Affordable Housing Advisory Committee - Questions*

1) The greatest challenge to keeping housing affordable in Hollywood, Florida, is the demand for housing with a limited supply. Population growth has enlarged the demand for housing and has increased housing prices. As Hollywood becomes more desirable, property values have gone up, and developers find it too expensive to build new affordable housing. Lastly, Hollywood has limited land available for new construction which further drives up the cost of housing.

2) As a Social worker and an educator for over 25 years, I am most skilled in Affordable Housing Activism. I am actively advocating for policies and programs that increase access to affordable housing for low-income individuals and families, often by directly connecting clients with available housing.

3) As a housing employee of over four years, I am concerned and most passionate about Housing Market Stability. Economic instability and housing instability are closely related. Access to affordable and stable housing can make the economy more productive. A lack of affordable housing can put a strain on low-income families, which can contribute to an increase in unhoused people.

4) Public service is very important to me. Growing up my family taught me the importance of making a difference in my community. I would assist seniors and people who spoke limited English with reading and writing. In turn, I would learn about art and culture. This life experience motivated me toward volunteerism.

5) Housing diversity plays a crucial role in the economic health of Hollywood, Florida. By attracting a diverse workforce with a variety of income levels. There is an increase in the variety of housing options. Like affordable apartments to luxury homes. The more varied income levels the more needed for highly skilled professionals and workers in service industries. Diversity can help stimulate economic growth.

Please answer these five questions above. 1. In your opinion what is the greatest challenge to keeping housing affordable in Hollywood? 2. Which of the following disciplines are you most skilled? • Home Purchase Education, • Housing Market Employment, • Housing Market Stability, • Affordable Housing Construction, * Affordable Housing Activism. 3. Which of the following disciplines are you most passionate? • Ownership Housing Affordability, • Rental Housing Affordability, • Housing Market Stability, • New Housing Construction, * Fair Housing. 4. One of the most critical issues is economic disparities. Income inequality for minorities like African Americans in Hollywood experience lower median incomes in contrast to other racial classes.
