City of Hollywood

Hollywood, FL 33020

To Members of the committee,

Mac's Towing Service Inc. is a family owned and operated business located in Dania Beach, we are located within minutes of I-95, 595 and US1.

The President of our operation is Charles "Mac" McElyea. Mac's son, Tom and daughter In-law Debbie have held positions with our company for over 35 years. Over the years they have introduced their children into the towing industry. Two of their children are currently employed with the family business.

Mac's Towing Service has provided towing services for our community since 1956. We have towed for City of Hollywood in the past without incident. We do not rent or lease our property, we own our facility and all of our equipment. We are staffed 24 hours a day, 7 days a week with a live dispatcher and drivers. Managers are available from 8am to 8pm and can always be reached after hours if needed.

Our goal has always been to provide excellent customer service and to respond to all scenes in the quickest, but safest manner possible. Upon arrival, it is our priority to clear the roadway and assist the customers and police in any way we can. To make this possible, we station our drivers all around the county and ready to respond in any direction needed. All of our trucks are equipped with a two way radio and drivers are required to carry a cell phone at all times for immediate communication with dispatcher.

We understand the importance of providing quality service in a timely fashion. We have towed for The City of Hollywood, City of Fort Lauderdale and Town of Davie police in the past. We currently tow for Florida Highway Patrol and Broward Sheriff's Office, as well as Broward County. We fully understand the significance of having a reputable company service the city. We have the knowledge, facility, equipment and employees to service the city of Hollywood.

Over the course of the many police contracts we have served, we have had very few complaints from anyone including response times and pricing. As a family owned and operated business, we recognize the value of being honest and fair with the customers of our community.

All of our employees have been drug tested and completed background check. We have zero tolerance.  
We look forward to having the opportunity to service the City of Hollywood.

Sincerely,  
Thomas McElyea

Debbie McElyea,

Question(s) on Bid RFP-4530-16-JE - Agreement for City-Wide Wrecker Towing Services have been answered by City of Hollywood, Florida, FL.  
Item: Agreement for City-Wide Wrecker Towing Services

**Question**

Questions Relating to RFP-4530-16-JE

1. Section 12, page 34, fails to delineate the numbers and types of equipment that are required to service the City of Hollywood. Please advise the minimum number and types of equipment that are necessary in order to be qualified to respond to this procurement.
2. Section 12, page 34, fails to define what is a "First Party Lease". We assume that this provision means that the equipment must be leased directly by the responding parties, and that such equipment is presently located full time at the responding party's facility. We would like to confirm that this provision does not enable equipment to be borrowed or utilized on a case by case basis. As such, we would like to confirm that all leased equipment must be, at all times, within the responding party's full time dominion and control. Please confirm same.
3. Part 1 Section 3, page 26, prohibits referrals to automobile repair or automobile paint and body repair businesses. We assume that this provision is also intended to prohibit referrals to legal outlets, including but not limited to law firms, non-lawyer referral services, and the like. Please confirm same.
4. Part 1 Section 3, page 26, makes it clear that a respondent must be regularly engaged in towing services within the geographical boundaries of the City of Hollywood for the past 5 years. What proof of regular service would you like a respondent to provide with its proposal? Would 5 years of tow logs within the City suffice? (Submitted: Oct 19, 2016 3:52:51 PM MDT)

**Answer(s)**

1. Section 12, page 34, fails to delineate the numbers and types of equipment that are required to service the City of Hollywood. Please advise the minimum number and types of equipment that are necessary in order to be qualified to respond to this procurement.

Answer: As the possibilities are endless regarding situations requiring the Franchisee's response, the following blanket term should be utilized: Franchisee must have adequate up to date equipment capable of handling all types of vehicles in the safest possible way and in any situation or quantity that may arise.

In addition; Franchisee shall have available the following types of equipment:

Wreckers (Tow Trucks)

All wreckers will be registered and shall have appropriate licenses to operate as wreckers. Franchisee's towing license number shall be displayed on the front of the vehicle in letters at least (3) three inches high. The company name (or name of Joint Venture) shall be displayed on the driver and passenger side of the vehicle in letters at least (3) three inches high. Franchisee's address (or address of Joint Venture) and telephone number shall be displayed on driver and passenger side of the vehicle in letters at least (2) two inches high. Franchisee shall produce evidence of ownership or valid 1st party lease of the required number of Class "A", Class "B", Class "C", Class "D" and slide back car carriers. Franchisee shall maintain mobile communications equipment between its truck and base stations. All equipment shall be maintained in a state of readiness for response as delineated in this agreement and shall be for the sole use of City. Franchisee agrees to have no markings on vehicle that indicate or tend to indicate any official relationship between Franchisee and the Police Department, Parking Department, or Code Enforcement or City.

2. Section 12, page 34, fails to define what is a "First Party Lease." We assume that this provision means that the equipment must be leased directly by the responding parties, and that such equipment is presently located full time at the responding party's facility. We would like to confirm that this provision does not enable equipment to be borrowed or utilized on a case by case basis. As such, we would like to confirm that all leased equipment must be, at all times, within the responding party's full time dominion and control. Please confirm same.

Answer: If Franchisee sub-contracts, Franchisee is still solely responsible for meeting all of the requirements set forth in this agreement. The equipment utilized by the Franchisee, must be maintained and in full time dominion and control of the Franchisee.

3. Part 1 Section 3, page 26, prohibits referrals to automobile repair or automobile paint and body repair businesses. We assume that this provision is also intended to prohibit referrals to legal outlets, including but not limited to law firms, non-lawyer referral services, and the like. Please confirm same.

Answer: Franchisee shall not engage directly or indirectly or through any subsidiary or other entity in referrals to any legal outlets, to include but not limited to law firms, non-lawyer referral services, and the like.

4. Part 1 Section 3, page 26, makes it clear that a respondent must be regularly engaged in towing services within the geographical boundaries of the City of Hollywood for the past 5 years. What proof of regular service would you like a respondent to provide with its proposal? Would 5 years of tow logs within the City suffice?

Answer: (5) Five years of tow logs would suffice as proof of regular service within the geographical boundaries of the City of Hollywood.

Debbie McElyea,

Item: Agreement for City-Wide Wrecker Towing Services

**Question**

I am also interested in bidding, however, I cannot seem to locate the geographic requirements that the City requires. What is the maximum distance that our facility may be located in order to be considered for award of contract? (Submitted: Oct 13, 2016 8:38:55 AM MDT)

**Answer(s)**

- The geographic boundaries map has been added as an addendum to this RFP.

The vendor would need to be located close enough to the city to meet the response times (Delays) outlined in item #7.4 of the RFP. If the response time from the vendor's facility is more than 30 minutes from the geographic boundary map requirements then your facility is too far to be able to fulfill the requirements of the RFP.
