Annual/Continuing Service Contracts

Annual/Continuing Service contracts are awarded for a 3 year term.

The two types of annual contracts are design contracts which are consultants selected through the CCNA process, and construction contracts which are competitively bid.

The Engineering Department's current annual contracts (design & construction) are listed here along with their Board of County Commissioners' resolution numbers.

Engineering Department Annual/Continuing Service Contracts are posted below.

In accordance with the provisions of the ADA, any documents may be requested in an  [alternative format here](#).
