FDOT shall not be responsible for any costs associated with the Project. All improvements funded, constructed, and installed by the Agency shall remain the Agency's property. However, this permissive use of FDOT's right-of-way where the Project is located does not vest any property right, title, or interest in or to the Agency for FDOT's right-of-way.

The Parties agree that this Agreement creates a permissive use only. Neither the granting of permission to use FDOT's right-of-way nor the placing of facilities upon FDOT's right-of-way shall operate to create or vest any property right in or to the Agency. The Agency shall not acquire any right, title, interest, or estate in FDOT right-of-way, of any nature or kind whatsoever, by virtue of the execution, operation, effect, or performance of this Agreement including, but not limited to, the Agency's use, occupancy or possession of FDOT right-of-way.
 - g. FDOT shall have the right, but not the obligation, to perform independent assurance testing during the course of construction and throughout the maintenance term of the Project. If FDOT determines that a condition exists which threatens the public's safety, FDOT may, at its discretion, cause the Project to cease and/or immediately have any potential hazards removed from its right-of-way at the sole cost, expense, and effort of the Agency. Should the Agency fail to remove the safety hazard within thirty (30) days, FDOT may remove the safety hazard at the Agency's sole cost, expense, and effort.

 - j. Upon completion of the Project, the Agency shall notify FDOT in writing of the completion of the installation of the Project. For all design work that originally required certification by a Professional Engineer, the notification shall contain a Responsible Professional's Certification of Compliance, signed and sealed by the Responsible Professional for the Project, the form of which is attached to this Agreement as Exhibit "E". The certification shall state that work has been completed in compliance with the Project construction plans and specifications. If any deviations are found from the approved plans, the certification shall include a list of all deviations along with an explanation that justifies the reason to accept each deviation. The Agency and its contractors shall remove their presence, including, but not

The Agency shall have thirty (30) days from the date of receipt of FDOT's written notice to complete the Project and provide FDOT with written notice of the same ("Notice of Completion"). If the Agency fails to timely deliver the Notice of Completion, or if it is determined that the Project is not properly completed after receipt of the Notice of Completion, FDOT may: 1) provide the Agency with written authorization granting additional time as FDOT deems appropriate to correct the deficiency(ies); or 2) correct the deficiency(ies) at the Agency's sole cost and expense, without FDOT liability to the Agency for any resulting loss or damage to property, including but not limited to machinery and equipment. If FDOT elects to correct the deficiency (ies), FDOT shall provide the Agency with an invoice for the costs incurred by FDOT and the Agency shall pay the invoice within thirty (30) days of the date of the invoice.
- l. Upon completion of the Project, the Agency shall be responsible for the perpetual maintenance of the Project, including all costs. The Maintenance schedule shall include Initial Defect, Instantaneous Damage and Deterioration components.
