RE: Backflow Assembly Test Due at 123 Main Street, Hollywood, FL

Dear Water Customer,

Several weeks ago, you were notified that the backflow assembly(s) at the property listed above was due to be tested per State of Florida regulations by November 27, 2015. Annual backflow testing is vital in ensuring the safety of our water resources. As of today, we have not received the required certification, which means you are now **OVERDUE**.

Size	Manufacturer	Model	Serial Number	Hazard	Location
1"	Febco	860	H07692	Irrigation	NE corner

You are responsible for hiring a licensed backflow tester to perform the annual test and certification of the backflow assembly(s) listed above (BSI does not test backflow assemblies). The results from your backflow test must be submitted by your testing company within **15 DAYS** from the date of this letter. Please provide the CCN listed in the top right corner of this letter to your backflow tester, as they will need this number to properly file your backflow test reports via BSI Online. Please visit www.bsionlinetracking.com and use the CCN listed above to check on your test report status or to find a list of local backflow testers. Please contact BSI via e-mail (bsionline@backflow.com) or phone (800-414-4990) if you have any questions. Thank you for your cooperation and for helping to protect our water resources.

Sincerely,

Christine Walsh, Vice President
Agent for the City of Hollywood

For your convenience, your last testing company of record (if available) is listed below:

John's Plumbing
(954) 555-4568
