INTRODUCTION

As requested by the Pollution Control Division (hereinafter, the “Division or Department”), the Collier County Board of County Commissioners Procurement Services Division (hereinafter, “County”) has issued this Request for Proposal (hereinafter, “RFP”) with the intent of obtaining proposals from interested and qualified vendors in accordance with the terms, conditions and specifications stated or attached. The vendor, at a minimum, must achieve the requirements of the Specifications or Scope of Work stated.

The results of this solicitation may be used by other County departments once awarded according to the Board of County Commissioners Procurement Ordinance.

The County is soliciting proposals from qualified commercial laboratories for analytical laboratory services to perform testing throughout the County. Historically, County departments have spent approximately \$200,000; however, this may not be indicative of future buying patterns.

BACKGROUND

Collier County is seeking the services of experienced commercial laboratories to provide laboratory analyses and reporting services. The services required are in the following categories:

Categories A through C require State of Florida Department of Health (FDOH) certified vendors.

- (A) Water Division
- (B) Wastewater Division
- (C) Environmental Water – Pollution Control

Categories D through G are investigative, non-regulatory analyses and are exempt from FDOH laboratory certification requirements. ISO/IEC 17025:2017 accreditation is preferred for these categories but not required.

- (D) Algae & Toxins – Pollution Control
- (E) Isotopes – Pollution Control
- (F) qPCR DNA Bacteria – Pollution Control
- (G) PFAS – Pollution Control

Intent of this solicitation is to award a Primary and Secondary vendor for each of the specified categories.

TERM OF CONTRACT

The contract term, if an award(s) is/are made is intended to be for three (3) years with two (2) one (1) year renewal options. Prices shall remain firm for the initial term of this contract.

Surcharges will not be accepted in conjunction with this contract, and such charges should be incorporated into the pricing structure.

The County Manager, or designee, may, at his discretion, extend the Agreement under all of the terms and conditions contained in this Agreement for up to one hundred eighty (180) days. The County Manager, or designee, shall give the Contractor written notice of the County's intention to extend the Agreement term not less than ten (10) days prior to the end of the Agreement term then in effect.

All goods are FOB destination and must be suitably packed and prepared to secure the lowest transportation rates and to comply with all carrier regulations. Risk of loss of any goods sold hereunder shall transfer to the COUNTY at the time and place of delivery; provided that risk of loss prior to actual receipt of the goods by the COUNTY nonetheless remain with VENDOR.
