Most Recent Soccer Successes |

On the field - Commissioner's Cup 2016/2017 Champions of Region A (Jupiter to Key West)

With the "If you believe in it and back it up with hard work, everything in life is possible" attitude I was very proud to lead my recreational level Girls U16 team to become the Commissioner's Cup Champions of South Florida by overpowering a Competitive Travel team 4:0 in the finals. Catapulting them straight to the 85th ranked team in the State inspired them to play their next season as a Competitive Travel Team. This much needed newfound confidence will also provide them with the exposure to the college coaches in the near future.

Off the field - Hollywood Cup 5v5 Spring Shootout

In 4 short year this homegrown soccer tournament went from 0 to the largest soccer tournament within City of Hollywood city limits. This year 2018 we hosted 131 teams from all over Florida. That's over 1000 players, over 2000 parents, grandparents and siblings, close to 250 games in 2 days. All squeezed onto Boggs Field in 2 days in April.

Off the field - Hollywood Wildcats FC

Along with a group of 7 other dedicated volunteers took a financially and otherwise tired soccer club founded in Hollywood back in 1985 from the edge of collapse to a thriving and exciting success that is

Education Advisory Committee - Questions*

I believe the current challenges facing education are financial- There has been no adequate budget that would help administrators and teachers to provide a more efficient environment conducive to learning. Another one would be the lack of access to resources that would enhance students' success in the classrooms and while taking exams.

My vision is to help create and maintain a curriculum that reflects current educational's needs for students' success.

The primary work is to create or find invaluable resources that would help students to become successful in the classrooms.

With only one meeting a month, the committee is limited to sharing of information that would help Hollywood's/Broward educational system to be in a better place. The committee should rely on a voting system when deciding on important issues.

The committee should have an evaluating system that would point out all the accomplishments at the end of the school calendar year.

Historic Preservation Board - Questions*

1. My love of historic architecture is what led me to move to Hollywood 28 years ago. I immersed myself in the history of the city through readings, research and tours and continue to be fascinated by Joseph Young's vision and planning.
2. My experience as the owner of a historic home has provided me with an appreciation for the value and challenges of these older properties. The homes built during the initial development of the city in the early 1920s are our tie to the past and a large part of what makes Hollywood unique. Professionally, I work for an organization with deep roots in and a commitment to give back to the community it serves. These combination of these experiences gives me an understanding of both the needs for preservation and growth.
3. I think purposeful planning is very important in order to promote growth without negatively impacting the historic neighborhoods. As the city ages, areas that were previously not thought of as historic are now valued (as the area west of I-95 with its mid-century modern homes demonstrates). Recognizing that early and planning for the preservation of these areas is critical. Concentrated growth only in select areas leads to overcrowding and insufficient infrastructure to support the population. Planning for and promoting both residential and commercial development with a focus on growth across the city would continue to grow the tax base without overburdening selected areas.
4. The combination of architectural styles is one of the things that makes the neighborhoods of Hollywood so attractive. Maintaining the historic architecture while allowing new building of different styles will continue to produce the variety of architecture that makes Hollywood so interesting.
5. The combination of architecture and the beautiful variety of green spaces.

Please answer these five questions above. 1. How have you prepared yourself to serve on the Historic Preservation Board? 2. Explain how your personal and/or professional experiences will contribute to the meeting the goal(s) of the Board or City. * Personal experiences, * Professional experiences. 3.
