

1 in 5 kids in America don't get the food they need every day. This takes a terrible toll on their health and development, and threatens their futures in profound ways. It also drags down our nation's economy by perpetuating the cycle of poverty.

Food insecurity—the limited or uncertain availability of nutritionally adequate and safe food—exists in 17.2 million households in America, 3.9 million of them with children.

After School Programs, Inc. for over 5 years have been a sponsor and an unaffiliated sponsor in Broward, Collier and Dade County for the After School Nutrition program. For the past 10 years we have been a provider of the summer food program. Currently After School Programs (ASP) provides snack and nutritious hot suppers to 65 schools in Broward, Collier and Dade Counties. On average we serve 6,000 meals per day.

For the summer program 2015 we will be servicing Broward, Dade and Monroe Counties. As of today we have 54 sites under our sponsorship. Those numbers grow daily with the help of our partners from Florida Impact, Share our Strength, Fresh From Florida and networking.

During the summer programs meals are ordered daily through our central office in Deerfield Beach. We have a complete team working on the food program solely. They train, monitor, review paperwork, invoice and provide daily assistance to any site that needs help. Our staff creates a positive, nurturing and developmentally appropriate environment in a culturally competent manner.

Meals over the summer are cold and unitized for easy distribution to the children. All supplies needed including thermometers, utensils, paper goods and coolers are supplied. If a site is in need of anything they can contact us and we will ensure they get it within a day or two.

During the school year ordering meals is done on a weekly basis and adjustment to orders can be made but may require a day turn - around time. ASP will provide refrigerators for use if needed and food warmers and other needed supplies are provided by the caterer daily. These meals are also unitized for easy distribution.

Temperature checks are done at the time of delivery for both programs and recorded on the invoice to ensure that the food is the proper temperature.

During the summer the cold meals are easy to take on off -site field trips. ASP is required to let the DOH know 10 days in advance of any upcoming field trips so that they know if a DOH monitoring is scheduled on that day the children will not be on site and it will need to be rescheduled. It is the provider's responsibility to inform ASP of all planned summer trips.

ASP will do unannounced monitoring of sites within the first 2 weeks of the program and then again during the summer. If deficiencies are noted monitors will give the sites an opportunity to develop a corrective action plan and we will come out and re monitor the sites with those deficiencies. ASP will retrain, re instruct, review and do whatever necessary to help a site be in compliance with the many rules and regulations required of this program. The DOH can come at any time to visit a site and do a spot check of their paperwork and meal service. Should an unannounced monitoring from DOH occurs, ASP requests contact us immediately so that we can be available to assist you if needed.

ASP does extensive training before the start of the program and continues on an as needed basis. At the beginning of the program the sites will be given a handbook with all the required paperwork explaining how to fill things out when things are due, phone numbers of contact people and any other pertinent information to help the program run seamlessly. It will be a take home training manual. This training also delves into the Civil Rights compliance required by each site and sponsor. This program prohibits discrimination on the bases of race, color, national origin, age, disability, sex, gender identity and religion. Any person having a Civil Right complaint has up to 180 days to file. The lines of communication are always open and ASP is here to help our sites with the battle of food insecurity facing our children.

In order to meet the needs and interests of those we serve we offer a menu that has been approved for our programs and that meets USDA nutritional guidelines. Meal choices are consistent with the Academy of Pediatrics dietary guidelines for children and adolescents.

New this year ASP conducted surveys for the After School Nutrition Programs within the first month and will again in the next few weeks. The objective was and is to obtain information needed to gauge satisfaction and address the specific needs and concerns of the students, parents and providers respectively. This policy will be included in our Summer Food Program also. The surveys are available in English, Spanish and Creole.

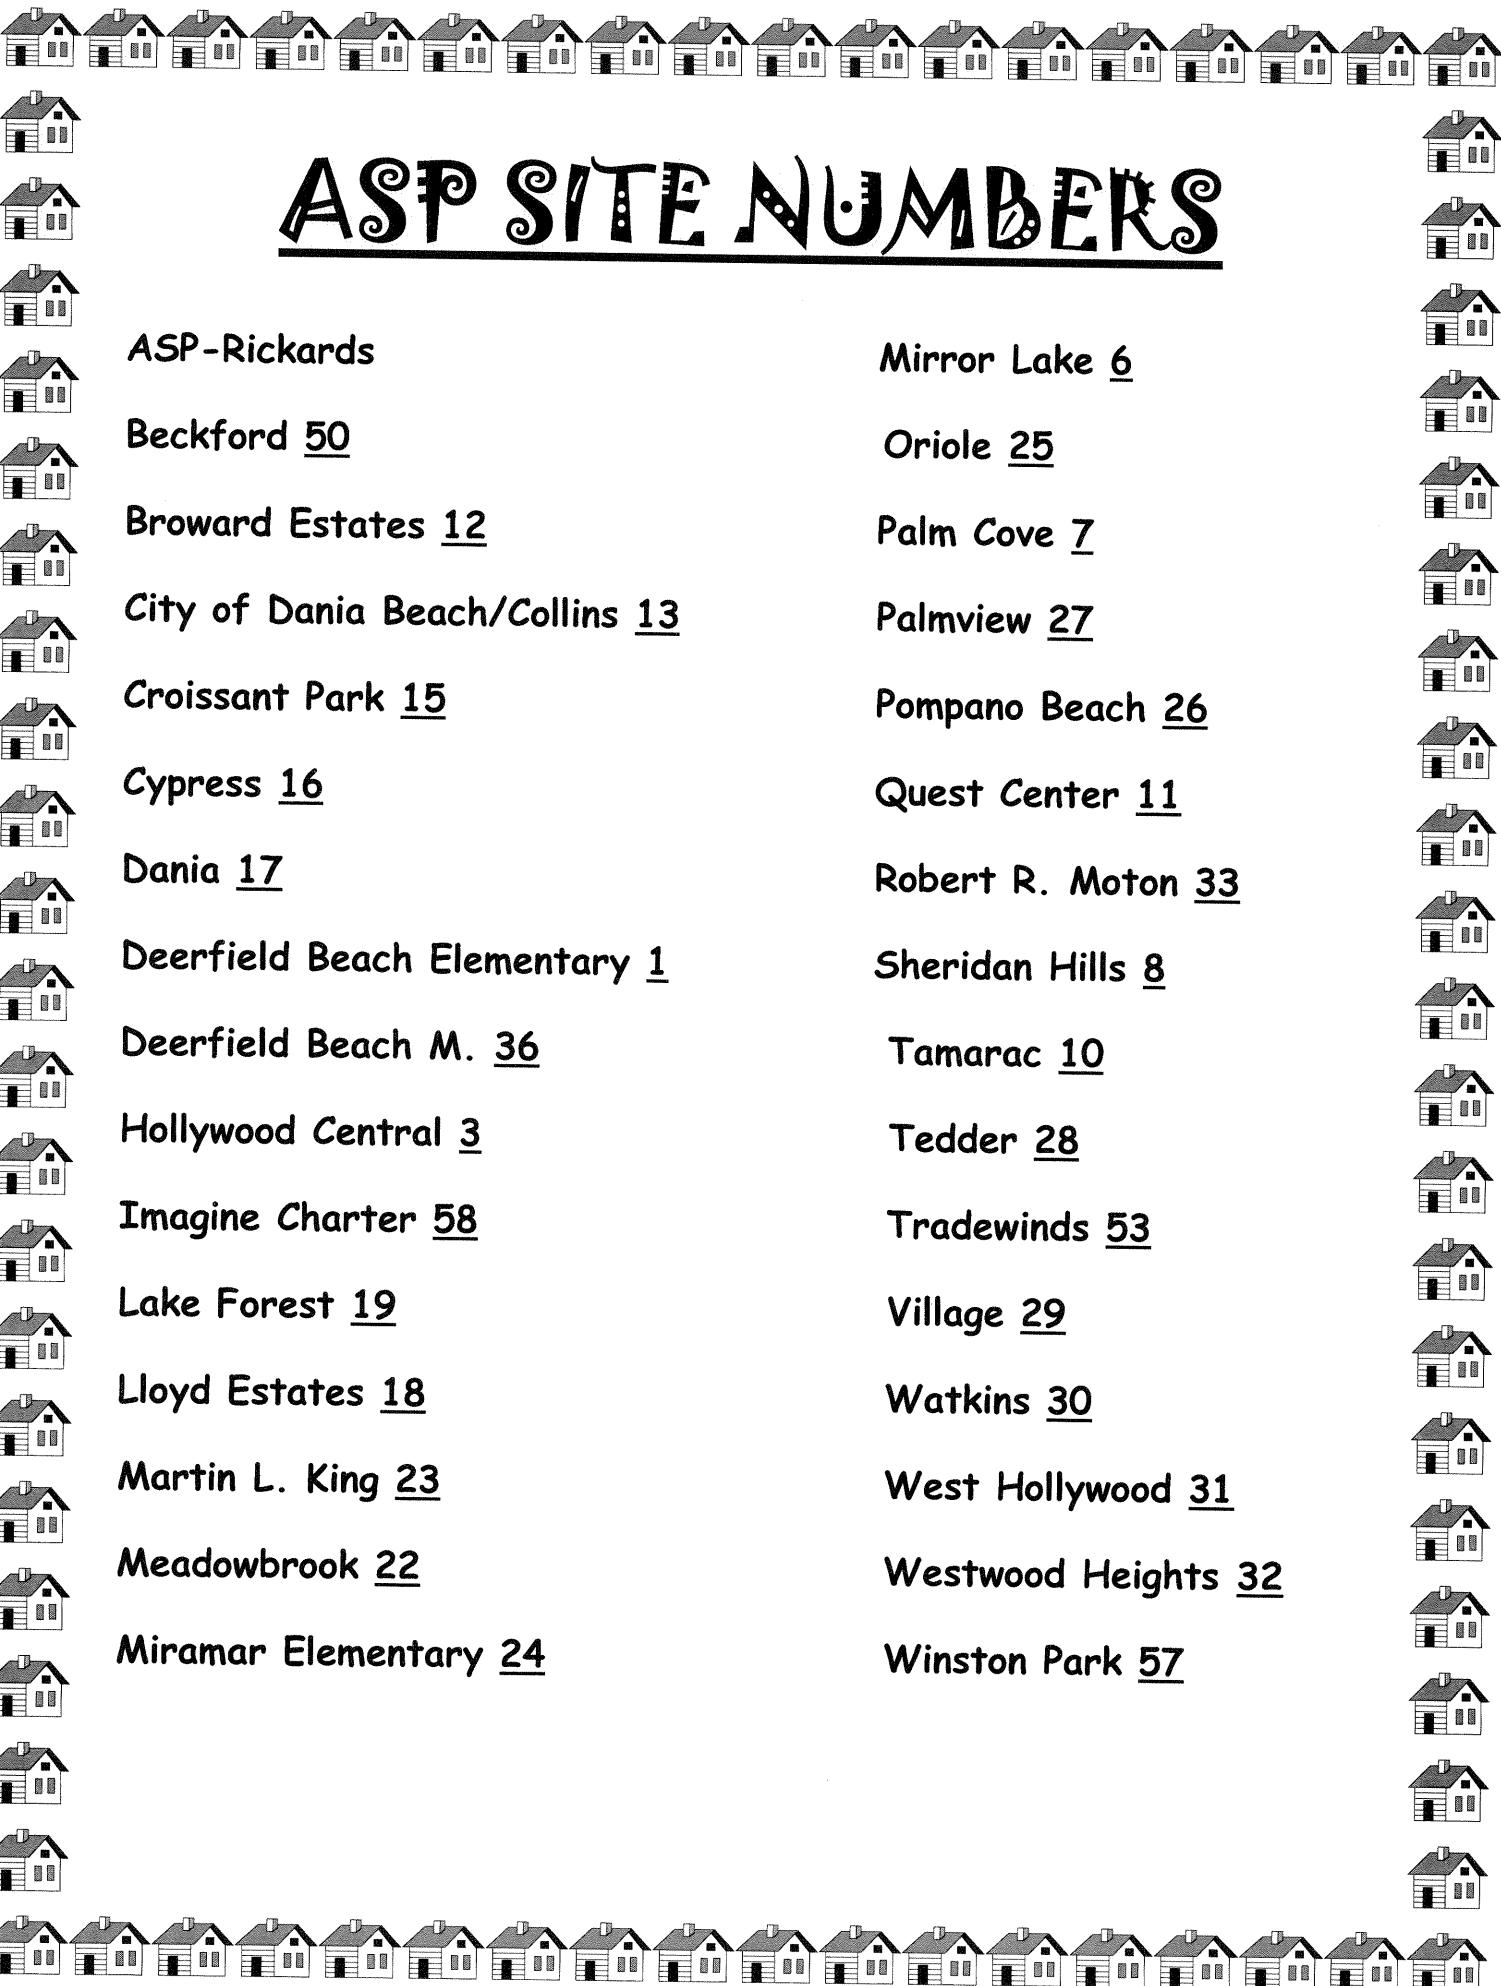

Each site will receive a nutritional curriculum and or activity packet from "My Plate" to enhance the importance of healthy lifestyles when it comes to eating and exercising. Brochures will be made available for parent tables with regard to "healthy eating habits" and "Childhood Obesity". Sites will have the option of giving weekly handouts to parents with a "Healthy Food Recipe".

We currently provide after school and summer programming to 70 schools throughout Florida. We are the recipients of five 21st Century Grants encompassing 11 schools in Broward, Collier, Dade and Orange counties.

Children's Services Council has awarded us grants for a Special Needs, Youth Force and (17) General Population schools in Broward County. We also run a Community Foundation Grant in Broward and a Heart of Florida United Way grant in Orlando. ASP has extensive experience in working with children and their families. Our mission statement is "To be a company that implements genuine care, respect and courtesy for children, parents and each other. To be the premiere provider of child care, while meeting the needs of the children, parents, schools and communities we serve. To enhance and enrich the lives of children as they become young adults, while working as a team toward common goals"

ASP would love the opportunity to partner with the Parks, Recreation, the Cultural Arts division and the After School and Summer Nutrition Programs. Please feel free to contact the references that we have provided as you will be pleased with our reliable, friendly food service programs and the relationships that we have. We look forward to hearing from you so we can work together to start the process of enrolling your sites. Thank you for contacting ASP with this opportunity.

Please fill out this survey for us based on feedback your child/children have told you about the daily nutritious snacks and meals served during the program. We appreciate you taking the time to participate in our survey.

School Name: _____

1- How does the food taste?

Excellent Very Good Fair Poor

2- How would you rate the quality of the food?

Excellent Very Good Fair Poor

3- Please rate the variety of food served daily?

Excellent Very Good Fair Poor

4- How many meals a week does your child eat at this location

0-1 2-3 3-4 4-5

5- If you could change one thing what would it be?

6- How happy are you with this service?

Excellent Very Good Fair Poor

Por favor llene esta encuesta para nosotros basado en la retroalimentación de su hijo / hijos le han dicho acerca de las meriendas nutritivas diarias y comidas que se sirven durante el programa. Agradecemos que haya tomado el tiempo para participar en nuestra encuesta.

Nombre de la escuela: _____

1- Como es el sabor de la comida?

Excelente Muy Buena Justo Mala

2- Cómo calificaría la calidad de la comida?

Excelente Muy Buena Justo Mala

3- Por favor califique la variedad de comida que se sirve todos los días?

Excelente Muy Buena Justo Mala

4- Cuántas comidas a la semana come su hijo/hija en el programa?

0-1 2-3 3-4 4-5

5- Si pudiera cambiar una cosa, qué sería?

6- Qué feliz esta con este servicio?

Excelente Muy Buena Justo Mala
