Good afternoon,

We noticed why this became a comment for the COI, as it states within the attached that the Professional Liability is required.

The contractor does not provide professional services (drawings, engineering documents, etc) so does not carry Professional Liability.

If we update the contract (the is best interest, not a Bid), will this be acceptable?

Not acceptable

- 1) Professional Liability - the City requires \$1,000,000 in coverage for each claim and \$2,000,000 in aggregate. I don't see this coverage/limit on the attached.

Please submit corrected COI for additional review.

Thanks
