38. Commissioner Anderson, District 2

Ribbon Cutting

Commissioner Anderson thanked Calvary Christian Academy and the Parkside Community for the ribbon cutting event. It was a very nice event and a number of people attended.

4th of July Incident

Commissioner Anderson stated at the 4th of July event, while being a newly elected official she was treated very rudely, while her grandchildren were with her. She stated she was very upset, but she will not name any names. She stated that she grappled with the notion of whether she would say something today or not, and she decided to voice her opinion.

Commissioner Anderson requested Commission support for the mounting of pictures of all the Commissioners, City Manager, Assistant

City Managers and so forth to be placed all over City Hall, including the Police Department, for everyone to know who is who. Everyone that works for the City should know their City officials.

Mayor Levy stated it is the expectation of all City employees interacting with the public to treat everybody, regardless of being a City official or not, with respect.

Commissioner Shuham stated she supports this idea due to the fact that diversity exists within the Commission and new pictures would be reflective of that.

Commissioner Anderson stated the historical pictures shown on the first and second floor of City Hall are not reflective of the diversity in the City and need to be changed.

Commissioner Biederman stated he is sorry regarding what occurred to Commissioner Anderson and also complimented Commissioner Anderson for her accomplishments as the first African American Commissioner. However, Commissioner Biederman stated he does not want his picture shown everywhere, as he prefers to be treated just like any other resident in the City, as he does not want any special treatment. Commissioner Biederman questioned the proposed location of the pictures.

Commissioner Anderson suggested City Hall and the Police Department as the locations of the photos.

Commissioner Callari apologized to Commissioner Anderson for her experience and stated whatever happened was unacceptable because we are all human beings regardless of our status. Commissioner Callari stated she would prefer not to have her photo seen everywhere. Unfortunately, she does not support it. Commissioner Callari stated this is a bigger problem and that we, as a people must find a way, an opportunity to make that change through open conversation and education.

Mayor Levy stated he supports posting pictures of the City officials at the Police Department, Fire Department headquarters and City Hall because it enables people to know who represents them and who they can contact if they experience disrespect.

Dr. Wazir Ishmael, City Manager, stated that he spoke to Commissioner Anderson several times regarding this issue. He stated a third party will be hired to come in and review all the issues so everyone can

understand what took place. He stated there will be additional cultural sensitivity training for all employees, and the Office of Human Resources will continue to do training internally for our employees. He stated it is important for everyone to know what really transpired and the actions taken to ensure this behavior does not happen again. He will gather all information and bring the report back at the meeting in August.

39. Commissioner Callari, District 3

Happy Birthday

Commissioner Callari wished Commissioner Anderson a Happy Birthday

Speaking Up

Commissioner Callari complimented Commissioner Anderson for speaking her mind and no one should never be afraid of speaking up. This is very challenging in these times as not everyone agrees.

Wing Ding Event

Commissioner Callari stated she wants to bring the Wing Ding event back to the City. The Wing Ding was originally a competition to see which restaurant made the best chicken wings and shortly after that live music was added to the mix. Commissioner Callari stated this event holds the most amazing childhood memories for her. She stated radio station, Y100 participated in the past with proceeds going to Adolescents with Addiction.

Commissioner Callari stated if the City can do the Happy Days event at ArtsPark, the City can bring back the Hollywood Wing Ding event and expand and make it better because it will bring a sense of gathering and neighborhood and excitement back to the City. She stated she has reached out to Y-100.

Mayor Levy suggested reaching out to Recovery Unplugged, which is a Hollywood resident owned company that deals with music, maybe they can help.

Mayor Levy, Commissioner Anderson, Commissioner Gruber and Commissioner Biederman supported the request.

Commissioner Biederman left the meeting at 3:55 PM and returned at 3:57 PM.

Vaccinations

Commissioner Callari stated it is still very important to get vaccinated

and be diligent regarding washing your hands, staying six feet apart and wearing your masks.

40. Commissioner Gruber, District 4

Streetlights in Emerald Hills

Commissioner Gruber stated he would like a timeline for fixing the street lights in Emerald Hills. The light on the corner of Casper Court and Keyser Avenue has been out for about a month and it makes the whole street dark. This is now a safety issue and he would like for this matter to be taken care of during the summer.

Trees/Sidewalk on 46th Avenue

Commissioner Gruber thanked staff for clearing the palm trees on 46th Avenue which were hanging over the sidewalk. Residents can now walk through the sidewalk but not entirely because the sidewalk is in need of repairs.

Code Officers

Commissioner Gruber stated he was thankful the City would be getting more Code Officers with more shifts, in the upcoming budget.

Grass Cutting

Commissioner Gruber stated the cutting of grass in City parks happens every two weeks, which is not often enough in the summer, as the grass gets to high. He suggested maybe this schedule can be adjusted for a summer and a winter schedule.

Mayor Levy stated City parks should be cut more frequent during the summer months.

Parks Maintenance

Commissioner Gruber questioned when parks maintenance will be turned over from the Department of Public Works to the Department of Parks, Recreation & Cultural Arts.

Ricky Engle, Director of Parks, Recreation & Cultural Arts, stated that the turnover has already happened.

Garbage

Commissioner Gruber stated the residents in his district are not aware of their garbage schedule. He suggested an educational pamphlet be sent out.

Mayor Levy suggested placing a weather proof sticker on all garbage

bins, in neighborhoods with no alleys, with their garbage pickup schedule.

Commissioner Sherwood and Commissioner Biederman supported the request.

WastePro

Commissioner Gruber stated staff needs to monitor WastePro over the summer, as they have missed half the bulk at the Lakes of Emerald Hills a few weeks ago. Sometimes it is missed because residents include hazardous waste. However, if WastePro continues to miss pick-ups, the City should consider other options with other companies.

Mayor Levy stated he wants staff to follow-up with WastePro regarding Route Guidance, the software WastePro was supposed to get for garbage trucks to follow its routes.

Commissioner Shuham reminded everyone that WastePro was the only company who offered to pick up garbage from the alleys.

41. Commissioner Biederman, District 5

WastePro

Commissioner Biederman stated he reaches out to Public Works regarding trash and they take care of the problem fairly quickly. Commissioner Biederman stated he makes sure to email staff when there are any garbage and trash issues, which are then taken care of.

Bicentennial Park

Commissioner Biederman stated he appreciates the Department of Parks, Recreation & Cultural Arts staff opening up Bicentennial Park.

Arthur Covington, Youth Ambassador

Commissioner Biederman asked Arthur Covington, Youth Ambassador, to introduce himself and state his goals. Arthur Covington, Youth Ambassador, stated he is a senior from Hollywood Hills High School, Hollywood Youth Ambassadors for a few years, has been Class President for the last 4 years, the Student Government Parliamentarian for the past 2 years, and currently serves as the Broward County Association of Student Council President. He stated he loves leadership, advocating and speaking up for his peers. As for his future goals, he would like to attend Howard University, and is torn between taking medicine and political science. Arthur stated he enjoys coming to the Commission meetings, although they are long, they are fun to attend.

42. Vice Mayor Sherwood, District 6**Task Force for 40 Year Inspection of Condos**

Vice Mayor Sherwood asked Shiv Newaldass, Director of Development Services, to provide an explanation about the Task Force for Condos.

Shiv Newaldass, Director of Development Services, explained that the 40 year inspection is the responsibility of the property owners. However, some property owners are hesitant to perform the improvements due to its costs and scope. Traditionally, Building Inspectors and/or Engineering Inspectors are only sent to properties with life safety concerns. The City is taking a triage approach focusing primarily on properties that are over 40 years old, of certain height and construction methodologies. The City is not sending out teams of inspectors to these buildings, but allocating the right resources, such as Code Officers looks at potential issues and then referring them to the Building Department. Currently, there have been 1,208 letters issued to identify buildings for the certification process.

Vice Mayor Sherwood inquired as to how the City knows who complied with the 40 year inspection process. She stated in her district, 60% of the buildings are condos and lower income condos have difficulty accomplishing requirements. Vice Mayor Sherwood asked if there are any grants to help some of the smaller condos who cannot afford the 40 year inspection.

Shiv Newaldass, Director of Development Services, stated the City is mindful of the cost issue, but ultimately, the property owner is responsible to make the improvements. Nonetheless, the City will research to see what resources are available from state, county or federal and the City will be more proactive.

Mayor Levy stated since Commissioner Shuham and Vice Mayor Sherwood are both on the Boards of their respective condo associations, maybe they will be inclined to speak at a government level when changes start to come about with the 40 year inspection program in light of current events. Mayor Levy questioned the letter that is being sent out, does it include instructions how to comply.

Russell Long, Chief Building Official, stated the letter being mailed out is actually a packet which contains step by step instructions and guidelines with forms that need to be submitted to the City.

Commissioner Biederman stated there will be a lot of contractors soliciting to do the improvements. He suggested the City include a link

on the City's website to the Department of Business and Professional Regulation (DPPR) or licensing agency where residents can research in order to avoid shady contractors.

Commissioner Callari suggested reaching out to the County to have a public outreach or forum to get this information out to our residents.

43. Commissioner Shuham, District 1

Champlain Tower Collapse

Commissioner Shuham commended the leadership of Miami-Dade County and the City of Surfside regarding the Champlain Tower collapse.

40 Year Inspection

Commissioner Shuham stated there are many residents who live on the beach who are interested in creating a task force to try and get their buildings to go forward with this work and work with the State Legislature. Commissioner Shuham stated she has already written to all of our representatives and one or two have reached back out. Everyone is looking for solutions. In addition, the 40 year list is created by Broward County, which might not be complete, and the City needs to focus on this in their discussions with Broward County.

Vice Mayor Sherwood left the meeting at 4:35 PM.

Shiv Newaldass, Director of Development Services, stated the City is looking into investing in a software called LAND to look at property information instead of going through the Broward County Property Appraisers Office.

Commissioner Shuham thanked Shiv Newaldass, Director of Development Services, and Russell Long, Chief Building Official, for their hard work during these trying times on this issue.

4th of July

Commissioner Shuham thanked City staff and the Police, Fire and Parks, Recreation and Cultural Arts Departments for a wonderful 4th of July. Even though it was a somber time to celebrate, Mayor Levy dedicated the night to first responders and the families of those lost in Surfside. Commissioner Shuham stated she received a compliment from a long time resident regarding this was best and safest 4th of July celebration this year.

Commissioner Anderson

Commissioner Shuham thanked Commissioner Anderson for her

courage. Commissioner Shuham thanked Dr. Wazir Ishmael, City Manager, for his handling of Commissioner Anderson's matter with such seriousness and respect.

North Beach

Commissioner Shuham thanked Hal King, Parking Administrator, for having the cracked wheel stops and rebar removed in North Beach.

Short Term Vacation Rental Ordinance

Commissioner Shuham stated she received an email from a resident thanking the City for the short term vacation rental ordinance. The resident mentioned on his block, things seem to be getting back to the way things were, feeling like a neighborhood.

Surfside Bandshell Area
