**EXPLANATION:**

This item was considered at first reading on the November 11, 2019 City Commission Meeting. Subsequently, the following scrivener's errors, highlighted in grey and underlined, were discovered and corrected:

**§3.23 Distance Separations Requirements.**

\* \* \*  
\* \* \*

H. The distance separation requirements for self-storage facilities shall be ¼ mile between a self-storage facility and another self-storage facility.

All distance separation shall be measured linearly, from closest property line to closest property line, by an actual or imaginary straight line upon the ground or in the air. Any other provision of this Code to the contrary notwithstanding, there shall be no variances of the above distance requirements granted for any reason.
