Re: Community Outreach Summary – 1101 Hillcrest Drive

Dear Mr. White:

On behalf of Tobin, Inc. and Housing Trust Group (“Applicant”), please consider this letter as a summary of community outreach efforts undertaken in relation to the applications filed to develop the +/- 2.45-acre property located at 1101 Hillcrest Drive (“Property”) with a 120-unit multi-family project.

At 6:00 p.m. on March 5, 2025, we held a virtual community meeting. An invitation was sent to all property owners within the City’s required notice radius. The notification package is attached as **Exhibit A**. We received approximately 54 RSVPs for the meeting, and approximately 37 interested parties participated in the meeting. The participant list is attached as **Exhibit B** and the RSVP list is attached as **Exhibit C**.

During the meeting, Julian Bobilev, Planner with Greenspoon Marder, LLP and Ariel Fraynd with Housing Trust Group, presented the development proposal using a PowerPoint presentation. The presentation materials are attached as **Exhibit D**. Below is a summary of topics brought up by participants:

- Traffic concerns
 - Response: Mr. Bobilev advised that the traffic study is currently being reviewed by the City. He advised we are still waiting for their review and whether or not the City will request any improvements required as part of the proposed project. Ms. Lercari, the project team’s traffic engineer, was also on the meeting. Ms. Lercari confirmed that the City has their own traffic engineer reviewer that will look at everything submitted to verify if we need to analyze any specific intersections or prepare any mitigation, and we’re still in that review process.
- Parking concerns
 - Response: Mr. Bobilev advised that we have a parking study prepared by the team’s traffic engineer that is being reviewed by the City, and that they will let us know if they believe the proposed parking ratio is acceptable or not.

- Effect of the proposed development on the Parkview and Hillcrest communities relative to amenity access
 - Response: Mr. Bobilev advised that the project team is researching and reviewing the different covenants and association documents at this time, and that once we research this matter, we will follow up.
- Project access points
 - Response: Mr. Bobilev advised that there are two different driveways, one next to the roundabout and one at the north end of the building as well. The access at the south end is full access, with the northern access being right-in and right-out only.
- Examples of professions associated with proposed Area Median Income mixes
 - Response: Examples were provided from the Shimberg Study for the 60%- and 80%-income levels. It was indicated that the Shimberg Study doesn't include references for the 30% AMI level, and examples of that income level were provided such as cashier's, stockers at Publix, etc.
- Emphasis on units marketed toward medical personnel, firefighters, first responders, etc.
 - Response: It was clarified that there isn't a specific designation or reservation of units for these professions, but that best efforts will be made to market to medical personnel and first responders.
- Participants raised concerns about renters being located near a school
 - Response: Mr. Bobilev advised that people that rent need to be able to send their children to school as well.
- Residency screening criteria
 - Response: Mr. Fraynd advised that their management companies does full screening and background checks, as well as job verification and reference checks. Their developments also have extensive cameras and access control, and that the security of their developments is a top priority.
- Will the project be restricted to Florida residents
 - Response: Mr. Fraynd advised that there won't be a specific reservation, but that across their South Florida portfolio, the majority of their renters are Florida residents.
- Concerns about the columns holding up the building
 - Response: Mr. Betancourt and Mr. Diaz of the project team indicated the project is still in the design phase and that the capacity of the columns will be calculated at the proper time as the project continues forward in the approval process.
- Proposed impervious area variance
 - Response: Mr. Bobilev advised that regardless of the impervious ratio, the development must meet all applicable regulatory standards from the South Florida Water Management District, and any other applicable regulatory agencies. Mr. Betancourt confirmed that the drainage system will have to meet all required standards, and that an increase in impervious area does mean that we have to provide additional water quality for the site. Mr. Bobilev advised that typically new development improves drainage in the areas they are developed as flood standards change and get more strict over time.
- Where the project is at in the approval process
 - Response: Mr. Bobilev advised the project recently has a final Technical Advisory Committee meeting, and that the next steps will be the Planning and Development

Board followed by two (2) City Commission meetings.

- Estimated construction timeframe
 - Response: Mr. Fraynd advised that they anticipate construction to begin in approximately the first quarter of 2026.
- Have there been any grants, government grants, or subsidies provided to the developer for the project
 - Response: Mr. Bobilev advised that there have not been at this time, but that they will be needed for the project to work, and that affordable housing typically requires government assistance of some sort. Mr. Bobilev advised that there is a low income housing tax credit program where a developer essentially gets tax credits. Mr. Fraynd further advised that their other affordable developments obtained financing through the Florida Housing Finance Corporation, and that financing can allow them to charge below market rate rents.

The meeting concluded with Mr. Bobilev thanking everyone for attending the meeting. Mr. Bobilev advised that we have the email addresses of everyone that registered to attend the meeting, and that we would be looking into the association-specific questions and follow up to provide answers to those questions once we have them.

Community engagement led to refinements in the development, scaling back from the earlier proposal of 120 units and +/- 4,000 square feet of office to 110 units and +/-1,500 square feet of office, adjustments to parking location, and the elimination of a previously requested variance to exceed the maximum allowed impervious area. The revised project results in less traffic and less demand for parking, and enhanced green space for the development. The Applicant will be holding a second courtesy neighborhood meeting to discuss the revised plan.

Please contact me at (954) 333-4377 if you have any questions or comments regarding this summary letter or the community outreach meeting.

Sincerely,

GREENSPOON MARDER LLP

CERTIFICATION LETTER

City of Hollywood

Date: February 18, 2025

Applicant: Harwin-Tobin 1101 LLC

Legal Description: Portion of Blocks 6 & 9 of Hillwood Sec Three Plat as recorded in Plat Book 69 Page 10 and Parcel A-2 of Hillcrest Country Club North as recorded in Plat Book 183 Page 16 of the Public Records of Broward County, Florida.

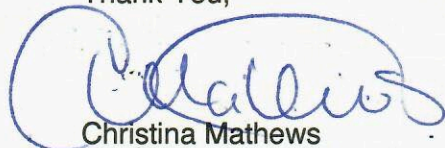

**Address or
General Location:** 1101 Hillcrest Drive

This letter certifies that the attached list of property owners within 500 feet from each property line of the subject site was prepared using the latest tax folio rolls supplied by the Broward County Property Appraisers Office as of January 23, 2025 and the Planning Department, Civic Associations within 500 feet of the subject property, and the City Commission.

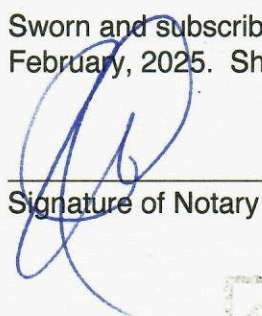

This letter also certifies that the attached public hearing notification was sent to the persons on the list of property owners. The notice was mailed February 18, 2025.

Finally, this letter certifies that the site was posted with two public notice signs that meet the City of Hollywood notification regulations. The signs were posted February 18, 2025.

Thank You;

Christina Mathews

Sworn and subscribed before me this 18th day of
February, 2025. She is personally known to me.

EXHIBIT D

POWERPOINT PRESENTATION

Boca Raton Denver Edison Ft. Lauderdale Las Vegas Los Angeles Miami Naples
New York Orlando Portland Scottsdale Tallahassee Tampa West Palm Beach

An architectural rendering of a modern multi-story residential building. The building features a mix of light gray and tan horizontal siding, large glass windows, and balconies with glass railings. The roofline is varied, with some sections being flat and others sloped. The building is set against a blue sky with scattered white clouds. In the foreground, there are palm trees, a paved road with a few cars, and some landscaping. The overall style is contemporary and urban.
