Explanation:

On July 2, 2014, the City Commission passed and adopted Resolution No. R-2014-204 which authorized the issuance of purchase orders for the purchase and installation of a CCTV and Automated License Reader Camera system and related components to be performed in separate sequential phases. The agreement was executed on February 18, 2015.

It was determined that the City would require alternate locations for the installation of the CCTV camera equipment, and that the rooftop of the North Beach Condominium Association, Inc. ("North Beach") would be a viable location to install, operate and maintain certain communications equipment.
