SCS staff and mentors will continue to provide supportive services and link client to other agencies for continued support as needed.</p>

## Quantifiable Goals – Table 2

Second Chance Society will serve 104 clients during FY 2016 to 2017 or 26 clients per quarter. SCS has developed goals which it anticipates its clients to meet when receiving assistance through the Hand Up Program. *Due to the nature of the population SCS serves, these goals are a challenge for some. SCS is fully committed and invested in each client to help them meet their goals.*

The measure of success for its clients is shown below. This measure will remain the same for each quarter:

1. Client assisted with job-related items will remain employed.
2. Client assisted in vocational training will complete a course of study and receive a license or certification. Such client will secure employment in their designated field.
3. Client will graduate in-house treatment program and move from shelter to a higher level of transitional housing or to independent living in a rental apartment or home.
4. Client will continue to progress in areas of rehabilitation – if client's challenge was substance abuse, client has maintained sobriety and is actively involved in a recovery program.
5. When possible, client will reconnect with family members and friends who will be supportive. Client will participate in community based activities such as attendance at church, synagogue or a spiritual avenue of their choice.

SCS's "Outcome Tracking Program" is the vehicle that provides statistics on client progress. Clients are contacted by phone by Outcome Mentors 30 days after date of service, 60 days after date of service, 180 days after date of service and 1 year after date of service. The below questions will be addressed during the outcome call; data will be analyzed and plugged into a spreadsheet which has a pre-set rating system. Quantifiable results are calculated and outcomes reports are generated on a monthly and quarterly basis for agency review.

**Jobs:** Is client still employed? How is job going? Is client working full time or part time? Have any new job skills been achieved? Is there any opportunity for client to be promoted to increase wages? Is client happy with job? If client is no longer employed, what happened and what are client's plans for securing another job? Is client facing any challenges or barriers at this time? If so, how are challenges being addressed?

**Vocational Training:** Is client still attending school? How is the training going? Is client making satisfactory progress? When will client graduate? Does client plan to continue their education? Is client facing any challenges or barriers at this time? If so, how are challenges being addressed?

**Housing:** Is client still residing in shelter? If yes, is there a discharge date? Is Case Manager involved with housing solutions? What housing arrangements are being considered? If client has discharged from shelter, where does client reside? Is housing a temporary or a permanent solution? Is current housing situation stable? Is client facing any challenges or barriers at this time? If so, how are challenges being addressed?

**Client Satisfaction & Personal Growth:** Is client self-sufficient? If not totally self-sufficient, what is the increase in financial independence? How is client feeling emotionally? Has self-esteem and confidence improved? Any restored relationships? Any new/healthy friendships formed? Renewed sense of purpose and productivity? Increased sense of well-being? Is there anything SCS can do to help client at this time? Was client satisfied with services provided by SCS? What is the greatest change that has occurred in client's life since receiving SCS core services? How has client's life improved?
