remainder of the truck orders from FY14 that were not available due to the Manufacturer re-tooling for the 2015 Models and that the 2014 models were no longer available at that time. In the research of the specifications for these HD 4x2 Trucks, they are available from the Manufacturer as Flex Fuel (E-85) alternative type fuel vehicles. These trucks are utilized for Irrigation maintenance, carpentry maintenance, and fleet maintenance services and are crucial to their daily operational requirements and are utilized for road service and other various emergency operations. The current in service trucks are #5218 – 1994 Ford F250 Utility Truck, #5708 - 1997 Ford F250 Utility Truck, and #7107 – 1997 Ford F250 Utility Truck, and will be disposed for surplus.

# FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

#### 3/4 TON PICKUP TRUCK - 4X2 SPECIFICATION #49

#### 2015 Chevrolet Silverado 2500 HD (CC25903)

The Chevrolet Silverado 2500 HD (CC25903) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$22,327.00	\$22,227.00	\$21,827.00	\$21,958.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.
