Department of Public Utilities
Hydraulic Modeling Assistance

Dear Ms. Hipolito:

As requested, we are pleased to submit our scope of services for hydraulic modeling assistance to the City of Hollywood Department of Public Utilities on an as-needed basis (on demand) for hydraulic modeling tasks that cannot be defined specifically in advance, but that are required additional services related to developer proposals and assistance with utilities planning.

SCOPE OF SERVICES

Hazen will provide hydraulic modeling support services on demand to assist the Department of Public Utilities based on the consultant's hourly rate schedule established in the Professional Services Agreement dated November 7, 2023. Services may include the following:

- Perform model simulations
- Comparison of results against previously established minimum system criteria
- Verification of wastewater generation rates
- Summary of modeling simulation results
- General communications and meetings

COMPENSATION

Services shall be on an as-needed basis per the consultant's hourly rate schedule established in the Professional Services Agreement dated October 2023 but shall not exceed \$300,000.

SCHEDULE

These services will be provided on an as-needed basis. We are ready to proceed immediately upon authorization.

Engineering services for the project will be performed as part of our Professional Services Agreement for General Engineering Consultant Services (Agreement) dated October 2023. Services provided by H&S shall be limited to those services specifically identified in this work order (this work order supersedes the tasks listed in the Agreement).

We appreciate the opportunity to offer these services to the City. Please contact us if you have any questions or comments concerning this proposal.

Very truly yours,

HAZEN AND SAWYER, D.P.C.
