## PROCESS OF ESTABLISHING AND UPDATING FEES AND CHARGES

It's important that the Comprehensive Schedule of Fees remain consistent, accurate and up-to-date. User fees and charges will be assessed periodically as part of the annual budget process. Through the Office of Budget and Performance Management (referred to as the Budget Office), City Departments/Offices may submit a request to modify existing fees and/or establish a new fees. The Departments and Offices are responsible for the periodic review of relevant fees and analysis of proposed fee changes and additions.

Updates to the Fee Schedule may be triggered by the:

1. Budget Office
2. Department & Offices
3. City Manager's Office
4. External Forces such as legal mandates

During the annual budget process, the Departments and Offices wishing to create a new fee or modify an existing fee will complete and submit a Checklist. The Checklist will include a set of factors that should be taken into consideration by the Department or Office proposing the new fee or fee change. The Department or Office will also be responsible for providing a written justification for the new or revised fee. Proposed revisions must be approved by the Department or Office Director. Requested fee changes will be presented to the City Commission in the form of a resolution to amend the Schedule of Fees. This update will be coordinated by the Budget Office, following the requirements of the City Clerk with underlining and strikethroughs to indicate the revisions to the schedule.

Minor administrative and housekeeping of the Schedule of Fees will not require City Commission approval. These changes may be updated by the Budget Office through the submission of the Department or Office.

This schedule does not apply to taxes and assessments levied by the City, County, or other taxing authorities. The process noted above does not apply to the few City fees and charges that are assessed on an annual or bi-annual basis by an external consultant. However, updates to such fees will be reflected on the Comprehensive Schedule of Fees.
