall not constitute a waiver its right to enforce such breach(es).

(c) **For Convenience:** The County may terminate the contract for convenience upon no less than thirty (30) days written notice. In the event the contract is terminated for convenience, Contractor shall be paid for any goods properly delivered and services properly performed to the date the contract is terminated. However, upon being notified of the County's election to terminate, Contractor shall cease any deliveries, shipment, or carriage of goods, and refrain from performing further services or incurring additional expenses under the terms of the contract, unless directed otherwise in writing by the County. In no event will payment be made for lost or future profits or damages for Contractor's reliance on continued performance of the contract beyond the date of termination for convenience. Contractor acknowledges and agrees that it has received good, valuable, and sufficient consideration from the County for the County's right to terminate this contract for convenience, the receipt and adequacy of which are hereby acknowledged.

5. Conditions and Packaging.

Unless otherwise stated in the solicitation, or specifically ordered from an accepted price list, deliveries must consist only of new and unused goods and must be the current standard production model available at the time of Contractor's response. The goods must be suitably packaged for shipment by common carrier. Each container, or multiple units or items otherwise packaged, must bear a label or otherwise legible marking stating the name of Contractor (or the manufacturer or supplier), the purchase order number, and any other information required by the solicitation's specifications.

6. Safety Standards.

Unless otherwise specified in the solicitation, all manufactured items and fabricated assemblies shall comply with applicable requirements of the Occupational Safety and Health Act ("OSHA") and all standards thereunder. All sources of energy associated with machinery/equipment purchased shall be capable of being "locked-out" in accordance with OSHA 29 CFR 1910.147, Hazardous Energy Control. In compliance with OSHA 29 CFR 1910.1200, Hazard Communication Standard, and Chapter 442, Florida Statutes, Occupational Safety and Health, any chemical substance delivered from a contract resulting from this solicitation must be compliant with the Global Harmonized System ("GHS") for Hazard Communication accompanied by a Safety Data Sheet ("SDS") consisting of 16 sections. An SDS shall also be submitted to the Broward County Risk Management Division, 115 South Andrews Avenue, Room 218, Fort Lauderdale, FL 33301-1803.

7. Rejection of Nonconforming Items.

The County may withhold acceptance of, or reject any items that the County determines do not meet the specification requirements of the solicitation. Upon written notice from County, Contractor must remove the rejected items at its own expense within five (5) calendar days after the County's notice of rejection and then replace them at its own expense with items that meet the specification requirements of the solicitation. Any items not removed by Contractor within thirty (30) days after the County's notice of rejection shall be considered abandoned, and the County may dispose of them in any manner it sees fit. The County shall not be required to give written notice of rejection with respect to foodstuffs or medication. With respect to foodstuffs and medication, the County may provide verbal notification of rejection, in response to which Contractor must immediately remove and replace the rejected goods at its sole expense. Contractor's failure to provide conforming items, failure to meet the timeframes for removal and replacement specified in this section may result in Contractor being found in breach of contract.

8. Inspection, Acceptance, and Title.

Inspection and acceptance will be at the delivery destination specified in the solicitation, unless otherwise stated in the purchase order. Title and risk of loss or damage to all items shall be the responsibility of Contractor until such items are accepted by the County.

9. Governmental Restrictions and Prohibited Covered Telecommunications Equipment.

In the event any applicable law or regulation requires substitution of the goods or services required by the solicitation (or alteration of the material quality, workmanship, or performance of such goods or services) prior to delivery of same, Contractor must immediately notify the County in writing of the specific law or regulation requiring such substitution or alteration. The County reserves the right to accept any such substitution or alteration, including any price adjustments occasioned thereby, or to terminate the contract without liability and at no further expense to the County. For the duration of the contract, neither Vendor nor its subcontractors shall use any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, as such terms are used in 48 CFR §§ 52.204-24 through 52.204-26. Additionally, Vendor represents and certifies that if Vendor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during the term of the Contract, or if Vendor is notified of such by a subcontractor at any tier or by any other source, Vendor shall promptly report the information in 48 CFR § 52.204-25(d)(2) to County.

10. Insurance.

Contractor shall, at its sole expense, maintain the minimum insurance coverages required in the solicitation in accordance with the terms and conditions of this article. Contractor shall maintain insurance coverage against claims relating to any act or omission by Contractor, its agents, representatives, employees, or subcontractors in connection with this contract. Contractor shall ensure that "Broward County" is listed and endorsed as an additional insured on all required policies. Contractor shall ensure that all required insurance coverages remain in full force and effect for the duration of this contract and until all performance required by Contractor has been completed. Contractor shall ensure that all required insurance policies are issued by insurers: (1) assigned an A. M. Best rating of at least "A-" with a Financial Size Category of at least Class VII; (2) authorized to transact insurance in the State of Florida; or (3) a qualified eligible surplus lines insurer pursuant to Section 626.917 or 626.918, Florida Statutes, with approval by the County's Risk Management Division. Contractor shall be solely responsible for and shall pay any deductible or self-insured retention applicable to any claim against the County. Unless prohibited by the applicable policy, Contractor waives any right to subrogation that any of Contractor's insurers may acquire against the County, and agrees to obtain same in an endorsement of Contractor's insurance policies.

11. Indemnification.

(a) Contracts other than construction contracts (as defined in Section 725.06, Florida Statutes):

Contractor shall indemnify, hold harmless, and defend the County and all of the County's current, past, and future officers, agents, servants, and employees (collectively, "Indemnified Party") from and against any and all causes of action, demands, claims, losses, liabilities, and expenditures of any kind, including attorneys' fees, court costs, and expenses, including through the conclusion of any appellate proceedings, raised or asserted by any person or entity not a party to this contract, and caused or alleged to be caused, in whole or in part, by any intentional, reckless, or negligent act or omission of Contractor, its officers, employees, agents, or servants, arising from, relating to, or in connection with this contract (collectively, a "Claim"). **Bid Bond, Bid Guaranty, Performance and Payment Guaranties,
and Qualifications of Surety Requirements**

- A. **Bid Bond:** A Vendor must submit with its response a bid bond in the form of the County's approved Bid Bond Form, including all substantive terms set forth therein, which shall be executed by a surety company meeting the Qualifications of Surety Requirements. Failure to submit a bid bond by the solicitation due date and time, and in accordance with instructions will deem Vendor non-responsive. A copy of the County-approved [Bid Bond Form](#) may be found at: www.broward.org/Purchasing/Pages/StandardTerms.aspx, under the section "Standard Guaranty and Bond Forms".
- B. **Bid Guaranty:** In lieu of a bid bond, the following will be acceptable: cash, money order, certified check, cashier's check, an original [Bid Guaranty – Unconditional Letter of Credit](#), treasurer's check or bank draft of any national or state bank (United States). A personal check or a company check of a Vendor is not a valid bid guaranty.
1. The bid guaranty shall be in an amount equal to five percent (5%) of the total price offered, payable to the Board of County Commissioners and conditioned upon the successful Vendor providing the Performance and Payment Guaranty, evidence of insurance, or any other requirements set forth within the solicitation, within 10 calendar days after notification of award of the contract.
 2. Guaranty of the successful Vendor shall be forfeited to the Board of County Commissioners not as a penalty, but as liquidated damages for the cost and expense incurred should said Vendor fail to provide the required Performance and Payment Guaranty or Certificate of Insurance or fail to comply with any other requirements set forth in the solicitation. Upon request, bid guaranties of unsuccessful vendors will be returned after award of contract or expiration of bid validity.
 3. Vendors must either submit an electronic bid bond through Periscope S2G or submit an original bid guaranty to the Purchasing Division, by solicitation due date and time, or Vendor may be deemed non-responsive.
 - a. To submit an electronic bid bond, Vendor must submit through Periscope S2G, using [Surety 2000](#). Vendors, bonding agents, and surety companies must register with Surety 2000 to use the service; contact [Surety 2000](#) to find out information regarding their service (www.surety2000.com or 800-660-3263).
 - i. The Vendor must provide their bonding agent with Broward County's vendor identification number for Surety 2000 (P06145037) and its "Supplier identifier" number. The Vendor's individual Supplier identifier number is available on the Details tab in Periscope S2G (Bid Bond: See bid bond information).
 - ii. The bonding agent can then provide a Bid Bond Number for the Vendor to import into Periscope S2G.
 - iii. For detailed instructions on submitting an electronic bid bond, visit Vendor Registration page at www.broward.org/Purchasing/Pages/Registration.aspx and select "How to Submit an electronic bid bond?"
 - iv. Broward County reminds Vendors to allow enough time to secure a bid bond and submit electronically in case there are any errors or issues. If there are errors during the import process, check all identification numbers. Contact Surety 2000 for additional assistance.
 - v. An original bid bond will not be required when the bid bond is submitted electronically through Surety 2000.
 - b. To submit an original bid guaranty, in lieu of submitting an electronic bid bond through Periscope S2G, Vendor must submit an original bid guaranty in a sealed envelope, with the solicitation number, solicitation title, date and the time of bid opening, and address listed on the envelope. A copy of the bid guaranty should also be uploaded into Periscope S2G; this does not replace the requirement to have an original bid guaranty. Vendors must submit the original bid guaranty, by the solicitation due date and time, to:

Broward County Purchasing Division 115
South Andrews Avenue, Room 212Fort
Lauderdale, FL 33301

C. **Performance and Payment Guaranties:** within 10 calendar days of being notified of the award of contract, Vendor shall furnish the referenced Performance Bond and a Payment Bond containing all the provisions of the Performance Bond Form and Payment Bond Form. A party may be debarred for failure of a vendor awarded a contract to provide the required bonds within ten (10) days after demand therefor by the Purchasing Division.

1. The bonds shall be in the amount of one hundred percent (100%) of the contract amount guaranteeing to County the completion and performance of the work covered in such Contract as well as full payment of all suppliers, material men, laborers, or subcontractors employed pursuant to this project. Such bond(s) shall be with a surety company which is qualified pursuant to the section, Qualifications of Surety.
2. Each bond shall continue in effect for one year after completion and acceptance of the work with liability equal to one hundred percent (100%) of the Contract price, or an additional bond shall be conditioned that the Vendor will upon notification by the County, correct any defective or faulty work or materials which appear within one year after completion of the Contract.
3. Pursuant to the requirements of Section 255.05(1), Florida Statutes, Vendor shall ensure that the bonds referenced above shall be recorded in the public records of Broward County and provide County with evidence of such recording.
4. In lieu of the performance and payment bond, Vendor may furnish an alternate of security which may be in the form of cash, money order, certified check, cashier's check or an original Irrevocable Letter of Credit as reflected on the County's form. Such alternate forms of security shall be for the same purpose and shall be subject to the same conditions as those applicable above and shall be held by the County for one year after completion and acceptance of the work.
5. The Vendor is required at all times to have valid Performance and Payment Guaranties (or other approved security) in force covering the work being performed.
6. The Vendor agrees to keep such Guaranties (or other security) in effect for the duration of the contract. If the contract is extended or renewed, it shall be subject to the same bonding (or other approved security) requirements.

D. **Qualifications of Surety Requirements:** A bid bond performance bond, and payment bond must be executed by a surety company of recognized standing, authorized to do business in the State of Florida, having a resident agent in the State of Florida, and having been in business with a record of successful continuous operation for at least five years.

Further, the surety company shall provide the County with evidence satisfactory to the County, that such excess risk has been protected in an acceptable manner.
 - b. The surety company shall hold a current Certificate of Authority with the Florida Office of Insurance Regulation.
 - c. The surety company shall have at least the following minimum ratings:

2. For projects which do not exceed \$500,000, the County shall accept a Bid Bond and Performance and Payment Bond from a surety company which has twice the minimum surplus and capital required by the Florida Office of Insurance Regulation at the time the solicitation is issued, if the surety company is otherwise in compliance with the provisions of the Florida Insurance Code, and if the surety company holds a currently valid Certificate of Authority issued by the United States Department of the Treasury under Section 9304 to 9308 of Title 31 of the United States Code.
3. If the surety company fails to meet the minimum standards, a bond from a surety that meets the minimum standards must be provided to satisfy the bonding requirements.

HIGHWAY CONSTRUCTION PROJECTS

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.95 for calendar year 2021 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.95 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2021. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher than the conformed wage rate). The EO minimum wage rate will be adjusted annually. Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60). Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including

preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

Summary of Vendor Rights Regarding Broward County Competitive Solicitations

The purpose of this document is to provide vendors with a summary of their rights to object to or protest a proposed award or recommended ranking of vendors in connection with Broward County competitive solicitations. These rights are fully set forth in the Broward County Procurement Code, which is available here: <https://www.broward.org/purchasing>.

1. Right to Object

The right to object is available for solicitations conducted through Requests for Proposals ("RFPs"), Requests for Letters of Interest ("RLIs"), or Requests for Qualifications ("RFQs"). In such solicitations, vendors may object in writing to a proposed recommendation of ranking made by an Evaluation Committee. Objections must be filed within three (3) business days after the proposed ranking is posted on the Purchasing Division's website. The contents of an objection must comply with the requirements set forth in Section 21.42(h) of the Procurement Code. Failure to timely and fully meet any requirement will result in a loss of the right to object.

2. Right to Protest

The right to protest is available for RFPs, RLIs, or RFQs and in solicitations conducted through Invitations to Bid ("ITBs") with a value equal to or greater than the Mandatory Bid Amount (i.e. \$100,000). In RFPs, RLIs, or RFQs, vendors may protest a proposed ranking made by an Evaluation Committee. In ITBs, vendors may protest a proposed award.

In all cases, protests must be filed in writing within five (5) business days after a proposed award or ranking is posted in Purchasing Division's website. Additional requirements for a protest are set forth in Part X of the Broward County Procurement Code. Failure to timely and fully meet any requirement will result in a loss of protest rights.

Vendors may appeal the denial of a protest. Appeals may require payment of an appeal bond. Additional requirements for an appeal are set forth in Part XII of the Broward County Procurement Code. Failure to timely and fully meet any requirement will result in a loss of appeal rights.

3. Cone of Silence: Right to Contact OESBD

Please be aware that a Cone of Silence remains in effect for competitive solicitations until a solicitation is completed or a contract is awarded. During that time period, vendors may not contact certain County officials and employees regarding a solicitation. Substantial penalties may result from even an unintentional violation. For further information, please contact the Purchasing Division at 954-357-6066 or refer to the Cone of Silence Ordinance which is available here: <http://www.broward.org/Purchasing/Documents/ConeofSilence.pdf>

Vendors may communicate with a representative of the Office of Economic and Small Business Development ("OESBD") at any time regarding a solicitation or regarding participation of Small Business Enterprises or County Business Enterprises in a solicitation. OESBD may be contacted at (954) 357-6400. The Cone of Silence also permits communication with certain other County employees (please see the Cone of Silence Ordinance at the above link for further details).

Insurance Requirements: (Refer to the Insurance Requirement Form)

- A. The insurance requirement designated in the Insurance Requirement Form indicates the minimum coverage required for the scope of work, as determined by the Risk Management Division. Vendor shall provide verification of compliance such as a Certificate of Insurance, or a letter of verification from the Vendor's insurance agent/broker, which states the ability of the Vendor to meet the requirements upon award. The verification must be submitted within three business days of County's request. Vendor may be deemed non-responsive for failure to fully comply within stated timeframes. Final award shall be subject to receipt and acceptance by the County of proof of meeting all insurance requirements of the bid. A party may be debarred for failure of a vendor awarded a contract to provide the required insurance within ten (10) days after demand therefor by the Purchasing Division.
- B. Without limiting any of the other obligations or liabilities of Vendor, Vendor shall provide, pay for, and maintain on a primary basis in force until all of its work to be performed under this Contract has been completed and accepted by County (or for such duration specified), at least the minimum insurance coverage and limits set forth in the Insurance Requirement Form under the following conditions listed below. If a limit or policy is not indicated on Insurance Requirement certificate by a checked box, it is not required as a condition of this contract.
1. Commercial General Liability with minimum limits per occurrence, combined single limit for bodily injury and property damage, and when indicated a minimum limit per aggregate. County is to be expressly included as an Additional Insured in the name of Broward County arising out of operations performed for the County, by or on behalf of Vendor, or acts or omissions of Vendor in connection with general supervision of such operation. If Vendor uses a subcontractor, then Vendor shall require that subcontractor names County as an Additional Insured.
 2. Business Automobile Liability with minimum limits per occurrence, combined single limit for bodily injury and property damage. Scheduled autos shall be listed on Vendor's certificate of insurance. County is to be named as an additional insured in the name of Broward County.

Note: Insurance requirements for Automobile Liability are not applicable where delivery will be made by a third party carrier. All vendors that will be making deliveries in their own vehicles are required to provide proof of insurance for Automobile Liability and other pertinent coverages as indicated on the Insurance Requirement certificate, prior to award. If deliveries are being made by a third party carrier, other pertinent coverages listed on the Insurance Requirement certificate are still required.

Vendor should indicate how product is being delivered:

Vendor Name:

Company Vehicle: ☐ Yes or ☐ No

If Common Carrier (indicate carrier):

Other:

3. Workers' Compensation insurance to apply for all employees in compliance with Chapter 440, the "Workers' Compensation Law" of the State of Florida and all applicable federal laws. The policy must include Employers' Liability with minimum limits each accident. If any operations

are to be undertaken on or about navigable waters, coverage must be included for the U.S. Longshoremen & Harbor Workers Act and Jones Act.

4. Excess Liability/Umbrella Insurance may be used to satisfy the minimum liability limits required; however, the annual aggregate limit shall not be less than the highest "each occurrence" limit for the underlying liability policy. Vendor shall endorse County as an Additional Insured unless the policy provides coverage on a pure/true "Follow-form" basis.
5. Builder's Risk or equivalent coverage (such as Property Insurance or Installation Floater) is required as a condition precedent to the issuance of the Second Notice to Proceed for projects involving but not limited to: changes to a building's structural elements, work compromising the exterior of the building for any extended period of time, installation of a large single component, or remodeling where the cost of remodeling is 20% or more the value of the property. Coverage shall be, "All Risks" Completed Value form with a deductible not to exceed Ten Thousand Dollars (\$10,000.00) each claim for all perils except for wind and flood.
6. For the peril of wind, the Vendor shall maintain a deductible that is commercially feasible which does not exceed five percent (5%) of the value of the Contract price. Such Policy shall reflect Broward County as an additional loss payee.
7. For the peril of flood, coverage must be afforded for the lesser of the total insurable value of such buildings or structures, and the maximum amount of flood insurance coverage available under the National Flood Program. Vendor shall maintain a deductible that is commercially feasible and does not exceed five percent (5%) of the value of the Contract price. Such Policy shall reflect Broward County as an additional loss payee.
8. The County reserves the right to provide Property Insurance covering the Project, materials, equipment and supplies intended for specific installation in the Project while such materials, equipment and supplies are located at the Project site, in transit, or while temporarily located away from the Project site. This coverage will not cover any of the Vendor's or subcontractors' tools, equipment, machinery or provide any business interruption or time element coverage to the Vendor(s).
9. If the County decides to purchase Property Insurance or provide for coverage under its existing insurance policy for this Project, then the insurance required to be carried by the Vendor may be modified to account for the insurance being provided by the County. Such modification may also include execution of Waiver of Subrogation documentation.
10. In the event that a claim occurs for this Project and is made upon the County's insurance policy, for other than a windstorm, Vendor will pay at least Ten Thousand Dollars (\$10,000.00) of the deductible amount for such claim.
11. Waiver of Occupancy Clause or Warranty: Policy must be specifically endorsed to eliminate any "Occupancy Clause" or similar warranty or representation that the building (s), addition(s) or structure(s) in the course of construction shall not be occupied without specific endorsement of the policy. The Policy must be endorsed to provide that the Builder's Risk coverage will continue to apply until final acceptance by County.
12. Pollution Liability or Environmental Impairment Liability: including clean-up costs, with minimum limits per claim, subject to a maximum deductible per claim. Such policy shall remain in force for the minimum length of time indicated, include an annual policy aggregate and name Broward County as an Additional Insured. Vendor shall be responsible for all deductibles in the event of a claim.
13. Professional Liability Insurance with minimum limits for each claim, subject to a maximum deductible per claim. Such policy shall remain in force for the minimum length of time indicated. deductibles in the event of a claim. The deductible shall be indicated on the Vendor's Certificate of Insurance.

- C. Coverage must be afforded on a form no more restrictive than the latest edition of the respective policy form as filed by the Insurance Services Office. If the initial insurance expires prior to the completion and acceptance of the Work, renewal certificates shall be furnished upon expiration. County reserves the right to obtain a certified copy of any insurance policy required by this Section within fifteen (15) calendar days of a written request by County.
- D. Notice of Cancellation and/or Restriction: the policy(ies) must be endorsed to provide Broward County with at least thirty (30) days' notice of cancellation and/or restriction.
- E. The official title of the Certificate Holder is Broward County. This official title shall be used in all insurance documentation.
- F. Broward County's Risk Management Division reserves the right, but not the obligation, to review and revise any insurance requirements at the time of contract renewal and/or any amendments, not limited to deductibles, limits, coverages and endorsements based on insurance market conditions affecting the availability or affordability of coverage; or changes in the scope of work/specifications affecting the applicability of coverage.
