DBE Utilization

The Department began its DBE race neutral program January 1, 2000. **Contract specific goals are not placed on Federal/State contracts;** however, the Department has an overall 10.65% DBE goal it must achieve. In order to assist contractors in determining their DBE commitment level, the Department has reviewed the estimates for this letting.

As you prepare your bid, please monitor potential or anticipated DBE utilization for contracts. When the low bidder executes the contract with the Department, information will be requested of the contractor's DBE participation for the project. While the utilization is not mandatory in order to be awarded the project, continuing utilization of DBE firms on contracts supports the success of Florida's DBE Program, and supports contractors' Equal Employment Opportunity and DBE Affirmative Action Programs.

Any project listed as 0% DBE availability does not mean that a DBE may not be used on that project. A 0% DBE availability may have been established due to any of the following reasons: limited identified subcontracting opportunities, minimal contract days, and/or small contract dollar amount. Contractors are encouraged to identify any opportunities to subcontract to DBE's.

Please contact the Equal Opportunity Office at (850) 414-4747 if you have any questions regarding this information.

DBE Reporting

If you are the prime contractor on a project, enter your DBE participation in the Equal Opportunity Compliance system prior to the pre-construction or pre-work conference for all federal and state funded projects. This **will not** become a mandatory part of the contract. It will assist the Department in tracking and reporting planned or estimated DBE utilization. During the contract, the prime contractor is required to report actual payments to DBE and MBE subcontractors through the web-based Equal Opportunity Compliance (EOC) system.

All DBE payments must be reported whether or not you initially planned to utilize the company. In order for our race neutral DBE Program to be successful, your cooperation is imperative. If you have any questions, please contact EOOHelp@dot.state.fl.us.

Bid Opportunity List

The Federal DBE Program requires States to maintain a database of all firms that are participating or attempting to participate on FDOT-assisted contracts. The list must include all firms that bid on prime contracts or bid or quote subcontracts on FDOT-assisted projects, including both **DBE's and non-DBEs**.

Please complete the Bidders Opportunity List through the Equal Opportunity Compliance system within 3 business days of submission of the bid or proposal for ALL subcontractors or sub-consultants who quoted to you for specific project for this letting. The web address to the Equal Opportunity Compliance system is: <https://www.fdot.gov/equalopportunity/eoc.shtm>.

DBE/AA Plans

Contractors bidding on FDOT contracts are to have an approved DBE Affirmative Action Plan (FDOT Form 275-030-11B) on file with the FDOT Equal Opportunity Office before execution of a contract. DBE/AA Plans must be received with the contractors bid or received by the Equal Opportunity Office prior to the award of the contract.

Plans are approved by the Equal Opportunity Office in accordance with Ch. 14-78, Florida Administrative Code. Plans that do not meet these mandatory requirements may not be approved. Approvals are for a (3) three year period and should be updated at anytime there is a change in the company's DBE Liaison Officer and/or President. Contractors may evidence adoption of the DBE/AA Policy and Plan and/or a change in the designated DBE Liaison officer as follows:

- Print the first page of the document on company stationery ("letterhead") that indicates the company's name, mailing address, phone number, etc.
- Print the company's name in the "____" space; next to "Date" print the month/day/year the policy is being signed; record the signature of the company's Chief Executive Officer, President or Chairperson in the space next to "by" and print the full first and last name and position title of the official signing the policy.
- Print the DBE Liaison's full name, email address, business mailing address and phone number the bottom of email.

E-mail the completed and signed DBE AA Plan to: **eeoforms@dot.state.fl.us**.

The Department will review the policy, update department records and issue a notification of approval or disapproval; a copy of the submitted plan will not be returned to the contractor.

- a. By signing and submitting this proposal, the prospective lower tier is providing the certification set out below.
- b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
- c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances.
- d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180 and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a grantee or subgrantee of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a grantee or subgrantee of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the Excluded Parties List System website (<https://www.epls.gov/>), which is compiled by the General Services Administration.
- h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

the basis for qualification of consultants.

1. ALL PERFORMANCE EVALUATIONS

1.1 Processing of Evaluation

For each major type of work advertised, evaluations on contracts shall be entered by the PM into CE. Upon completion of all prescribed City approvals, CE automatically emails evaluations to recipients designated in CE.

To assure all parties' understanding, the City's PM shall discuss the evaluation rating criteria with consultant PM before the consultant begins work.

The City's PM is responsible for completing interim and final performance evaluations. The PM shall discuss the evaluations with consultant before entry into CE to provide an opportunity for communication and feedback on the level of performance.

1.2 Evaluation Scale

The consultant evaluation rating scale shall be as follows:

- 5 = Outstanding performance
- 4 = Above Satisfactory performance
- 3 = Satisfactory performance
- 2 = Below Satisfactory performance
- 1 = Unacceptable performance

Comments are encouraged for every assigned rating, but must be entered in the comment section for a rating of 5 or 1.

2. PERFORMANCE EVALUATIONS FOR CEI CONSULTANTS

2.1 The evaluation of a CEI consultant shall be performed by the CPM, and shall be provided on the following schedule:

(A) The CPM shall complete the initial interim evaluation at the end of the first full quarter of contract performance. Quarters are defined as follows:

1st Quarter: January – March

2nd Quarter: April – June

3rd Quarter: July – September

4th Quarter: October – December

(1) Interim performance evaluations shall be completed within 30 days after the end of the quarter.

(2) The final evaluation shall cover the period from the previous evaluation to the end of the contract.

(3) The evaluation of the overall performance for the entire contract period shall be the average of all evaluations (interim and final) for the contract, and is automatically calculated in CE.

(B) The CPM shall distribute the evaluation and any follow up correspondence as follows:

(1) Evaluation is 3.0 or greater: Consultant and Director of the Design and Construction Management Department receive a copy for information.

(2) Evaluation is less than 3.0:

ESSM: Receives a copy for disposition. The ESSM may direct that the evaluation be changed to 3.0 or greater, upon which step (1) above shall apply. The ESSM may agree with the evaluation, upon which the following shall apply:

a. The **Consultant** receives a copy. The transmittal letter shall indicate what corrective action is necessary and the related time frame and request a response to this action.

b. The **Director of the Design and Construction Management Department** receives a copy.

c. The **Director of the Office of Construction** receives a copy from the ESSM.

(C) Commendatory or critical comments shall be included in the evaluation to fully explain the intent of the evaluation. The CPM

shall provide as much documentation as deemed necessary to fully explain the conditions encountered in the field. Input provided by appropriate City and construction contractor personnel should be considered.

- 2.2** CEI consultant evaluations shall be completed using either the project-specific CEI evaluation criteria or the CEI Hybrid criteria, applicable.
- 2.3** If a particular performance test item does not apply to a project, it should not be used in the calculation of the weighted average for the performance test area.
- 2.4** The consultant CEI performance evaluation is a summary record of the CPM's in-depth reports of the CEI Consultant, the Quality Assurance Reviews prepared by the Specialty Engineer from the Office of Construction, and the Federal Highway Administration (FHWA) Monthly Field Reports. These source documents should be used as the basis for preparation of this performance evaluation and shall serve as the in-depth, back-up data needed to substantiate the numerical evaluation given.
- 2.5** The City's PM may offer the consultant CEI the opportunity to request a meeting to discuss a grade with the ESSM **within ten calendar days of receipt of the evaluation**. The ESSM shall consider any information submitted by the consultant and decide whether the performance evaluation will be revised. The ESSM's decision is final.

3. PERFORMANCE EVALUATIONS FOR NON-CEI TYPES OF WORK

The PM for the consultant contract shall complete an evaluation of the prime consultant's performance in the following areas:

- Schedule
- Management
- Quality
- Constructability (for contracts that produce construction plans)

3.1 Evaluation Areas

- (A) **Schedule:** Prepared by the PM for the contract, this evaluation reflects the consultant's performance in meeting the contract schedule. Criteria for the schedule evaluation can be found in CE.
- (B) **Management:** Prepared by the PM for the contract, this evaluation reflects the consultant's performance in managing the contract. The following areas shall be considered when performing this evaluation:
- Administration of Contract
 - Management of Issues and Resources
 - Communication, Documentation and Coordination
 - Execution of Work
 - Post Design Services (completed with constructability evaluation)

Criteria for each area of the Management Evaluation can be found in CE.

- (C) **Quality:** Prepared by the PM or the technical reviewer for each major type of work included in the advertisement for the services, this evaluation reflects the consultant's attention and concern to the established quality assurance plan and delivering a quality service and product.

Quality evaluation criteria for individual work types can be found in CE. This includes any specific criteria regarding the evaluation responsibility of the PM, the technical reviewer and any additional concurrence requirements for the specific quality evaluation.

For advertised types of work other than those pre-qualified by the City, Category 99 shall be used, with appropriate criteria aCEd by the PM.

Sub-consultant: A quality evaluation shall be assigned to any pre-qualified sub-consultant named in the contract who performs a major type of work, or who signs and seals design plans. At the option of the PM, the prime consultant may receive a quality evaluation in the same types of work performed by the sub-consultant.

- (D) **Constructability (Post Construction):** The **Constructability Evaluation** reflects the design consultant's ability to develop constructible (practical, accurate, complete, and cost effective) construction plans. For all professional services contracts resulting in construction plans, the CPM shall prepare an evaluation of the constructability of the design consultant's plans and a management evaluation on the performance of post design services. In preparing

these evaluations, the CPM shall solicit input from the construction contractor and the consultant's project administrator. After review of the comments received from the construction contractor, appropriate comments shall be entered on the evaluation by the CPM. The evaluation shall be reviewed by the DPM for concurrence prior to entry into CE and prior to distribution to the design consultant. Specific criteria for the **Constructability Evaluation** and the **Post-Design Services Management Evaluation** can be found in CE.

3.2 When to Evaluate

For professional services contracts resulting in the production of construction plans, an evaluation is required according to the matrix below, but not to exceed 12 months since the last evaluation or **Notice to Proceed**.

	Schedule	Management	Quality	Constructability
Phase 2 plans review	√	√	√	
Final Design	√	√	√	
Final Construction		√		√

A constructability evaluation and a management evaluation for post design services shall be performed within 30 days after final acceptance of the construction contract.

For contracts that do not produce construction plans, an evaluation is required for each 12 months of contract period from the **NTP**. A final evaluation shall be made within 30 days after completion and acceptance of basic services.

The evaluation of the overall performance for the entire contract period shall be the average of all evaluations (interim and final) for the contract. It is automatically calculated in CE.

For all professional services contracts, additional evaluations may be submitted upon completion of critical phases of work, such as preliminary design, submittal of draft environmental documents, phase submittals, reports and completion of **Task Works Orders (TWO)**. Reasons to be considered for submitting additional evaluations include:

- Recognition of outstanding performance
- Notification of unacceptable performance
- Requests from the consultant based on possible improved performance

3.3 Composite Evaluation

A composite evaluation shall be available at any point during the contract. The composite evaluation shall be calculated automatically by CE and shall include all evaluations completed up to that point in time. All evaluations associated with the contract shall be part of the calculation to determine the Final Composite Evaluation for the contract. The composite evaluation shall be calculated as follows:

(A) Contracts that Produce Construction Plans:

- (1) **Design:** A composite evaluation calculated during the design phase of the project shall be calculated as follows:

Schedule (S): Average of all schedule evaluations. This average shall be 25% of the composite evaluation calculated during the design phase.

Management (M): Average of all management evaluations. This average shall be 25% of the composite evaluation calculated during the design phase.

Quality (Q): Average of all quality evaluations. This average shall be 50% of the composite evaluation calculated during the design phase.

$$\text{Composite Evaluation} = (0.25 \times S) + (0.25 \times M) + (0.50 \times Q)$$

- (2) **Construction:** A composite evaluation calculated during the construction phase of the project shall be calculated as follows:

Schedule (S): Average of all schedule evaluations. This average shall be 25% of the composite evaluation calculated during the construction phase.

Management (M): A weighted average of all the management evaluations completed during the design and construction phase. The management evaluations made during design shall be 70% of the weighted average, while the management evaluations completed during construction shall be 30% of the weighted average. This weighted average shall be 25% of the composite evaluation calculated during the construction phase.

$M = 0.70 \times (\text{average of management evaluations during design}) + 0.30 \times (\text{average of management evaluations during construction}).$

Quality (Q): Average of all quality evaluations. This average shall be 25% of the composite evaluation calculated during the construction phase.

Constructability (C): The Constructability evaluation shall be conducted once at completion of construction. This average shall be 25% of the composite evaluation calculated during the construction phase.

End of Construction Composite Evaluation shall be calculated as follows:

$\text{Composite Evaluation} = (0.25 \times S) + (0.25 \times M) + (0.25 \times Q) + (0.25 \times C)$

(B) All other Contracts:

Schedule (S) = Average of all schedule evaluations. This average shall be 25% of the composite evaluation.

Management (M) = Average of all management evaluations. This average shall be 25% of the composite evaluation.

Quality (Q) = Average of all quality evaluations. This average shall be 50% of the composite evaluation.

$\text{Composite Evaluation} = (0.25 \times S) + (0.25 \times M) + (0.50 \times Q)$

- 3.4** The City PM may offer the consultant the opportunity to request a meeting to discuss a grade with the office head to whom the PM reports **within ten calendar days of receipt of the evaluation**. The office head shall consider any information submitted by the consultant and decide whether the grade will be revised. The Office head's decision is final.

4. PERFORMANCE EVALUATIONS FOR DESIGN-BUILD CONSULTANTS

Design-Build performance evaluations shall be entered into CE.

CPM for the Design-Build contract shall coordinate with the DPM and complete an evaluation of the Design-Build consultant's performance in the following areas:

- Quality
- Constructability

4.1 Evaluation Areas

Design-Build Consultant Performance Evaluations include specific criteria regarding the evaluation responsibility of the PM and the technical reviewer and additional concurrence requirements for specific quality and constructability evaluations. Evaluations shall be entered in CE.

(A) Quality (Q): For each Professional Services Work Type included in the advertisement for the services, the CPM and DPM shall conduct a quality evaluation. This evaluation reflects the consultant's attention and concern to the established quality assurance plan and delivering a quality service and product.

Subconsultant: A quality evaluation shall be assigned to any pre-qualified sub-consultant named in the contract who performs a major work type, or who signs and seals design plans. At the option of the PM, the design consultant may receive a quality evaluation in the same types of work performed by the sub-consultant.

(B) Constructability (C): The constructability evaluation reflects the design consultant's ability to develop constructible (practical, accurate, and complete) construction plans. For all contracts resulting in construction plans, the CPM shall prepare a constructability evaluation of the design consultant's plans. Appropriate comments shall be entered on the evaluation by the CPM and DPM. The evaluation shall be reviewed and signed by the CE and ESSM for concurrence prior to distribution to the design consultant. Specific criteria is in CE.

4.2 When to Evaluate

Evaluation is required according to the matrix below.

	Quality	Constructability
Final Acceptance	√	√

Quality evaluations: Additional (interim) evaluations may be conducted. Reasons to be considered for submitting additional evaluations include:

- Recognition of outstanding performance
- Notification of unacceptable performance
- Requests from the consultant based on possible improved performance

The constructability evaluation shall be performed within 30 days after final acceptance of the construction contract.

4.3 Composite Evaluation

A composite quality evaluation shall be the average of all interim quality evaluations, including the final quality evaluation.

A composite overall evaluation shall be calculated as follows:

$$\text{Composite overall evaluation} = (0.50 \times Q) + (0.50 \times C)$$

- 4.4** The City's PM may offer the Design-Build consultant the opportunity to request a meeting to discuss a grade with the CE and ESSM **within ten calendar days of receipt of the evaluation**. The CE and ESSM shall consider any information submitted by the consultant and decide whether the performance evaluation will be revised. The decision of the CE and ESSM is final.
