Description

Third-Party Claims Administration
Workers' Compensation Claims

Competitive proposals are being sought for third-party claims administration services for the City's self-insurance workers' compensation program. Competitive proposals also are being sought for third-party claims administration services for the City's self-insurance liability program, which includes the following lines of coverage: general liability, automobile liability and police professional

liability. Although the City is open to having two third-party administrators, one for workers' compensation claims and another one for liability claims, the City prefers to utilize one third-party administrator for both types of claims.

The City currently carries excess workers' compensation insurance coverage with a self-insurance retention of \$600,000 per claim. The City's current claims administrator is Ascension Benefits & Insurance Solutions of Florida, Inc. ("Ascension"). Ascension has been under contract to provide these services since June 1, 2003.

The City is seeking a three-year contract with rights to renew for 2 additional one-year terms at the sole option of the City. If any services are not to be provided by the proposer's employees and are intended to be contracted out, the specifics of those contract(s) must be explained, including pricing, in the proposer's response to this RFP. The commencement date of the contract will be October 1, 2016.

The third-party claims administrator will be required to provide all specified adjusting services for claims as well as all other required services, such as administrative, managed care, computerized claims/loss statistical information (RMIS) and banking/loss fund reconciliation as outlined in this RFP.

Third Party Claims Administration

Liability Claims

Although the City is open to having two third-party claim administrators, one for workers' compensation claims and another one for liability claims, the City prefers to utilize one third-party claims administrator for both types of claims.

The City currently carries excess liability insurance coverage with a self-insurance retention of \$400,000 per claim. The City's current claims administrator is Ascension Benefits & Insurance Solutions of Florida, Inc. ("Ascension"). Ascension has been under contract to provide these services since June 1, 2003.

CONE OF SILENCE

The City of Hollywood City Commission adopted Ordinance No. O-2007-05, which created Section 30.15(F) imposing a Cone of Silence for certain City purchases of goods and Services.

The Cone of Silence refers to limits on communications held between vendors and vendor's representatives and City elected officials, management and staff during the period in which a Formal Solicitation is open.

The Ordinance does allow potential vendors or vendor's representatives to communicate with designated employees for the limited purpose of seeking clarification or additional information. The names and contact information of those employees that may be contacted for clarification or additional information are included in the solicitation.

The Cone of Silence does not prohibit a vendor or vendor's representative from communicating verbally, or in writing with the City Manager, the City Manager's designee, the City Attorney or the City Attorney's designee on those procurement items to be considered by the City Commission.

The Cone of Silence does not prohibit a vendor or vendor's representative from making public presentations at a duly noticed pre-bid conference or duly noticed evaluation committee meeting or from communicating with the City Commission during a duly noticed public meeting.

The Cone of Silence shall be imposed when a formal competitive solicitation has been issued and shall remain in effect until an award is made, a contract is approved, or the City Commission takes any other action which ends the solicitation.

To view the Cone of Silence, Ordinance No. O-2007-05, go to the City of Hollywood's Official website at <http://www.hollywoodfl.org/ConeOfSilence>

All communications regarding this bid should be sent in writing to the Procurement Services Division as identified in this bid.

Addenda will be posted on the City's internet site along with the RFP.

The terms of the RFP and the selected Vendor's proposal and any additional documentation (e.g. questions and answers) provided by the Vendor during the solicitation process will be integrated into the final contract for services entered into between the City and the selected Vendor. - A. Proposers shall thoroughly examine the drawings, specifications, schedules, instructions and all other contract documents.
- B. Proposers shall make all investigations necessary to thoroughly inform themselves regarding delivery of material, equipment or services as required by the RFP conditions. No plea of ignorance, by the proposer, of conditions that exist or that may hereafter exist as a result of failure or omission on the part of the proposer to make the necessary examinations and investigations, or failure to fulfill in every detail the requirements of the contract documents, will be accepted as a basis for varying the requirements of the City or the compensation due the proposer.
- C. Proposers are advised that all City contracts are subject to all legal requirements provided for in the City of Hollywood Charter, Code of Ordinances and applicable County Ordinances, State Statutes and Federal Statutes.

Solicitation #RFP-4522-16-RD**

sales or otherwise, levied on their purchases, subcontracts, employment, etc. An exemption certificate will be signed where applicable, upon request. The City will pay no sales tax.

1.4 DESCRIPTION OF SUPPLIES

Any manufacturer's names, trade names, brand names, or catalog numbers used in these applications are for the purpose of describing and establishing minimum requirements or level of quality, standards of performance, and design required, and are in no way intended to prohibit the bidding of other manufacturers' items of equal material, unless specifications state "NO SUBSTITUTIONS."

Proposers must indicate any variances to the specifications, terms, and conditions, no matter how slight. If variations are not stated in the proposal, it shall be construed that the proposal fully complies with the Specifications, Terms and Conditions.

Proposers are required to state exactly what they intend to furnish; otherwise they shall be required to furnish the items as specified.

Proposers will submit, with their proposal, necessary data (factory information sheets, specifications, brochures, etc.) to evaluate and determine the quality of the item(s) they are proposing.

The City shall be the sole judge of equality and its decision shall be final.

The Proposer should not rely on any representation, statement or explanation, whether written or verbal, other than those made in this RFP solicitation document or in any addenda issued. Where there appears to be a conflict between this RFP solicitation and any addendum, the last addendum issued shall prevail. It is the proposer's responsibility to ensure receipt of all addenda and any accompanying documents. Proposer(s) shall acknowledge receipt of any formal Addenda by signing the addendum and including it with their proposal. Failure to include signed formal addenda in its proposal shall cause the City to deem the proposal non-responsive provided, however, that the City may waive this requirement in its best interest.

1.6 REJECTION OF PROPOSALS

The City may reject a proposal if:

- A. The Proposer fails to acknowledge receipt of an addendum, or if
- B. The Proposer misstates or conceals any material fact in the proposal, or if
- C. The proposal does not strictly conform to the law or requirements of the RFP, or if

- A. Proposals may not be withdrawn and shall be deemed enforceable for a period of 180 days after the time set for the RFP opening.
- B. Proposals may be withdrawn prior to the time set for the RFP opening. Such request must be in writing.
- C. The City will permanently retain as liquidated damages the bid deposit furnished by any proposer who requests to withdraw a proposal after the RFP opening.

Issue DateCity of Hollywood, Florida
Solicitation #RFP-4522-16-RD**1.8 PROPOSALS TO REMAIN OPEN**

All Proposals shall remain open for 180 calendar days after the day of the Proposal opening, but the City may, at its sole discretion, release any Proposal and return the Proposal Security prior to that date.

Extensions of time when Proposals shall remain open beyond the 180 day period may be made only by mutual written agreement between the City, the successful Proposer and the surety, if any, for the successful Proposer.

1.9 LATE PROPOSALS OR MODIFICATIONS

Only proposals received as of the opening date and time will be considered timely. Proposals and modifications received after the time set for the opening will be returned un-opened to the sender and rejected as late.

1.10 CONFLICTS WITHIN THE SOLICITATION

Where there appears to be a conflict between the General Terms and Conditions, Special Conditions, the Technical Specifications, the RFP Submittal Section, or any addendum issued, the order of precedence shall be the last addendum issued, the RFP Submittal Section, the Technical Specifications, the Special Conditions, and then the General Terms and Conditions.

1.11 CLARIFICATION OR OBJECTION TO PROPOSAL SPECIFICATIONS

If any person contemplating submitting a proposal for this contract is in doubt as to the true meaning of the specifications or other RFP documents or any part thereof, they may submit requests for clarification to the Procurement Services Division on or before the date specified for a request for clarification. All such requests for clarification shall be made in writing and the person submitting the request will be responsible for its prompt delivery. Any interpretation of the RFP, if made, will be made only by Addendum duly issued. A copy of such Addendum will be made available to each person receiving a Request for Proposals. The City will not be responsible for any other explanation or interpretation of the RFP given prior to the award of the contract. Any objection to the specifications and requirements as set forth in this RFP must be filed in writing with the Director of Procurement Services on or before the date specified for a request for clarification.

1.12 COMPETENCY OF PROPOSERS

Pre-award inspection of the Proposer's facility may be made prior to the award of a contract. Proposals will be considered only from firms which are regularly engaged in the business of providing the goods and/or services as described in this RFP(s); have a record of performance for a reasonable period of time; and have sufficient financial support, equipment and organization to ensure that they can satisfactorily deliver the material and/or services if awarded a Contract under the terms and conditions herein stated. The terms "equipment and organization" as used herein shall be construed to mean a fully equipped and well established company in line with the best business practices in the industry and as determined by the proper authorities of the City.

The City may consider any evidence available to it of the financial, technical and other qualifications and abilities of a proposer, including past performance (experience) in making the award in the best interest of the City. In all cases the City of Hollywood shall have no liability to any proposer for any costs or expense incurred in connection with this RFP or otherwise.

1.13 QUALIFICATIONS OF PROPOSERS

No Proposal will be accepted from, nor will any contract be awarded to any person who is in arrears to the City upon any debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to City, or who is deemed responsible or unreliable by the City.

As part of the Proposal evaluation process, City may conduct a background investigation including a record check by the Hollywood Police Department. Proposer's submission of a Proposal constitutes acknowledgment of the process and consent to such investigation. City shall be the sole judge in determining a Proposer's qualifications.

Issue DateCity of Hollywood, Florida
Solicitation #RFP-4522-16-RD**1.14 CONSIDERATION OF PROPOSALS**

In cases where an item requested is identified by a manufacturer's name, trade name, catalog number, or reference, it is understood that the Vendor proposes to furnish the item so identified and does not propose to furnish an "equal" unless the proposed "equal" is pre-approved by the City.

References to any of the above are intended to be descriptive but not restrictive and only indicate articles that will be satisfactory. A proposal of an "equal" will be considered, provided that the Vendor states in his proposal exactly what he proposes to furnish, including sample, illustration, or other descriptive matter which will clearly indicate the character of the article covered by such proposal. The designated City representative hereby reserves the right to approve as an "equal", or to reject as not being an "equal", any article proposed which contains major or minor variations from specifications requirements.

1.15 AWARD OF CONTRACT

If the Contract is to be awarded, it will be awarded, after evaluation by the City, to the responsible and responsive Proposer whom the City determines will be in the best interests of the City and not necessarily to the lowest cost Proposer. Proposers may be invited to an oral interview before the committee. A short list of finalists will be determined and presented to either the City Manager or his/her designee or to the City Commission, in accordance with the applicable City of Hollywood Code of Ordinances, and will make the final ranking for the purposes of negotiating a contract with the top ranked firm. The successful Proposer shall be required to sign a negotiated contract; the refusal or failure of a successful Proposer to execute a contract which contains the mandatory material terms and conditions contained in the RFP, shall be grounds for deeming the Proposer and/or the Proposer's Proposal non-responsive.

If applicable, the Proposer to whom award is made shall execute a written contract prior to award by the City Commission. If the Proposer to whom the first award is made fails to enter into a contract as herein provided, the Contract may be let to the next highest ranked Proposer who is responsible and responsive in the opinion of the City.

1.16 BASIS FOR AWARD, EVALUATION CRITERIA AND QUESTIONS

The qualification of proposal responders on this project will be considered in making the award. The City is not obligated to accept any proposal if deemed not in the best interest of the City to do so. The City shall make award to a qualified proposer based on fees submitted and responses to this RFP.

Failure to include in the proposal all information outlined herein may be cause for rejection of the proposal.

The City reserves the right to accept or reject any and all proposals, in whole or in part, as determined to be in the best interest of the City in its sole discretion.

The City reserves the right to waive any informalities or irregularities in proposals.

The City reserves the right to negotiate separately the terms and conditions or all or any part of the proposals as deemed to be in the City's best interest in its sole discretion.

Information and/or factors gathered during interviews, negotiations and any reference checks, and any other information or factors deemed relevant by the City, shall be utilized in the final award. The final award of a contract is subject to approval by the City Commission.

1.17 AGREEMENT

An agreement shall be sent to the awarded proposer to be signed, witnessed, and returned to the City for execution. The City will provide a copy of the fully executed agreement to the awarded proposer.

1.18 NOTICE TO PROCEED

A signed purchase order, blanket purchase order or fully executed agreement will be the Proposer's authorization to proceed and may substitute for a "Notice to Proceed" form.

Issue DateCity of Hollywood, Florida
Solicitation #RFP-4522-16-RD**1.19 BID PROTESTS**

The City shall provide notice of its intent to award or reject to all Proposers by posting such notice on the City's website.

After a notice of intent to award a contract is posted, any actual or prospective proposer who is aggrieved in connection with the pending award of the contract or any element of the process leading to the award of the contract may protest to the Director of Procurement Services. A protest must be filed within five business days after posting or any right to protest is forfeited. The protest must be in writing, must identify the name and address of the protester, and must include a factual summary of, and the basis for, the protest. Filing shall be considered complete when the protest, including a deposit, is received by the Procurement Services Division. . Failure to file a protest within the time-frame specified herein shall constitute a full waiver of all rights to protest the City's decision regarding the award.

The written protest shall state in detail the specific facts and law or ordinance upon which the protest of the proposed award is based, and shall include all pertinent documents.

A written protest may not challenge the relative weight of evaluation criteria or a formula for assigning points.

Upon receipt of a formal written protest, the City shall stop award proceedings until resolution of the protest; unless it has been determined that the award of the contract without delay is necessary to protect substantial interests of the City.

Any and all costs incurred by a protesting party in connection with a bid protest shall be the sole responsibility of the protesting party.

Upon receipt of a protest of the pending award of a contract, a copy of the protest shall promptly be forwarded to the City Attorney. The City Attorney shall thereupon review the charge to determine its sufficiency, including whether the protest was timely filed. If upon review the City Attorney determines that the charge is insufficient, the City Attorney may issue a summary dismissal of the protest. If upon review the City Attorney determines that the charge is sufficient, a hearing of the protest committee shall be scheduled.

A protest committee shall have the authority to review, settle and resolve the protest. The committee shall consist of three members appointed by the City Manager. The committee's review shall be informal.

If the protest committee determines that the pending award of a contract or any element of the process leading to the award involved a significant violation of law or applicable rule or regulation, all steps necessary and proper to correct the violation shall be taken. If the committee determines that the protest is without merit,

The Director shall promptly issue a decision in writing stating the reason for the decision and furnish a copy to the protester and any other interested party, and the process leading to the award shall proceed.

1.20 PREPARATION OF PROPOSALS

Proposals shall be prepared in accordance with the proposal response format. Proposals not complying with this format may be considered non-responsive and may be removed from consideration on this basis.

Requirements for Signing Proposal

- A. Each proposer, by making a proposal, represents that this document has been read and is fully understood.
- B. The proposal must be signed in ink by an individual authorized to legally bind the person, partnership, company, or corporation submitting the proposal.
- C. All manual signatures must have the name typed directly under the line of the signature.
- D. The above requirements apply to all RFP addenda.

1.21 EXAMINATION OF PROPOSAL DOCUMENTS

Before submitting a Proposal, each Proposer must: examine the Proposal Documents thoroughly; consider federal, state and local laws, ordinances, rules and regulations that may in any manner affect cost, progress, performance, or

Issue Date

City of Hollywood, Florida
Solicitation #RFP-4522-16-RD

provision of the commodities and/or services; study and carefully correlate Proposer's observations with the Proposal Documents, and notify the City's agent of all conflicts, errors and discrepancies in the Proposal Documents.

The submission of a Proposal will constitute an incontrovertible representation by the Proposer, that the Proposer has complied with every requirement of this RFP, that without exception, the Proposal is premised upon performing the services and/or furnishing the commodities and materials in accordance with such means, methods, techniques, sequences or procedures as may be indicated in or required by the Proposal Documents, and that the Proposal Documents are sufficient in scope and detail to indicate and convey understanding of all terms and conditions of performance and furnishing of the goods and/or services.

1.22 PUBLIC RECORDS LAW

If applicable, for each public agency contract for services, the Proposer is required to comply with F.S. 119.0701, which includes the following:

- A. Keep and maintain public records that ordinarily and necessarily would be required by the public agency in order to perform the service.
- B. Provide the public with access to public records on the same terms and conditions that the public agency would provide the records and at a cost that does not exceed the cost provided in F.S. Chapter 119 or as otherwise provided by law.
- C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.
- D. Meet all requirements for retaining public records and transfer, at no cost, to the public agency, all public records in possession of the proposer upon termination of the contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the public agency in a format that is compatible with the information technology systems of the public agency.

Public records may be inspected and examined by anyone desiring to do so, at a reasonable time, under reasonable conditions, and under supervision by the custodian of the public record. Sealed Proposals become subject to the public records disclosure requirements of F.S. Chapter 119, notwithstanding a proposers' request to the contrary, at the time the City provides notice of a decision or intended decision, or 30 days after the proposal opening, whichever is earlier.

Financial statements submitted in response to a request by the City may be confidential and exempt from disclosure. Data processing software obtained under a licensing agreement which prohibits its disclosure may also exempt.

Proposers are hereby notified and agree that all information submitted as part of, or in support of RFP submittals will be available for public inspection after opening of RFP in compliance with Chapter 119 of the Florida Statutes. The proposer shall not, unless required as part of this RFP, submit any information in response to this invitation which the proposer considers to be a trade secret, proprietary or confidential. 1.25 MODIFICATION AND WITHDRAWAL OF PROPOSALS

Proposals must be modified or withdrawn by an appropriate document duly executed in the manner that a Proposal must be executed and delivered to the place where Proposals are to be submitted at any time prior to the deadline for submitting Proposals. A request for withdrawal or a modification must be in writing and signed by a person duly authorized to do so and, in a case where signed by a deputy or subordinate, the principal's proper written grant of authority to such deputy or subordinate must accompany the request for withdrawal or modification. Withdrawal of a Proposal will not prejudice the rights of a Proposer to submit a new Proposal prior to the Proposal date and time. Except where provided in the following paragraph no Proposal may be withdrawn or modified after expiration of the period for receiving Proposals.

If, within twenty-four (24) hours after Proposals are opened, any Proposer files a duly signed written notice with the City and within five (5) calendar days thereafter demonstrates to the reasonable satisfaction of the City by clear and convincing evidence that there was a material and substantial mistake in the preparation of its Proposal, or that the mistake is clearly evident on the face of the Proposal but the intended correct Proposal is not similarly evident, then the Proposer may withdraw its Proposal and the Proposal Security will be returned.

1.26 REJECTION OF PROPOSALS

To the extent permitted by applicable state and federal laws and regulations, the City reserves the right to reject any and all Proposals, to waive any and all informalities, irregularities and technicalities not involving price, time or changes in the commodities and/or services, and the right to disregard all nonconforming, non-responsive, unbalanced or conditional Proposals. Proposals will be considered irregular and may be rejected if they show serious omissions, alterations in form, additions not called for, conditions or unauthorized alterations or irregularities of any kind.

The City also reserves the right to waive minor technical defects in a Proposal. The City reserves the right to determine, in its sole discretion, whether any aspect of a Proposal satisfies the criteria established in this Request for Proposals.

The City reserves the right to reject the Proposal of any Proposer if the City believes that it would not be in the best interest of the City to make an award to that Proposer, whether because the Proposal is not responsive or the Proposer is unqualified or of doubtful financial ability or fails to meet any other pertinent standard or criterion established by City.

The foregoing reasons for rejection of Proposals are not intended to be exhaustive.

1.27 OPEN END CONTRACT

No guarantee is expressed or implied as to the total quantity of commodities/services to be purchased under any open end contract. Estimated quantities will be used for Proposal comparison purposes only. The City reserves the right to issue purchase orders as and when required, or a blanket purchase order and release partial quantities as and when required or any combination of the preceding.

ORDERING: The CITY reserves the right to purchase commodities/services specified herein through Contracts established by other governmental agencies or through separate procurement actions due to unique or special needs. If an urgent delivery is required within a period shorter than the delivery time specified in the contract, and if the seller is unable to comply therewith, the City reserves the right to obtain such delivery from others without penalty or prejudice to the City or to the Proposer.

- D. This Section applies only to any contract for goods or services of \$1 million or more: The Proposer certifies that it is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List and that it does not have business operations in Cuba or Syria as provided in section 287.135, Florida Statutes (2011), as may be amended or revised. 1.31 DEBARRED OR SUSPENDED BIDDERS OR PROPOSERS

The proposer certifies, by submission of a response to this solicitation, that neither it nor its principals and subproposers are presently debarred or suspended by any Federal department or agency.

1.32 COLLUSION

More than one Proposal received for the same work from an individual, firm, partnership, corporation or association under the same or different names will not be considered. Reasonable grounds for believing that any Proposer is interested in more than one Proposal for the same work will cause the rejection of such Proposals in which the Proposer is interested. If there are reasonable grounds for believing that collusion exists among the Proposers, the Proposals of participants in such collusion will not be considered.

1.33 COPELAND "ANTI-KICKBACK"

The Proposer and all subproposers will comply with the Copeland Anti-Kickback Act (18 U.S.C. 874) as supplemented in

1.36 DRUG-FREE WORKPLACE PROGRAM

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more proposals which are equal with respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a proposal received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie proposals will be followed if none of the tied vendors have a drug-free workplace program.

1.37 SOLICITATION, GIVING, AND ACCEPTANCE OF GIFTS POLICY

Proposer shall sign and submit the attached form indicating understanding and compliance with the City's and State's policies prohibiting solicitation and acceptance of gifts by public officers, employees and candidates. Failure to submit the signed form will result in your proposal being declared non-responsive; provided, however, that a responsible proposer whose proposal would be responsive but for the failure to submit the signed form in its proposal may be given the opportunity to submit the form to the City within five calendar days after notification by the City, if this is determined to be in the best interest of the City.

The provisions of this Article are supplemental to, not in lieu of, all applicable laws with respect to conflict of interest. In the event there is a difference between the standards applicable under this Agreement and those provided by statute, the stricter standard shall apply.

In the event the Proposer has no prior knowledge of a conflict of interest as set forth above and acquires information which may indicate that there may be an actual or apparent violation of any of the above, the Proposer shall promptly bring such information to the attention of the City's Project Manager. 1.46 INDEMNIFICATION AND HOLD HARMLESS AGREEMENT

The Contractor shall indemnify and hold harmless the City of Hollywood and its officers, employees, agents and instrumentalities from any and all liability, losses or damages. In addition, the City shall be entitled to attorney's fees and costs of defense, which the City of Hollywood, or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of this project by the awarded proposer or its employees, agents, servants, partners, principals or subcontractors. Furthermore, the awarded proposer shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the City of Hollywood, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorney's fees which may issue thereon. The Proposer shall be solely responsible for determining and informing the City whether a prospective supplier or subproposer is a party to any litigation involving patent or copyright infringement, service mark, trademark, violation, or proprietary rights claims or is subject to any injunction which may prohibit it from providing any deliverable hereunder. The Proposer shall enter into agreements with all suppliers and subproposers at the Proposer's own risk. The City may reject any deliverable that it believes to be the subject of any such litigation or injunction, or if, in the City's judgment, use thereof would delay the work or be unlawful.

The Proposer hereby acknowledges that the City's Project Manager will determine in the first instance all questions of any nature whatsoever arising out of, under, or in connection with, or in any way related to or on account of, this Agreement including without limitations: questions as to the value, acceptability and fitness of the services; questions as to either party's fulfillment of its obligations under the Contract; negligence, fraud or misrepresentation before or subsequent to acceptance of the Proposal; questions as to the interpretation of the Scope of Services; and claims for damages, compensation and losses.

The Proposer shall be bound by all determinations or orders and shall promptly obey and follow every order of the Project Manager, including the withdrawal or modification of any previous order and regardless of whether the Proposer agrees with the Project Manager's determination or order. Where orders are given orally, they will be issued in writing by the Project Manager as soon thereafter as is practicable.

The Proposer must, in the final instance, seek to resolve every difference concerning the Agreement with the Project Manager. In the event that the Project Manager and the Proposer are unable to resolve their difference, the Proposer may initiate a dispute in accordance with the procedures set forth in the section below. Exhaustion of these procedures shall be a condition precedent to any lawsuit permitted hereunder.

The City Manager may base this decision on such assistance as may be desirable, including advice of experts, but in any event shall base the decision on an independent and objective determination of whether the Proposer's performance or any deliverable meets the requirements of this Agreement and any specifications with respect thereto set forth herein. The effect of any decision shall not be impaired or waived by any negotiations or settlements or offers made in connection with the dispute, whether or not the City Manager participated therein, or by any prior decision of others, which prior decision shall be deemed subject to review, or by any termination or cancellation of the Agreement. All such disputes shall be submitted in writing by the Proposer to the City Manager for a decision, together with all pertinent information in regard to such questions, in order that a fair and impartial decision may be made. The parties agree that whenever the City Manager is entitled to exercise discretion or judgment or to make a determination or form an opinion pursuant to the provisions of this Article, such action shall be deemed fair and impartial when exercised or taken. The City Manager shall render a decision in writing and deliver a copy of the same to the Proposer. The services performed by the subproposer will be subject to the provisions hereof as if performed directly by the Proposer.

The Proposer, before making any subcontract for any portion of the services, will state in writing to the City the name of the proposed subproposer, the portion of the services which the subproposer is to do, the place of business of such subproposer, and such other information as the City may require. The City will have the right to require the Proposer not to award any subcontract to a person, firm or corporation disapproved by the City.

Before entering into any subcontract hereunder, the Proposer will inform the subproposer fully and completely of all provisions and requirements of this Agreement relating either directly or indirectly to the services to be performed. Such services performed by such subproposer will strictly comply with the requirements of this Contract.

In order to qualify as a subproposer satisfactory to the City, in addition to the other requirements herein provided, the subproposer must be prepared to prove to the satisfaction of the City that it has the necessary facilities, skill and experience, and ample financial resources to perform the services in a satisfactory manner. To be considered skilled and experienced, the subproposer must show to the satisfaction of the City that it has satisfactorily performed services of the same general type which are required to be performed under this Agreement.

The City shall have the right to withdraw its consent to a subcontract if it appears to the City that the subcontract will delay, prevent, or otherwise impair the performance of the Proposer's obligations under this Agreement. All subproposers are required to protect the confidentiality of the City and City's proprietary and confidential information. The Proposer shall furnish to the City copies of all subcontracts between the Proposer and subproposers and suppliers hereunder. Within each such subcontract, there shall be a clause for the benefit of the City permitting the City to request completion of performance by the subproposer of its obligations under the subcontract, in the event the City finds the Proposer in breach of its obligations, and the option to pay the subproposer directly for the performance by such subproposer. The foregoing shall neither convey nor imply any obligation or liability on the part of the City to any subproposer hereunder as more fully described herein.

1.61 PROMPT PAYMENT: LATE PAYMENTS BY PROPOSER TO SUBPROPOSER AND MATERIAL SUPPLIERS; PENALTY:

When a proposer receives from the City of Hollywood any payment for contractual services, commodities, materials, supplies, or construction contracts, the proposer shall pay such moneys received to each subproposer and material supplier in proportion to the percentage of work completed by each subproposer and material supplier at the time of receipt. If the proposer receives less than full payment, then the proposer shall be required to disburse only the funds received on a pro rata basis to the subproposers and materials Suppliers, each receiving a prorated portion based on the amount due on the payment. If the proposer without reasonable cause fails to make payments required by this section to subproposers and material suppliers within fifteen (15) working days after the receipt by the proposer of full or partial payment, the proposer shall pay to the subproposers and material suppliers a penalty in the amount of one percent (1%) of the amount due, per month, from the expiration of the period allowed herein for payment. Such

penalty shall be in addition to actual payments owed. Retainage is also subject to the prompt payment requirement and must be returned to the subproposer or material supplier whose work has been completed, even if the prime contract has not been completed. The Proposer shall include the above obligation in each subcontract it signs with a subproposer or material supplier.

1.62 TERMINATION FOR CONVENIENCE AND SUSPENSION OF WORK

The City may terminate this Agreement if an individual or corporation or other entity attempts to meet its contractual obligation with the City through fraud, misrepresentation or material misstatement.

The City may, as a further sanction, terminate or cancel any other contract(s) that such individual or corporation or other entity has with the City. Such individual, corporation or other entity shall be responsible for all direct and indirect costs associated with such termination or cancellation, including attorney's fees.

The foregoing notwithstanding, any individual, corporation or other entity which attempts to meet its contractual obligations with the City through fraud, misrepresentation or material misstatement may be debarred from City contracting in accordance with the City debarment procedures. The Proposer may be subject to debarment for failure to perform and any other reasons related to the proposer's breach or failure of satisfactory performance.

In addition to cancellation or termination as otherwise provided in this Agreement, the City may at any time, in its sole discretion, with or without cause, terminate this Agreement by written notice to the Proposer and in such event:

The Proposer shall, upon receipt of such notice, unless otherwise directed by the City:

1. Stop work on the date specified in the notice ("the Effective Termination Date");
2. Take such action as may be necessary for the protection and preservation of the City's materials and property;
3. Cancel orders;
4. Assign to the City and deliver to any location designated by the City any non-cancelable orders for deliverables that are not capable of use except in the performance of this Agreement and which have been specifically developed for the sole purpose of this Agreement and not incorporated in the services;
5. Take no action which will increase the amounts payable by the City under this Agreement.

In the event that the City exercises its right to terminate this Agreement pursuant to this Article, the Proposer will be compensated as stated in the payment articles herein, for the:

1. Portion of the services completed in accordance with the Agreement up to the Effective Termination Date; and
2. Non-cancelable deliverables that are not capable of use except in the performance of this Agreement and which have been specifically developed for the sole purpose of this Agreement but not incorporated in the services.

All compensation pursuant to this Article is subject to audit.

5. The Proposer has failed to obtain the approval of the City where required by this Agreement;
6. The Proposer has failed to provide "adequate assurances" as required under subsection "B" below; and
7. The Proposer has failed in the representation of any warranties stated herein.

When, in the opinion of the City, reasonable grounds for uncertainty exist with respect to the Proposer's ability to perform the services or any portion thereof, the City may request that the Proposer, within the time frame set forth in the City's request, provide adequate assurances to the City, in writing, of the Proposer's ability to perform in accordance with terms of this Agreement. Until the City receives such assurances the City may request an adjustment to the compensation received by the Proposer for portions of the services which the Proposer has not performed. In the event that the Proposer fails to provide to the City the requested assurances within the prescribed time frame, the City may:

1. Treat such failure as a repudiation of this Agreement;
2. Resort to any remedy for breach provided herein or at law, including but not limited to, taking over the performance of the services or any part thereof either by itself or through others.

In the event the City shall terminate this Agreement for default, the City or its designated representatives may immediately take possession of all applicable equipment, materials, products, documentation, reports and data.

1.64 REMEDIES IN THE EVENT OF DEFAULT

If an Event of Default occurs, the Proposer shall be liable for all damages resulting from the default, including but not limited to:

1.65 BANKRUPTCY

The City reserves the right to terminate this contract if, during the term of any contract the Proposer has with the City, the Proposer becomes involved as a debtor in a bankruptcy proceeding, or becomes involved in a reorganization, dissolution, or liquidation proceeding, or if a trustee or receiver is appointed over all or a substantial portion of the property of the Proposer under federal bankruptcy law or any state insolvency law.

1.66 CANCELLATION FOR UNAPPROPRIATED FUNDS

The obligation of the City for payment to a Proposer is limited to the availability of funds appropriated in a current fiscal period, and continuation of the contract into a subsequent fiscal period is subject to appropriation of funds, unless otherwise authorized by law.

1.67 VERBAL INSTRUCTIONS PROCEDURE

No negotiations, decisions, or actions shall be initiated or executed by the Proposer as a result of any discussions with any City employee. Only those communications which are in writing from an authorized City representative may be considered. Only written communications from Proposers, which are signed by a person designated as authorized to bind the Proposer, will be recognized by the City as duly authorized expressions on behalf of the Proposer.

Solicitation #RFP-4522-16-RD**1.68 E-VERIFY**

Proposer acknowledges that the City may be utilizing the Proposer's services for a project that is funded in whole or in part by State funds pursuant to a contract between the City and a State agency. The Proposer shall be responsible for complying with the E-Verify requirements in the contract and using the U.S. Department of Homeland Security's E-Verify system to verify the employment of all new employees hired by the Proposer during the Agreement term. The Proposer is also responsible for e-verifying its subproposers, if any, pursuant to any agreement between the City and a State Agency, and reporting to the City any required information. The Proposer acknowledges that the terms of this paragraph are material terms, the breach of any of which shall constitute a default under this Agreement.

1.69 BUDGETARY CONSTRAINTS

In the event the City is required to reduce contract costs due to budgetary constraints, all services specified in this document may be subject to a permanent or temporary reduction in budget. In such an event, the total cost for the affected service shall be reduced as required. The Proposer shall also be provided with a minimum 30-day notice prior to any such reduction in budget.

1.70 COST ADJUSTMENTS

The cost for all items as quoted herein shall remain firm for the first term of the contract. Costs for subsequent years and any extension term years shall be subject to an adjustment only if increases occur in the industry. However, unless very unusual and significant changes have occurred in the industry, such increases shall not exceed 3% per year or, whichever is less, the latest yearly percentage increase in the All Urban Consumers Price Index (CPU-U) (National) as published by the Bureau of Labor Statistics, U.S. Dept. of Labor. The yearly increase or decrease in the CPI shall be that latest index published and available ninety (90) days prior to the end of the contract year than in effect compared to the index for the same month one year prior. Any requested cost increase shall be fully documented and submitted to the City at least ninety (90) days prior to the contract anniversary date. Any approved cost adjustments shall become effective upon the anniversary date of the contract. In the event the CPI or industry costs decline, the City shall have the right to receive from the Proposer a reduction in costs that reflects such cost changes in the industry. The City may, after examination, refuse to accept the adjusted costs if they are not properly documented, increases are considered to be excessive, or decreases are considered to be insufficient. In the event the City does not wish to accept the adjusted costs and the matter cannot be resolved to the satisfaction of the City, the contract can be cancelled by the City upon giving thirty (30) days written notice to the Proposer.

City of Hollywood, Florida
Solicitation #RFP-4522-16-RD**BACKGROUND INFORMATION**

A coastal city of over 140,000 residents located in Broward County, Hollywood is nestled between Fort Lauderdale and Miami. Fort Lauderdale-Hollywood International Airport abuts the city, while Port Everglades, the second busiest cruise port in the world, is partially within its municipal boundaries. Interstate 95, the Florida Turnpike, Tri-County Commuter Rail, and two major railroads cut through the city in a north-south direction. Miami International Airport and the Port of Miami are less than twenty-five miles away, providing further opportunities for Hollywood residents and companies to have access to the global marketplace. The region is served by a substantial post-secondary educational infrastructure, including Florida Atlantic University, Florida International University, the University of Miami, a number of smaller private universities and colleges, and a community college system.

From its formal incorporation by adoption of a municipal charter on November 28, 1925, the City of Hollywood has transformed itself. Beginning as an undeveloped tract of pine forests, palmetto plants, and tangled undergrowth interspersed with tomato farms and low lying marshland, it has become the second-most populated city in Broward County and the ninth largest city in the State of Florida. Founded by the planning visionary Joseph Wesley Young, a Washington state native and former resident of California and Indiana, the original one square mile of farmland has grown to over 28.87 square miles.

Of the approximately 1,400 City employees, approximately 1,200 are members of five (5) different bargaining unions. The employees belonging to these unions include:

- Police Officers
- Firefighters/Paramedics
- Professional Employees
- Supervisory Employees
- General Employees

The only employees that are not members of a union are Management, Confidential, Technical Analysts and Executive employees.

The City of Hollywood is requesting Third Party Claims Administration for the following lines of coverages:

- Workers' Compensation; and
- Liability to include:
 - ✓ General Liability (including Police Professional Liability)
 - ✓ Automobile Liability

Issue Date

City of Hollywood, Florida
Solicitation #RFP-4522-16-RD

The City desires its Claim Administrator to provide the following Loss Control services in conjunction with the administration of the City's claims. These services include but are not limited to:

- Identification of unfavorable trends and patterns of the City's losses.
- Development of programs designed to reverse these trends and patterns.
- Presentations to employees regarding safe work practices.
- Provide films and literature to the City regarding safe work practices.
- May be required to present information at various locations throughout the City.

TERM

The effective date of the agreement will be October 1, 2016 through September 30, 2019. It is the intent of the City to agree to a three (3) year term with rights to renew with the successful proposer(s) for two (2) additional one-year terms at the sole option of the City.

All services for this effort will be administered through the Human Resources Director or designee.

As a prerequisite of being selected, the Third Party Administrator(s) must be acceptable to the City's excess insurers. The current excess carrier is BRIT Global Specialty / USA.

Items contained in this Request For Proposals (RFP) are considered to be an integral part of the proposed programs. Adherence to the items listed here is intended by the City unless specifically otherwise accepted by both the Proposer and the City. Acceptance of modification of any portion of the items contained herein will not serve to waive or modify any other portion of the proposed program.

CURRENT PROGRAM

The City self-insures the first \$600,000 of each workers' compensation claim and \$400,000 of each liability claim. Ascension Benefits & Insurance Solutions of Florida, Inc. ("Ascension") of Stuart, Florida currently serves as the City's claims administrator for both workers' compensation and liability claims. If legal proceedings are pursued by the plaintiff, the City's Attorney's Office assumes control of the claim and Ascension's activities are directed by the City's Attorney's Office. Ascension coordinates with the City and continues to capture the cost elements of the claim.

Ascension charges the City a flat annual fee of \$136,500.00 (paid in monthly installments) for the administration of its Workers' Compensation claims. Once an annual fee is established, no adjustments are made to the fee based on claim volume or

Issue Date

City of Hollywood, Florida
Solicitation #RFP-4522-16-RD

size. Ascension also charges the City a flat annual fee of \$68,250.00 (paid in monthly installments) for the administration of its Liability claims.

Ascension currently provides, at no charge, for an annual City-wide safety audit. It then prepares a report of recommendations based on this audit. Additional safety modules are available at costs between \$1,600.00 to \$3,000.00. These are utilized on an as needed basis.

DESIRED PROGRAM

Separate pricing for the administration of the City's workers' compensation and liability claims should be submitted. While the City would prefer to utilize one administrator for both workers' compensation and liability claims, the City reserves the right to select an administrator for its workers' compensation claims and another administrator for its liability claims.

The City would prefer proposers to price their services based on the administration of the claims until fully concluded as long as a contractual relationship exists between the City and the administrator (Life of Contract). The City also prefers to have proposers base their fee on an annual flat fee basis to include all of the administrator's services. Any services not included in the proposer's base fee must be clearly identified including the cost of such services.

The City will consider alternative options based on cost and benefits to the City. Proposers are encouraged to offer alternative options they believe will be more cost effective for the City.

It is anticipated that the administration for all active claims as of October 1, 2016 will be assumed by the selected administrator(s). Proposals must specify the fee for the assumption of these active claims.

The City prefers that the respondent provide unlimited access to an automated, real-time claims system that allows for sharing of claims data in a paperless environment. This system should contain the availability of a report creation process within the system, as well as training and associated documentation for system use, to include a contact phone number for a help desk for system issue resolution. A minimum list of required reports are included below. All pricing for this system must be included in the overall service price.

- A. Claims list - lists all claims alphabetically
- B. Check register
- C. Cumulative report by line of coverage by year
- D. Annual summary reports
- E. Quarterly reports by department(s) and/or specific job title(s)
- F. Location report
- G. Large loss or severity report
- H. Safety report

- Evaluation of historical loss data to identify unfavorable trends and patterns.
- Development of policies and procedures to address trends and patterns that have been identified.
- Providing and conducting training programs designed specifically to reduce the City's loss experience.

Proposers are requested to provide specific details regarding the Loss Control Engineering services available from their firm. If such services involve additional cost to the City, it must be clearly disclosed.

VALID DATE OF PROPOSALS

Proposals shall remain valid until October 31, 2016 to provide additional time for clarification in the event that an extension of the current program(s) is undertaken.

RIGHT TO REJECT PROPOSALS

The City reserves the right to reject any or all proposals, to waive irregularities and informalities in any or all proposals, and to re-advertise for proposals.

The City specifically reserves the right to separately accept or reject any item and/or items of a proposal and to award and/or negotiate a contract in the best interest of the City.

REQUEST FOR PROPOSALS
FOR
THIRD-PARTY CLAIMS ADMINISTRATION

WORKERS' COMPENSATION CLAIMS

GENERAL

Competitive proposals are being sought for third-party claims administration services for the City's self-insurance workers' compensation program. Competitive proposals also are being sought for third-party claims administration services for the City's self-insurance liability program, which includes the following lines of coverage: general liability, automobile liability and police professional liability. Although the City is open to having two third-party administrators, one for workers' compensation claims and another one for liability claims, the City prefers to utilize one third-party administrator for both types of claims.

The City currently carries excess workers' compensation insurance coverage with a self-insurance retention of \$600,000 per claim. The City's current claims administrator is Ascension Benefits & Insurance Solutions of Florida, Inc. ("Ascension"). Ascension has been under contract to provide these services since June 1, 2003.

The City is seeking a three-year contract with rights to renew for 2 additional one-year terms at the sole option of the City. If any services are not to be provided by the proposer's employees and are intended to be contracted out, the specifics of those contract(s) must be explained, including pricing, in the proposer's response to this RFP. The commencement date of the contract will be October 1, 2016.

The third-party claims administrator will be required to provide all specified adjusting services for claims as well as all other required services, such as administrative, computerized claims/loss statistical information (RMIS) and banking/loss fund reconciliation as outlined in this RFP.

Solicitation #RFP-4522-16-RD

While the City believes the above reserves to be accurate, the successful proposer will be required to review each open claim and establish its independent evaluation of the projected cost.

It should be recognized that the City pays the full salary in lieu of Workers' Compensation benefits prescribed by law for all full-time injured employees for a period of time specified in union contracts and other City policies.

The following information has been included as attachments to assist interested parties in the preparation of their proposals.

- Projected payrolls by workers' compensation classification codes;
- The City's most recent Experience Modification worksheets.
- Current loss runs (WC Stratification Report)

In order that a complete history of the City's program be maintained, the successful proposer will be requested to capture all prior years' financial data within their claim data base. The City will work with the successful proposer to develop a system whereby older closed claims can be summarized. It is anticipated that claims for the most recent five years will be individually captured.

MINIMUM REQUIREMENTS OF APPLICANT AT TIME OF BID SUBMISSION

1. Be authorized (licensed) as a claim administrator in the state of Florida.
2. Must be approved by all of the City's excess carriers.
3. SSAE16 compliant throughout the life of the contract and **MUST** be compliant at the time of bid submittal
4. Must be in full compliance with all federal, state and local laws and regulations applicable to the administration of workers' compensation claims.

PRIOR CLAIM FILES

All proposers are to assume the complete handling of all pending claims now being handled by the present claims administrator. The claims inventory totals 150 (33 indemnity and 117 medical only) as of 4/30/2016. It is the responsibility of the proposer to review prior claim files to determine the additional proposed cost, if any, to take over these files.

It is also required that all claim data (including notes, bill images, payments, etc.) associated with all claims occurring prior to October 1, 2016 be transferred into the proposer's computer information system, so that future loss runs will contain a complete history of all claim years. The transfer of all claims data must be completed by December 31, 2016. The proposer is responsible for specifically indicating in their proposal, the fees, if any, for assumption of prior claims and the data conversion.

Issue Date

City of Hollywood, Florida
Solicitation #RFP-4522-16-RD**OWNERSHIP OF CLAIM FILES**

The City shall have all right, title, interest and ownership to all loss statistics and claim files created as a result of the services to be provided by the proposer. Further, at the sole option of the City and upon ten (10) days written notice, the proposer shall return such files to the City.

At the termination of the contract, at the sole expense of the proposer, the proposer shall provide the City with computer tapes or other computer media containing all of the claim data. Such data shall be made available in a format generally importable into a commonly recognized database for claims administration services.

ACCESS TO CLAIM FILES

The proposer agrees that the City shall have real-time access to all claim files, including all adjuster notes, supervisory notes, field and telephonic case management notes, diary items, payment records, medical and expense bills in an electronic manner with internet based access available to the City. The City will require a minimum of four (4) user ids included in the annual claims administration fee. Proposals should detail how this access to claim files will be provided. The proposal evaluation process may include review of the adequacy of proposed systems.

STAFFING AND PERSONNEL REQUIREMENTS

It is the City's claims management philosophy that the proper and most cost-effective method to handle claims and thereby reduce and control the City's self-insured loss payments is to ensure the claims administrator hires and retains the appropriately qualified professionals to handle the City's claims. Additionally, the adequate number of adjusters and a manageable caseload enables qualified adjusters to perform the required services.

The City therefore requires that the proposer agree to staffing, qualifications and caseload criteria established by the City. The City requires that the proposer assign at least two (a Lost Time/Indemnity and Medical Only) qualified, experienced, licensed in Florida professionals to handle its claims. The City requires that specific adjusters be assigned to their account. The City realizes that there are times when an adjuster may be out of the office. In this case, the City would request that another adjuster be used as a back-up person. However, the City prefers to use two people, who will be specifically assigned as their adjusters. These adjusters should be assigned only workers' compensation claims with manageable case loads. The City reserves the right to the final approval of the hiring and/or assignment of the claims manager, supervisor and adjusters that are to handle the City's claims.

Claims personnel must be employees of the claims administrator. The use of independent adjusters, subcontractors or temporary adjusters is not acceptable without prior approval of the City. Adjuster trainees are not acceptable for handling of City claims, unless approved by the Risk Manager. Additionally, resumes of all claim professionals specifically assigned to this account are to be submitted with this proposal. All claims professionals must possess a current Florida adjuster's license.

The City shall have the right to audit during the contract period and for five years following the termination of the Agreement.

AUDIT OF RECORDS

Definition: The term "Records," shall mean all documentary and electronic records of proposer and proposer's subcontractors that are related to the services performed under this Agreement including, but not limited to:

Right to Audit: At the sole option of the City, proposer shall agree, at no additional cost to the City, to allow Auditor to have access to Records of proposer and Records of proposer's subcontractors for purposes related to the services provided under this Agreement. The City shall have the right to audit Records during the contract period and for five years following the termination of the Agreement.

Proprietary Documents: To the extent proposer or proposer's subcontractor designates any "Records" requested for audit as "Proprietary Records" (i.e. containing confidential information, trade secrets, or private information), proposer shall be allowed to limit the access of Auditor such that Auditor will only be permitted to review such Proprietary Records. Auditor's rights will be limited to on-premises review of such Records and Auditor will not be permitted to retain copies or make reproductions of such Records. Such shall only be made to the extent reasonable grounds exist for proposer or proposer's subcontractor to protect the information contained in such Records.

REQUEST FOR PROPOSALS
FOR
THIRD PARTY CLAIMS ADMINISTRATION

LIABILITY CLAIMS

GENERAL

Competitive proposals are being sought for third-party claims administration services to administer the City's General, Vehicle and Police Professional Liability claims until conclusion or until the contractual relationship between the two parties no longer exists. Competitive proposals are also being sought for third-party claims administration services for the City's self-insurance workers' compensation program. Although the City is open to having two third-party claim administrators, one for workers' compensation claims and another one for liability claims, the City prefers to utilize one third-party claims administrator for both types of claims.

The City currently carries excess liability insurance coverage with a self-insurance retention of \$400,000 per claim. The City's current claims administrator is Ascension Benefits & Insurance Solutions of Florida, Inc. ("Ascension"). Ascension has been under contract to provide these services since June 1, 2003.

The City is seeking a three-year contract with rights to renew for 2 additional one-year terms at the sole option of the City. If any services are not to be provided by the proposer's employees and are intended to be contracted out, the specifics of those contract(s) must be explained, including pricing, in the proposer's response to this RFP. The commencement date of the contract will be October 1, 2016.

The third-party claims administrator will be required to provide all specified adjusting services for claims as well as all other required services, such as administrative, computerized claims/loss statistical information (RMIS) and banking/loss fund reconciliation as outlined in this this RFP.

Solicitation #RFP-4522-16-RD

The following information has been included as attachments to assist interested parties in the preparation of their proposals.

- Current loss runs (Liability Stratification Report)

In order that a complete history of the City's program be maintained, the successful proposer will be requested to capture all prior years' financial data within their claim data base. The City will work with the successful proposer to develop a system whereby older closed claims can be summarized. It is anticipated that claims for the most recent five years will be individually captured.

Minimum Requirements of applicant at time of bid submission

1. Be authorized (licensed) as a claim administrator in the state of Florida.
2. Must be approved by all of the City's excess carriers.
3. SSAE16 compliant throughout the life of the contract and **MUST** be compliant at the time of bid submittal.

Prior Claim Files

All proposers are to assume the complete handling of all pending claims now being handled by the present claims administrator. The claims inventory totals 242 (147 open not litigated and 95 open litigated) as of 5/11/2016. It is the responsibility of the proposer to review prior claim files to determine the additional proposed cost, if any, to take over these files.

It is also required that all claim data (including notes, bill images, payments, etc.) associated with all claims occurring prior to October 1, 2016 be transferred into the proposer's computer information system, so that future loss runs will contain a complete history of all claim years. The transfer of all claims data must be completed by December 31, 2016. The proposer is responsible for specifically indicating in their proposal, the fees, if any, for assumption of prior claims and the data conversion.

Ownership of Claim Files

The City shall have all right, title, interest and ownership to all loss statistics and claim files created as a result of the services to be provided by the proposer. Further, at the sole option of the City and upon ten (10) days written notice, the proposer shall return such file to the City.

At the termination of the contract, at the sole expense of the proposer, the proposer shall provide the City with computer tapes or other computer media containing all of the claim data. Such data shall be made available in a format generally importable into a commonly recognized database for claims administration services.

Access to Claim Files

The proposer agrees that the City shall have real-time access to all claim files, including all adjustor notes, supervisory notes, field and telephonic case management notes, diary items, payment records, medical and expense bills in an electronic manner with internet based access available to the City. The City will require a minimum of four (4) user ids included in the annual

Issue Date

claims administration fee. Proposals should detail how this access to claim files will be provided. The proposal evaluation process may include review of the adequacy of proposed systems.

Staffing and Personnel Requirements

It is the City's claims management philosophy that the proper and most cost-effective method to handle claims and thereby reduce and control the City's self-insured loss payments is to ensure the claims administrator hires and retains the appropriately qualified professionals to handle the City's claims. Additionally, the adequate number of adjustors and a manageable caseload enables qualified adjustors to perform the required services.

The City therefore requires that the proposer agree to staffing, qualifications and caseload criteria established by the City. The City requires that a specific adjuster be assigned to its account and that the proposer keep the case load of the assigned adjuster at a manageable level. The City reserves the right to the final approval of the hiring and/or assignment of the claims manager, supervisor and adjustors that are to handle the City's claims.

Claims personnel must be employees of the claims administrator. The use of independent adjustors, subcontractors or temporary adjustors is not acceptable without prior approval of the City. Adjustor trainees are not acceptable for handling of City claims, unless approved by the Risk Manager. Additionally, resumes of all claim professionals specifically assigned to this account are to be submitted with this proposal. All claims professionals must possess a current Florida adjustor's license.

Audit of Files and Procedures

At the sole option of the City, the claims administrator shall agree, at no additional cost to the City, to any audits conducted by the City or the City's designee (hereinafter, "Auditor") of proposer's claim files and procedures as they relate to the services it is providing the City. The City shall have the right to audit during the contract period and for five years following the termination of the Agreement.

Audit of Records

Definition: The term "Records," shall mean all documentary and electronic records of proposer and proposer's subcontractors that are related to the services performed under this Agreement including, but not limited to:

- Financial records (including accounting records, payroll records, timesheets, audited and unaudited financial statements)
- Contracts (including contracts with subcontractors and contracts between subcontractors and others, specific to the handling of the City of Hollywood program)
- Contractor performance data
- Network and provider agreements, unique to the City of Hollywood cost data

Right to Audit: At the sole option of the City, proposer shall agree, at no additional cost to the City, to allow Auditor to have access to Records of proposer and Records of proposer's subcontractors for purposes related to the services provided under this Agreement. The City shall have the right to audit Records during the contract period and for five years following the termination of the Agreement.

Issue Date

City of Hollywood, Florida
Solicitation #RFP-4522-16-RD

Proprietary Documents: To the extent proposer or proposer's subcontractor designates any "Records" requested for audit as "Proprietary Records" (i.e. containing confidential information, trade secrets, or private information), proposer shall be allowed to limit the access of Auditor such that Auditor will only be permitted to review such Proprietary Records. Auditor's rights will be limited to on-premises review of such Records and Auditor will not be permitted to retain copies or make reproductions of such Records. Such shall only be made to the extent reasonable grounds exist for proposer or proposer's subcontractor to protect the information contained in such Records.

NOTICE TO PROPOSERS

NOTICE IS HEREBY GIVEN, that the City Commission of the City of Hollywood, Florida is advertising for Sealed Request for Proposals, which will be received by the City Clerk of the City of Hollywood, Florida until **3:00 P.M., June 14, 2012**, at which time they will be opened and publicly read in the Procurement Services Division, Room 303, City Hall, 2600 Hollywood Boulevard, Hollywood, Florida. FOR: **Workers' Compensation and Liability Third Party Claims Administration (TPA) Services**

RFP NO. 4308-12-IS ADDENDUM NO. 1

Please make the following changes (additions, deletions or corrections) in the above named RFP.

Questions submitted in regards to the above RFP and corresponding answers:

- Q1:** In the context of the above referenced RFP, it directs that copies of loss runs could be requested from you.
- A1:** Please see the two excel spreadsheets posted on the City's website and DemandStar, the first tab is the loss run for the report named "Stratification of Liability Losses1_11_12" as well as the report named "Workers Compensation loss run."
- Q2:** The RFP gives a historical summary of liability claim activity, but the claims are lumped together. This can be referenced on Page 27 of the RFP. Would it be possible to get the same claim breakdown (as of 1/11/2012) by the type of liability?
- A2:** See the attached legend for the claim type codes.
- Q3:** We are preparing a proposal for RFP-4308-12-IS, and are unable to enter data in many of the forms provided at the end of the proposal. The Word document appears to be locked, and there are no fields for us to add responses. Is it possible to get the password to unlock this Word document, so we can fill it out, or perhaps send us a Word document with data fields we can write in?
- A3:** The Proposal Forms including data fields have been posted as a separate item on the City's website and DemandStar.
- Q4:** Can you please provide a copy of your current contract with EMI?
- A4:** See the attached contract.
- Q5:** Can you please provide your most current loss runs for both workers' compensation and liability? In relation to workers' compensation, if you are able

to break legal out separately, please provide the number of current open Legal, Lost Time and Medical Only claims.

- A5:** The excel spreadsheet posted on the City's website and DemandStar has the data for Workers' Comp and attached is the same info for liability (again the first tab is the loss run). The report show costs on a total basis which includes all costs; however the City uses in house attorneys for liability claims.
- Q6:** What services are most desired to be included in the Annual Fee?
- A6:** The City desires the fee to cover all services; however, the current fees do not cover telephonic case management, field case management, bill review/repricing, percent of savings from network access, percent of savings for subrogation and any safety educational features beyond three days of services.
- Q7:** Can you provide a current loss run by policy year (if possible) for both workers compensation and liability?
- A7:** See answer to question 1.
- Q8:** If not included in the loss run please provide total medical paid for the last four policy years for workers compensation.
- A8:** The date of incident is in column E of the excel sheet and can be sorted.
- Q9:** If not included in the loss run please provide a break out of liability claims by claim type (AL BI/PD/Physical Damage, GL BI/PD, Professional) for the last four policy years.
- A9:** The claim type is in column D in the excel sheet and can be sorted.
- Q10:** Are record only claims included in your medical only claim counts? If so can you provide the split.
- A10:** Record only claims are not on the report unless they then develop into a more severe claim needing medical attention.
- Q11:** Is there a current dollar threshold being used to trigger the change of medical only claims to lost time?
- A11:** Lost time claims are only those who have missed eight (8) days due to injury.
- Q12:** Are the fees for fee schedule reduction, complex bill review, PPO savings and your pharmacy benefit management program being charged to the file as ALAE? If so are you willing to share what rates you are currently being charged for each these services?
- A12:** Medical bill repricing for \$1.25 per line, 3 line minimum per bill, network access for 25% of savings, subrogation for 10% of dollars recovered, telephonic case management for \$78 per hour, field case management for \$85 per hour, hospital bill audits for 25% of savings.
- Q13:** What is included in the flat fee of \$150,000 for the handling of your workers compensation claims.
- A13:** The flat rate Includes all services except what is listed in question #12.

- Q14:** What is included in the flat fee of \$80,000 for the handling of your liability claims.
A14: **The flat rate includes all services except what is listed in question #12.**
- Q15:** As mentioned in the captioned RFP, please send us complete loss runs for you workers' compensation claims for the past 5 years.
A15: **Please see the two excel spreadsheets posted on the City's website and DemandStar, the first tab is the loss run for the report named "Stratification of Liability Losses1_11_12" as well as the report named "Workers Compensation loss run."**
- Q16:** Also, under the insurance requirements, Item D is showing a requirement that the City be an additional named insured under our Professional Liability insurance coverage. This is highly unusual as most Professional Liability insurance policies are not designed to cover claims when two insureds under the same policy make a claim against one another. There is usually an -exclusion for the known as the Insured vs Insured exclusion. Therefore, if you were to be named as an additional named insured on our Professional Liability insurance policy, you would be afforded no coverage for any acts of error or omission performed by us. Is this what the City intends?
A16: **The City wants to be named additional insured for all the other required coverages.**
- Q17:** Finally, could you confirm that the City will entertain a stand alone workers' compensation service quote? I recall the last time we provided the City a quote for workers' compensation claims services in 2008, your RFP said you would prefer to have one administrator to service both the workers' compensation and liability claims, however, the City reserved the right to select two administrators as is found in the current RFP. The City chose one administrator back in 2008.
A17: **Yes, but the City prefers one administrator.**

All other specifications, terms & conditions remain the same.

EMI recognizes that the handling of the banking function may be laborious for many of our clients and therefore is offering a simplified arrangement whereas we handle all banking activities. As part of our base fee we will establish a designated checking account in the City of Hollywood's name and tax identification number at our preferred financial institution (Wells Fargo, N.A). We will handle all necessary check issuances, positive pay activity, bank interfaces with our claims system and bank reconciliation. The city will be required to provide proper funding to the account via a draw and reimbursement basis and maintain a minimum funding level. We will provide a report supporting the replenishment of the account on a basis determined by the city as well as monthly bank reconciliations.

Currently, the banking arrangement in place is in accordance with what the city had desired. Should the city wish to change this arrangement, EMI has the ability to tailor a program specific to what the city would like.

ADVANTAGES OF EMI'S SERVICES OVER COMPETITORS

EMI has over 25 years' experience providing Third Party Claims Administration (TPA) services to governmental entities within the state of Florida. EMI is a specialist in governmental claims administration and we do not provide claims administration services for any other sector of business.

EMI is a privately held company which provides a distinct advantage over TPAs that are publicly traded or operate on a national basis. As a privately held company we can focus on the needs of our clients and the quality of the services that we are providing. Our decisions are not made based on market fluctuation of stock prices.

The claims administration staff at EMI has an average tenure with the company in excess of 10 years. EMI maintains low claim counts on the adjuster's desk so that they can pursue closure. Industry average on an indemnity (lost time) adjuster's desk is 220 open claims. At EMI our average indemnity desk has only 116 open claims. Low case counts allow for a higher quality of service to the injured employee and better overall quality of adjusting on behalf of the City of Hollywood.

EMI utilizes the Riskmaster claims software program. We utilize all updates to the software as they become available. EMI will provide the City of Hollywood Risk Management department with on-line real time access to their claims. In May of 2012 we will be upgrading to Riskmaster X, which is the newest upgrade to the software program. At EMI we also understand that a software program is only as good as the people sitting at the keyboard. Our adjusters and staff are highly trained and dedicated professionals. All software maintenance is performed by our in-house IT staff.

EMI has an in-house continuing education program for our adjusters and staff. Outside speakers are brought in on a monthly basis to keep our staff current on case law and statutory changes.

EMI has an in-house quality control program in which claim files are randomly audited on a daily basis to provide assurance of the highest possible standard of claims administration service for the City of Hollywood.

EMI has in-house subrogation specialists to pursue the maximum amount of the City of Hollywood's monetary expenses from at fault third parties. All recoveries are performed in accordance with F.S. 440.39.

Existing Staff

At EMI communication is the cornerstone of our Third Party Claims Administration services. An active partnership with the City of Hollywood is our goal. The EMI management, loss control professionals, adjusters and all other support members are client focused and they will be your risk management partners. EMI works closely with the City of Hollywood and together we follow emerging issues, track industry best practices, and share innovative solutions, day-in and day-out. Proactively applied, this collective body of knowledge is available to improve the quality and the timeliness of the City of Hollywood's risk management programs.

EMI is a strong proponent of "team management." The team structure starts from the core of EMI. The primary contact leading EMI's team will be Tim McCreary, President. He is the liaison between the City and EMI. He is involved in all aspects of the account, from the RFP process and the design and implementation of the program to closing out files. He oversees all facets of service provided to the City to make sure you are receiving the value you expect from your claims partner. He is instrumental in selecting and qualifying the staff assigned to the City's account and all claims staff will report to Tim.

EMI has assigned Claims Manager, Mayra Davis and Claims Supervisor, Joan Jutrus to the account. Between Mayra and Joan, they have almost 50 years of claims experience.

These team members are the face of EMI, but additional team members are actively involved, providing you an efficient claims administration program. Further expertise deployed by EMI in the management of your program are EDI staff, accounting staff, bill review staff, SIU staff, reporting staff, and secretarial staff. You will soon understand why we look at the management of your program as a team effort, bringing resources, experience and professionalism to the account. EMI customarily works with a City representative who will be responsible for the day-to-day questions that might arise in the general functions of the management of your claims. We employ this coordination with the client to ensure quality throughout the program. Seamless communication is tangible proof of a genuine partnership and a measure of the vitality of our client partnership.

She is a key member of the implementation team and the ongoing administration of the program. She will be responsible for coordinating with the city's representative to ensure that the transition is seamless to injured workers and will be responsible for the unit dedicated to serving our clients.

Joan Jutras – Medical Only Workers' Compensation Supervisor

Joan joined EMI in 2003 and is currently responsible for overseeing the Medical Only Workers Compensation claims for our municipal and school board clients. She oversees reporting to excess carriers on more involved claims and supervises a team of medical only adjusters. Prior to joining EMI, Joan held the position of Senior Claims Representative with Gallagher Bassett Services in West Palm Beach from 1997 to 2003 and was responsible for workers compensation claims on an average caseload of 150 files. The majority of these cases were for local municipalities. Many of the cases were very involved and pierced the threshold of the excess insurance policies. Captioned reports were provided to the appropriate reporting unit and the excess carriers. She was employed with Crawford & Co. from 1979 through 1997 in various positions including Senior Adjuster, Claims Representative, and Supervisor of Clerical Group. In total, Joan has over 29 years of experience in Workers Compensation claims administration.

Lost Time Adjuster: the Adjuster will have minimally 5 years' experience handling WC claims and possess solid, hands-on experience adjudicating governmental claims. Claims investigations and settlement negotiation skills are weighed heavily in the selection criteria. Candidates must be conversant with F.S. 440.

When it comes to assigning staff, whether loss control professionals, adjusters, attorneys or third party vendors, your partnership is important. We welcome your input regarding the professionals that you wish us to consider for the assigned responsibilities. We invite you to share your preference with us. EMI will gladly work with you on this in the same spirit of collaboration that typifies the team management approach.

- (iii) **Termination.** It is understood and agreed that either party shall have the right to terminate this Agreement on any date by:
- (a) the Client giving Administrator not less than thirty (30) days advance written notice of termination.

Upon termination, the Client understands and agrees that, except where there is evidence of negligence or willful misconduct or fraud, the Administrator is released from all liability, loss or damage arising in any manner out of the performance by Administrator pursuant to the terms of this Agreement.

It is understood that at termination of the Agreement, Administrator shall not have any responsibility or obligation to handle any incurred claims beyond the termination date except as set forth in paragraph I. A. (vi), above.
