January 19th, 2015

Ian Superville Procurement Contracts Officer Procurement Services Division 2600 Hollywood Boulevard, Room 303 Hollywood, Florida 33020

Dear Mr. Superville,

I would like to thank you for the opportunity to bid on the city's 4th of July Fireworks Display. It has been a privilege to work with the city over the past five years and Pyrotecnico looks forward to continuing to produce great displays for the city of Hollywood and its residents and visitors.

Pyrotecnico defines its purpose as to create "Ooh's and Aah's." This is done through tireless dedication, a passion for the industry, and insuring that safety is our top priority.

I have had the privilege of working with Pyrotecnico since I was first legally allowed at 18 years old. 14 years later I am honored to represent this company as the south regional sales manager. Lead by a strong upper management team consisting of a family business owner and president who is 4th generation, a COO with over 20 years' experience, a creative director who is also family, and two sales managers focused on customer service, Pyrotecnico is dedicated to delivering only the best productions to the city of Hollywood.

Having personally managed this account for the past 4 years I have a clear understanding of the city's expectations when it comes to creativity, wow factor, and safety. Working with the city on many off date private displays we have secured a strong trusting relationship with the fire department that is crucial when working in a dangerous business such as the fireworks industry.

Below you will find a list of names of those employees that will work in some way on this show whether its on show site or behind the scenes:

Christopher Liberatore- Southeaster Regional Sales Manager- Chris oversees all details of the shows from the initial site visit to ensuring they are permitted and run smoothly.

Joanne Eskew- Sales Assistant- Joanne assists Chris with the booking and all permitting details for all displays.

Chris Reitano- Operations Director for Florida- Chris oversees the day to day operations and ensure all shows are assigned technicians and receive all the appropriate equipment and products.

Don Wolford- Packing specialist- Don handles the packing of all shows to ensure the exact products sold on a show make it to the show site. Additionally, Don has over 30 years of experience in the fireworks industry.

Josh Hernandez- Warehouse Manager- Josh handles the packing of all trucks to ensure that all shows receive the correct equipment to safely execute Pyrotecnico displays.

Pyrotecnico employs thousands of technicians and produces approximately 3,000 shows annually. If awarded the show Pyrotecnico will select technicians that will operate under the supervision of Chris Reitano. Please note that all technicians are approved by the ATF and have passed Pyrotecnico's certification course which all technicians are required to attend annually.

Thank you again for this opportunity and the Pyrotecnico looks forward to producing many more great displays for the city of Hollywood.

Sincerely,

fiberatore

City of Hollywood 4th of July Display

Profile:

Are we national, regional, or local?

Pyrotecnico is a family owned and operated company headquartered in New Castle, Pennsylvania. Pyrotecnico has dozens of facilities across the country. Specifically in Florida, Pyrotecnico has 3 facilities. A main operations hub in San Antonia, Florida just outside of Tampa, a secondary hub in Pompano Beach, Florida, and a fireworks storage facility in the West Palm Beach, Florida area.

Which location will Hollywood's show be produced from?

The city of Hollywood's display would be prepared on some level from all our facilities. Depending on the logistics of the 4th of July one facility may be responsible for more of the work but a majority of the work will be performed from our south Florida facility in Pompano Beach.

What size company are we?

Pyrotecnico currently employs 83 full time employees with annual revenues exceeding 20 million dollars. Approximately 35% of Pyrotecnico's revenue is generated from the 4th of July which is a relatively low number for the fireworks industry. While Fireworks is the fly wheel of our company, special effects and lasers are a fast growing sector of our company. Pyrotecnico produces approximately 3,000 shows annually ranging from \$4,000 to over \$100,000.

Pyrotecnico produces events for 100's of cities across the country using land based, roof top, and water based site. Additionally, Pyrotecnico works with many major league sports teams in various professional leagues.

Pyrotecnico also produces shows outside of the U.S. about a dozen or so times per year.
