EXPLANATION:

On September 1, 1993, the City Commission passed and adopted Resolution No. R-93-353 authorizing the execution of a computer application software agreement with SCI (Systems Consultants, Inc.) as a best interest.

On December 12, 2001, the City Commission via Resolution No. R-2001-401 accepted the assignment of the 1993 computer application software agreement from SCI (Systems Consultants, Inc.) to Government E Management Solutions, Inc (GEMS) for application software, maintenance and support services to the Core Application FMS.

Based upon the new assignment the City's Financial System "FMS" was upgraded from the Systems Consultants, Inc. (SCI) 1993 computer application software agreement to the Government E Management Solutions, Inc (GEMS) web-based solution which

included additional applications. These applications have been added to the annual maintenance cost.

The annual maintenance cost for this year is stated to be \$4,125.78.

The additional application modules required as a result of the migration from GEMS to GEMStone maintenance in addition to the Core Application FMS maintenance has increased the annual maintenance cost to an estimated amount of \$85,974.58.
