Meeting ADA Requirements

- The adoption of an ADA Transition Plan by all public agencies with greater than 50 employees is a requirement of the Americans with Disabilities Act (ADA) enacted on July 26, 1990.
- FSS services meet or exceed all ADA specification standards

ABOUT OUR WORK:

- Please note this survey in no way constitutes or guarantees the identification of every trip hazard on site. Therefore, the final determination of the work to be performed shall be the sole responsibility of the customer. Florida Sidewalk Solutions (FSS) removes only those trip hazards specifically requested by customers and therefore makes no guarantee or representation that the property is free of trip hazards after the project is completed.
- Our work requires the use of generators; therefore, we cannot work in rainy conditions or with wet concrete.
- Florida Sidewalk Solutions does not remove or replace sidewalks. With the four zones FSS listed 271 locations that are beyond our scope of work and in need of replacement. Areas noted for replacement are recommendations only and are not included in this proposal. A list of replacement addresses / locations will be provided upon project approval. Replacements are the sole responsibility of the customer.
