For example, Licensee may upgrade an OS/hypervisor/software license through StarWind if the original purchase was through StarWind. Upgrades are optional and at the Licensee's discretion.

Upgrades to Support. Licensee may upgrade the support level through StarWind by paying the support upgrade fee as set forth at the following link: <https://www.starwindsoftware.com/support>. However, Licensees who have purchased the systems with basic hardware support are not eligible for support upgrades.

customer PO and/or the invoice (e.g., for Standard technical support, the next business day onsite or part(s) shipped by mail; or for Premium technical support, four (4) hour onsite replacement of the part(s) and/or server). If the Product is defective or is otherwise not in compliance with applicable warranties, then a replacement Product will be sent out with a requirement to return the defective Product as soon as the replacement was received and necessary file transfers occurred.
