--	--------------

NOTES:

* Signage Contractor to refer to attached signage spreadsheet, Kimley Horn Structural assessment, and site visits to determine number of sign's that are to be retrofitted with shroud or new. Please include in bid tab above "count".

** Refer to the Kimley Horn structural analysis for conditional rating as a reference only. Structural integrity and workability will be the sole responsibility of the Signage Contractor based on analysis and Signage Contractor's individual site visit, a report will be generated by the Signage Contractor of the existing signs determined to be in good condition which will remain and have a shroud installed. Signs found not in suitable condition by Signage Contractor should be noted on the report for final determination by City/CRA and Signage Contractor.

*** This line item depicts the cost above and beyond actual signage shroud. As an example only (Stucco replacement and paint of signage base)
