**Re: Construction Phase Site Observation Services
Van Buren Parking Garage**

Dear Terry,

With reference to our recent meeting and telephone conversation Lakdas/Yohalem Engineering, Inc. would be pleased to provide site observations during the construction phase of the above-referenced project. It is our understanding that the referenced project will be completed in 90 calendar days.

Our fee for the said services would be as follow:

Site Observations	68 days x 6 hours a day x \$85 per hour	=\$34,680
Project Engineer	6 hours per week x 12 weeks x \$125 per hour	=\$9,000
Clerical	4 hours per week x 12 weeks x \$55 per hour	=\$2,640

Our total fee for the construction phase engineering services would be \$46,320.

Please provide us with a purchase order or sign and return this proposal so that we can proceed with the work.

Sincerely,

Lakdas Nanayakkara, P.E. #37590
