---

T2 Systems has made every effort to insure that all relevant information pertaining to the requested software, hardware and implementation services has been included in this quotation. Please check this quotation carefully. Our goal is to provide the most accurate information possible.

## T2 Provides

Your Subscription Fee provides for the use of the Software, fixes, patches and updates to the Software and Support Services. T2 releases, on average, two upgrades per year.

## Maintenance and Support

Normal business hours for Support staff are Monday–Friday from 8am to 8pm EST, excluding T2 approved holidays. Support for critical issues is available 24x7x365 via our emergency support process.

## Payment Terms

Ongoing T2 Flex software (including handheld software) and hosting fees are billed annually and payable on the anniversary of the date the Flex software is accessible by your organization (Activation Date).

Travel and Shipping costs are an estimate. Actual travel and shipping costs will be billed separately.

Initial installation is billed on the following schedule:

### Flex

Upon receipt of a purchase order, T2 will invoice 50% of the value for all items listed under Professional Services. An additional 25% will be invoiced when first sample is delivered, and the remaining 25% at 'go live' of Flex on the Activation Date.

eBusiness development will be billed 50% upon receipt of purchase order and the remaining 50% upon delivery. Credit card processing and internet payment gateway relationships are handled by the customer.

Data conversion and interfacing will be billed 50% upon purchase order. T2 will bill an additional 25% when first sample is delivered and the remaining 25% upon completion.

Handheld and T2 Flex Point of Sale hardware will be invoiced 100% upon shipment.

## **PARCS**

Year 1 project billing will occur as indicated below. Subsequent billing for subscription fees beyond year 1 will occur annually on the anniversary of the date the software is initially put into service.

(PARCS Terms Not Applicable)
