2. Early Termination

The Customer may terminate the AT&T Business Network Service Pricing Schedule without incurring any termination charges on the 2nd anniversary following the start of the Pricing Schedule Term, provided AT&T receives written notice from the Customer at least 30 days prior to the requested termination of the Services.

Notwithstanding anything to the contrary herein, in the event no funds or insufficient funds are appropriated and budgeted and funds are otherwise unavailable by any means whatsoever in any fiscal period for which monthly service payments are due under this Pricing Schedule, then the Subscriber will, not less than sixty (60) days prior to the end of such funded fiscal period, notify the Company or its assignee in writing of such occurrence, and the affected Pricing Schedule shall terminate on the last day of the fiscal period for which appropriations were made without penalty or expense to Subscriber of any kind whatsoever, except as to the portions of monthly service payments herein agreed upon for which funds shall have been appropriated and budgeted or are otherwise available. In the event of such termination, the Company shall have the right to recover any related facility and/or tariff equipment.

Notwithstanding the foregoing, Subscriber agrees that: (a) it will not terminate the Pricing Schedule pursuant to this section if any funds are appropriated to it, or by it, for the acquisition, retention, or operation of the Service or other equipment performing functions similar to the Service for the fiscal period thereafter, and (b) it will not during any Service period give priority in the application of funds to any other functionally similar service. This Paragraph will not be construed so as to permit Subscriber, without penalty, to terminate this Pricing Schedule in order to acquire any other Provider's service or to allocate funds directly or indirectly to perform essentially the same application for which the Company's Service is intended.
