To Whom it May Concern,

I am an Infor Lawson professional that have dedicated the last 16 years to support the system in different capacities. I am Infor Cloudsuite Certified in Supply Chain. My most recent project was the implementation of Infor CloudSuite Financials for a healthcare system in the North East.

My experience includes implementations, upgrades, data cleanup, and Process Optimization among other. I have in depth understanding of the Infor technology and tools and am able to translate functional requirements into technical specifications.

Infor Lawson Consultant  
From August 2014 to present  
Supply Chain Management/Accounts Payable

**Project:** Inform Upgrade from Version 9 to Infor CloudSuite Financials for a healthcare system in the North East.

**Project Duration:** October 2017 - May 2018

**Duties:** Liaison between Infor and client during implementation. Assist with implementation design, testing, and knowledge transfer.

**System Design:** Worked with the client to identify current gaps and design a future state. Current state analysis included the Item master, inventory locations, and contracts.

**Data Migration:** Analyzed data current state and identify areas where data cleanup was necessary. Migrated data from Lawson version 9 to the cloud. Data not found in version 9 such as contract was uploaded from excel files.

**Testing:** Created testing scripts and coordinated testing with end users.

**Training:** Conducted classroom training for local users and Webex training for offsite users.

**Project:** EDI and Punchout Implementation for a Cloud Based Medical Center in Illinois

**Project Duration:** July 2017 – October 2017

**Duties:** Built 850, 855, and 810 transactions for 86 vendors and implemented punchout with Grainger.

**EDI Implementation:** Helped client conduct a usage analysis to identify and prioritize EDI vendors. Ran reports from GHX to cross reference EDI enabled vendors against client's active vendors. Identified type of transactions the vendors supported and built ED10 and ED40 accordingly. Ran Metatrade vendors reports from GHX to identify vendors that support 850 transactions.

**Punchout:** Engage vendor to gather credentialing information for punchout. Open a ticket with Infor to have the RQC config file updated and enabled to punchout with Grainger. Create punchout settings in ED45, ED41, and ED43. Update user profiles in RQ04 for any user that was identified as a punchout user. Document punchout settings. Test and document punchout functionality.

**Project:** Lawson Version 10 Golive support for a Cloud Surgery Center with locations throughout United States

**Project Duration** November 2016 – July 2017

**Duties:** Support the Supply Chain, Finance, and Accounts Payable Department during golive. Educate users in Lawson overall functionality and work with individual departments with their specific tasks and interrelated tasks.

**Inventory:** Assisted department to conduct physical inventory before go live. Helped receive items and create POs. Showed users how to create Capital POs, Bill Onlys, search for items, UOM, and contract prices. Showed user how to adjust their inventory and transfer items. Helped users understand Lawson/Meditech interface, adjust, release or delete transactions. Reviewed Location replenishment reports.

**Matching:** Assisted department with the matching process of PO invoices. Helped users addressed buyer messages. Identified knowledge gaps and explained system functionality.

**Finance:** Ran IC283 and IC233 reports for the Finance Department to use them to evaluate inventory. Work with controller and CFO to identify variances beyond acceptable boundaries and identified root causes. Monitor IC130 to ensure ledger was updated correctly.

**Project:** Create an OR inventory location for a Cloud based hospital in New Mexico

**Project Duration:** July 2016 – November 2016

What do you believe is the vision and primary work of the Community Development Advisory Board? 5. What do you believe uniquely qualifies you to serve on the Community Development Advisory Board?

**Dune Master Plan Task Force - Questions\***

Please answer these four questions above. 1. Do you live on the Hollywood's barrier island? If so, how long? 2. Do you operate a business on Hollywood's barrier island? If so, what kind of business and for how long? 3. How often do you visit Hollywood beach and/or Broadwalk? 4. What three things do you love the most about Hollywood beach?

**Education Advisory Committee - Questions\***

1. At a young age, I planned to become a doctor or a lawyer because that's all I knew. I enjoyed classes like engineering in my school. Everyone wasn't a magnet student and didn't participate in these courses. I noticed a lack of diversity amongst the accelerated programs. For example, I am the only black male in my AP Physics class this year, making someone feel that they don't belong. Diversity in classes/programs of rigor is something I want to change.

2. My vision would be to bring up the concern of effectively connecting to kids in the educational system. I also want to prioritize career options so others can be informed on the numerous possibilities they can do with their life. I did a project previously where I asked teenagers in high school to name as many occupations as possible, and the average was 12. That result can change, and it's something I would want to address.

3. When my principal encouraged me to send this application, and after researching the Education Advisory Committee, I wasn't sure on what it'll entail. I see that the primary work aligns with my visions: obtaining a high-quality educational system for all students— which can extend to faculty, staff, and parents. I am involved in different clubs in my school. These clubs taught me how vital funding and involvement is, and I plan to do this for my primary work in the committee.

4. We should invest our time in doing things for quality and not quantity. I would prioritize anything urgent/time-sensitive. Topics can be taken to a vote to decide what's most important. I also believe it's essential to prioritize anyone invested in the education system i.e. teachers, students, and parents. If we get online submissions of concern, I think it's necessary to prioritize that.

5. The committee will know their missions and goals are being accomplished by the response from people involved in the education system. We can use analytics from surveys to know what's working and what isn't.

Please answer these five questions above. 1. What are the current challenges facing education? 2. What is your vision for education in Hollywood? 3. What do you see as the primary work of the Education Advisory Committee? 4. With only one meeting a month, the Committee is limited in what it can do. How does/should the Committee decide what's most important? 5. How can the Committee know if its mission and goals are being accomplished?

**Employees' Retirement Plan - Questions\***

**Civil Service Board - Questions\***

I have been an attorney and a member of the Florida Bar for almost 13 years. In my legal practice I have been tasked with the responsibility of reviewing, interpreting, and applying the laws of Florida and the United States for my clients. My practice includes criminal defense, family law, insurance, and general civil litigation. In addition to interpreting laws, I also have a considerable amount of experience interpreting contracts.

I believe civil service is integral to the successful running of government whether it be at the local, state, or federal level. Since these positions are not filled from election or appointment, civil service employees may perform their duties without the worry of pleasing certain constituents, and without the concern of reelection or reappointment.

As a Hollywood resident since 2006, I have become increasingly concerned with the community in which I live, and as I intend to stay here for the long term, I believe that I have a duty to participate and contribute to the community in which I live.

Please answer these five questions above. 1. Describe your involvement with establishing, reviewing and interpreting policies and procedures? 2. Describe your involvement in employment practices including interviewing, testing, hiring, selection and promotion, demotions, transfers, etc. 3. Describe your knowledge of Civil Service and its purpose. 4. Why do you want to serve on this Civil Service Board? 5. **Affordable Housing Advisory Committee - Questions\***

1. The greatest challenge to keeping housing affordable in Hollywood is foreign ownership of multiple properties.
2. Home Purchase Education and Affordable Housing Activism.
3. Ownership & Rental Housing Affordability.
4. I grew up in an under-served community in Kansas City with very poor housing. There were many issues in my neighborhood that needed addressing. At the age of 12 I joined the Boys & Girls Club and began volunteering in the areas of need. By the age of 16 I was nationally recognized the President of the US for service to my community; then again for volunteering more than 1000 hours in a year.
5. Housing diversity is critical to Hollywood's economic health. If housing prices are too high for the area there will be constant turnover which could lead to migrant crime. The history of Hollywood is also affected when housing diversity is limited as it forces out pillars of the community who can no longer afford to reside here. It is also critical in maintaining a diversified work force.

Please answer these five questions above. 1. In your opinion what is the greatest challenge to keeping housing affordable in Hollywood? 2. Which of the following disciplines are you most skilled? • Home Purchase Education, • Housing Market Employment, • Housing Market Stability, • Affordable Housing Construction, • Affordable Housing Activism. 3. Which of the following disciplines are you most passionate? • Ownership Housing Affordability, • Rental Housing Affordability, • Housing Market Stability, • New Housing Construction, • Fair Housing. 4. What (if any) life experience motivated you toward volunteerism? 5. What role does housing diversity play in Hollywood's economic health?

**African American Advisory Council - Questions\***

Please answer these five questions above. 1. What is the greatest challenge facing the African American Community in Hollywood? 2. How many hours per month can you dedicate to AAAC initiatives? 3. Which of the following disciplines are you most skilled? \* Education, \* Employment, \* Economics, \* Cultural Awareness, \* Housing. 4. Which of the following disciplines are you most passionate? \* Education, \* Employment, \* Economics, \* Cultural Awareness, \* Housing. 5. What (if any) life experience motivated you toward volunteerism?

**Artwork Selection Committee - Questions\***

Please answer these five questions above. 1. What are your primary interest in City Government and City Services? 2. Why do you want to join the Artwork Selection Committee? 3. What other relevant organizations, clubs, or associations were you previously, and/or currently are involved in? 4. Are you available to attend regular committee board meetings scheduled for the Second Monday each month at 5:30pm? 5. What is your one area of highest interest related to the Arts within the City of Hollywood?

**Civil Service Board - Questions\***

Please answer these five questions above. 1. Describe your involvement with establishing, reviewing and interpreting policies and procedures? 2. Describe your involvement in employment practices including interviewing, testing, hiring, selection and promotion, demotions, transfers, etc. 3. Describe your knowledge of Civil Service and its purpose. 4. Why do you want to serve on this Civil Service Board? 5. Are you a continuous resident of and continuous registered elector in the City of Hollywood?

**Community Development Advisory Board - Questions\***

1. Yes I reside in a low to moderate income neighborhood.
2. Expanding the affordable housing choices.
3. A healthy neighborhood in my opinion is one in which neighbors know and watch out for each other and our children. It is one with good schools and businesses especially places for healthy and fresh food options within walking distance. Businesses are supported and they are stakeholders in the community.
4. I believe the primary work of the community advisory board is to promote healthy neighborhoods and communities by advocating on behalf of residents and valuing resident taxpayers needs.
5. I have worked in the area of community development from the business owner's side helping them to expand hiring through SBA and community development loans. I have also helped individuals who are interested in learning how to make their small home based businesses into more viable sources of income.

Please answer these five questions above. 1. Do you reside in a low and moderate income (LMI) neighborhood in Hollywood per the most recent US Census data? A Hollywood LMI Map is located at [www.hollywoodfl.org](http://www.hollywoodfl.org) on the Community and Economic Development webpage. 2. What Community Development issues do you believe are the most important to Hollywood? 3. What is your definition of a healthy neighborhood? 4. What do you believe is the vision and primary work of the Community Development Advisory Board? 5. What do you believe uniquely qualifies you to serve on the Community Development Advisory Board?

**Dune Master Plan Task Force - Questions\***

Please answer these four questions above. 1. Do you live on the Hollywood's barrier island? If so, how long? 2. Do you operate a business on Hollywood's barrier island? If so, what kind of business and for how long? 3. How often do you visit Hollywood beach and/or Broadwalk? 4. What three things do you love the most about Hollywood beach?

**Education Advisory Committee - Questions\***

1. The challenges facing education now are funding and that children are not taught how to become lifetime learners.
2. My vision for education in Hollywood is one in which there is a larger partnership between the student, schools, teachers, parents, and local business.
3. The primary work of the Education Advisory Committee in my opinion is to expand the partnership mentioned in #2 and ensure unique educational opportunities to the residents of Hollywood.
4. The items that are most time sensitive.
5. The committee can measure outcomes through participation and whether or not unique and enriching opportunities are being offered on a regular basis.

Please answer these five questions above. 1. What are the current challenges facing education? 2. What is your vision for education in Hollywood? 3. What do you see as the primary work of the Education Advisory Committee? 4. With only one meeting a month, the Committee is limited in what it can do. Objective My objective is to utilize my education and training to enrich nonprofit or community-minded for profit organizations.

#### STATEMENT OF QUALIFICATIONS

My educational experiences at the University of Alabama and LeTourneau University were practical and hands on. Both of these institutions prepared me to go out and not only make an impact in my own businesses, but to also serve the needs of other very diverse companies as an employee and as a consultant.

While an undergrad, I worked my way up to Director of Operations in a nonprofit agency, putting into practice many of the concepts I was learning at the time. For example, marketing classes enabled me to promote the organization in many unique ways, by determining our target market. The management classes I completed enabled me to lead a staff of over 15 individuals at the age of 21. Finance classes taught me how to develop and maintain an operating budget of almost one million dollars and how to best allocate those funds to receive maximum returns.

My graduate education specifically, taught me among other things, to develop working business plans that could be used to later run the organization for years to come with few minor adjustments. I studied industry leading companies such as Starbucks® and Cirque du Soleil and made comprehensive evaluations and recommendations based on their complete operations including: finance, as well as possible debt reduction, marketing, brand identity, new emerging markets and products, and the evaluation of their competition including their strengths, weaknesses, opportunities and threats.

I have used these skills post-graduation in the startup of my own business. For the past

19 years I have been self-employed. I have had to manage staffs in multiple cities, develop operating budgets, identify and market to my target population and develop relationships with suppliers and forecast and plan short-term, midterm and long-term strategies for growth. I have had to focus on research a great deal because as a consultant, I have worked with clients in a variety of industries including: entertainment, construction, faith-based and nonprofits, automotive, sports, dining, hotel and tourism, and investment companies with differing needs.

My education and experience have allowed me to counsel these companies in a variety of areas such as: accounting, loan and grant procurement, business law, business and organization set-up, board development, personnel management, corporate tax preparation, and capital reinvestment. I have worked with some of these companies in taking existing resources and divesting into new and different markets.

I attended institutions that stressed and required strong business writing skills. Upon graduation, I soon learned the importance of this skill and I am grateful to be able to include it here as a qualification. I minored in English and my second minor was in Political Science. This area of education has also served me in that it is impossible to make business decisions without carefully considering the political and economic climates of those business environments. I have worked with companies doing business in Jamaica, and spent a good deal of time in Latin speaking countries.

**General Obligation Bond Oversight Advisory Committee - Questions\***

1) I would like to join the bond committee, because I feel that all segments of the community need to be represented during the process. I represent several different cross sections of our community and can articulate their concerns including those who are not for the bond measures. 2) As a business consultant, I have had to negotiate and ensure that conflicts of interest were taken into account as well as vetting projects for major companies. I have a Masters degree in business management and over 20 years as a small business owner. Most importantly I also have a heart for the community and the City of Hollywood and would ensure that best practices are taking place. I also have a background in nonprofit management and grant research and writing along with preparing conservation easement documents. 3) I am equally interested in the proper implementation of all the bond measures should they pass. 4) The City of Hollywood is one of the best places to live in my opinion. While we have our issues like any other city, we also have great outdoor spaces, a vibrant city, and neighbors who care about each other. In my opinion, we must do a better job of bridging the gap between our elderly citizens and the rest of our communities and making better resources available for Veterans. There is a positive atmosphere in Hollywood and it can be easily expanded upon. The City has a great reputation and therefore we are in a position to continue to grow, but that growth must be managed so that growth doesn't out pace our services and infrastructure available.

Please answer these four questions above. Why do you want to join the GO Bond Oversight Advisory Committee? 2. Explain how your personal and/or professional experiences will contribute to the meeting the goal(s) of the Board or City. 3. Which Bond interests you the most? Public Safety? Objective My objective is to utilize my education and training to enrich nonprofit or community-minded for profit organizations.

### STATEMENT OF QUALIFICATIONS

My educational experiences at the University of Alabama and LeTourneau University were practical and hands on. Both of these institutions prepared me to go out and not only make an impact in my own businesses, but to also serve the needs of other very diverse companies as an employee and as a consultant.

While an undergrad, I worked my way up to Director of Operations in a nonprofit agency, putting into practice many of the concepts I was learning at the time. For example, marketing classes enabled me to promote the organization in many unique ways, by determining our target market. The management classes I completed enabled me to lead a staff of over 15 individuals at the age of 21. Finance classes taught me how to develop and maintain an operating budget of almost one million dollars and how to best allocate those funds to receive maximum returns.

My graduate education specifically, taught me among other things, to develop working business plans that could be used to later run the organization for years to come with few minor adjustments. I studied industry leading companies such as Starbucks® and Cirque du Soleil and made comprehensive evaluations and recommendations based on their complete operations including: finance, as well as possible debt reduction, marketing, brand identity, new emerging markets and products, and the evaluation of their competition including their strengths, weaknesses, opportunities and threats.

I have used these skills post-graduation in the startup of my own business. For the past

19 years I have been self-employed. I have had to manage staffs in multiple cities, develop operating budgets, identify and market to my target population and develop relationships with suppliers and forecast and plan short-term, midterm and long-term strategies for growth. I have had to focus on research a great deal because as a consultant, I have worked with clients in a variety of industries including: entertainment, construction, faith-based and nonprofits, automotive, sports, dining, hotel and tourism, and investment companies with differing needs.

This area of education has also served me in that it is impossible to make business decisions without carefully considering the political and economic climates of those business environments. I have worked with companies doing business in Jamaica, and spent a good deal of time in Latin speaking countries.

**General Obligation Bond Oversight Advisory Committee - Questions\***

I want to be on this Advisory Committee to help in making decisions that will get the most done with the Bonds to make lasting improvements that insure the money is spent wisely and in a timely fashion. The City has been on hold for so many years because of the lack of money, this is a great opportunity to rejuvenate the City for our future.

Personal: We have lived, worked and raised our family here for 52 years. Two of our adult children and four grandchildren live here in Hollywood. I want to give back to the Community my time and energy as this City has given us a wonderful Life.

Serving as a City Commission for 8 years and a Realtor for 32 years I have listened to the wants and needs of what of clients are looking for either for residential or commercial properties.

I am very interested in Parks/Golf/Open Space as well as Neighborhoods and Resiliency.

Hollywood has the greatest potential to be one of the Best Cities in Florida. I had the opportunity as President of the Broward League of Cities to visit all 31 Cities in Broward County. This insight made me aware of how much we need to improve the appearance of our neighborhoods and Corridors to attract residents and business. We have the potential to market and attract investors to develop and re-develop quality projects that will create jobs and bring forth a strong tax base. The improvements to our Golf Courses and Community Centers will greatly improve the quality of life for residents, families and tourism.

Please answer these four questions above. Why do you want to join the GO Bond Oversight Advisory Committee? 2. Explain how your personal and/or professional experiences will contribute to the meeting the goal(s) of the Board or City. 3. Which Bond interests you the most? Public Safety? **Parks, Recreation & Cultural Arts Advisory Board - Questions\***

Hello and thank you reviewing my application:

- 1) I take my daughters to use either Stan Goldman Park or Rotary Park daily, Young Circle Park at least monthly (for Funtastic Friday). We also enjoy visiting TY County Park, Anne Kolbe and Dr. Von D. Mizell-Eula Johnson State Park.
- 2) I cannot recall how many city sponsored special events I have attended in all of last year. The last three I recall attending are the Mission Possible civic engagement motivational seminars (I attended the first of three), the Hollywood YMCA & Hollywood Lions Club 5K and the St Patrick's Day Parade.
- 3) Yes.
- 4) My area of highest interest is the role parks play in providing us with a place to protect and interact with nature.
- 5) I have been involved with the Park East Civic Association for nineteen years, and have been Vice President for the last two.
- 6) If a city is to avoid the transient inclination of the South Florida population, it can do it by offering a reason to enjoy life in, not just a place to sleep and store your car. The way a park does this is mechanically different than the way different than the way athletic facilities do this, and slightly different from the way cultural facilities do this, but they all share the common denominator that they allow us to see each other as something else aside from bosses, co-workers, customers and employees. In the "PRC" environment, we can define ourselves also by our interests, not just by our 9-5. We all benefit from a place where we can be participants, admirers, players, and also experience wonder and see something new. A place where we are not just cogs in a production wheel.

Please answer these six questions above. 1. How many events have you attended in the past year at any of the parks and athletics facilities in the City? 2. How many City-sponsored special events have you attended for the past year? 3. Are you available to attend regular Board meetings? Regular meetings are on the 1st Thursday of the month for 8 months per calendar year. 4. What is your one area of highest interest related to the parks, recreation and cultural arts for the City? 5. What other relevant organizations, clubs, or associations were you previously, and/or currently are involved in? 6. How does parks, recreation and cultural arts contribute to quality of life?

**Planning & Development Board - Questions\***

Please answer these five questions above. 1. How have you prepared yourself to serve on the Planning and Development Board? 2. Explain how your personal and/or professional experiences will contribute to the meeting the goal(s) of the Board or City. \* Personal experiences, \* Professional experiences. 3. What is your perspective on balancing growth of the City's tax base while maintaining neighborhood stabilization? 4. What recent developments within the City are most proud of? 5. What is a Comprehensive Plan?

**Police Officer's Pension Board - Questions\***

Please answer these five questions above. 1. What is a fiduciary? And what is your responsibility to the police pension plan as a fiduciary? 2. What is the Sunshine Law? 3. What is Asset Allocation & Diversification? 4. Explain the history of Chapter 99-1 and Chapter 185? 5. Define the role of the Actuary and the Auditor?

**Unsafe Structures Board - Questions\***

Please answer these five questions above. 1. What legal document describes the process by which buildings and structures are designated unsafe? 2. What is the difference between unsightly and unsafe? 3. Once a notice is posted on an unsafe structure by the Building Official, how many occupants are allowed to enter the structure? 4. Can construction work that was commenced without a building permit be deemed unsafe? 5. What is the significance of the code requiring a citizen with experience and background in social problems to sit on the Unsafe Structures Board?

**Young Circle ArtsPark Advisory Board - Questions\***

Please answer these five questions above. 1. What are your primary interest in City Government and City Services? 2. How many ArtsPark events have you attended within the past year? 3. What other relevant organizations, clubs, or associations were you previously, and/or currently are involved in? 4. Are you available to attend regular committee board meetings scheduled for the Second Tuesday each month at 5:30 pm? 5. What is your one area of highest interest related to the ArtsPark at Young Circle?

## **General Obligation (GO) Bond Oversight Advisory Committee**

### **1. Why do you want to join the GO Bond Oversight Advisory Committee?**

The three components of the fully passed GO Bond are all very important for our city to prosper and grow. I chose to move to Hollywood; establish my accounting and tax practice and buy a condo in Sheridan by the Beach.

The allocation and disbursement of the funds need to be done based off two of the principles of the Rotary Foundation. "It is fair to all concerned" and "Is it beneficial to all concerned".

All the GO Bond proposed projects are equally important.

I feel that I want to be a part of the history of my "home town".

### **2. Explain how your personal and/or professional experiences will contribute to the meeting of the goal(s) of the Board or City.**

When I was in private industry, I was always involved in with multi-companies and project environments.

I thrive on multiple projects and tasks.

That is one of the reasons I enjoy my business so much.

Also, my involvement with the Rotary Club of Hollywood as President and Chairman of the Committee of 100 of Hollywood enabled me to keep informed through the speakers we have had.

### **3. Which Bond interests you the most? Public Safety? Parks/Golf/Open Space or Neighborhoods & Resiliency?**

The Bonds as presented in the question I believe are in the importance.

They are all equally important, but first and foremost, Public Safety is of prime concern.

### **4. What is your perspective on the city quality of life, healthy neighborhoods, economic development & a strong tax base?**

I feel that our current administration has been doing an excellent job on improving all the areas.

I want to learn more and be able to make well informed decisions for the city.

**General Obligation Bond Oversight Advisory Committee - Questions\***

I would like to join the GO Bond Oversight Advisory Committee because I believe it is important to the tax payers who pay for the improvements that these projects are done efficiently and are cost effective as well as beautiful and enhancing the lives of the residents and the environment.

I am experienced in many levels of design and construction. I believe in maintaining the charm of Hollywood while making it an efficient and safe environment for all ages and diversities. I also believe in programs that are financially self sufficient and not just subsidized by the property owners.

Therefore, I am most interested in the Parks, Golf and Open Space, but I would be open to any area where I could be of service.

I believe that the there are many diverse economic neighborhoods in Hollywood and the property owners have now shouldered the costs of these projects. Many residents fear improving their own property because any addition to their homes increases their property taxes, consequently, our property values remain static and the quality of individual lives decline. I am a firm believer in economic development and creating revenue creating properties without sacrificing charm and historic preservation.

Please answer these four questions above. Why do you want to join the GO Bond Oversight Advisory Committee? 2. Explain how your personal and/or professional experiences will contribute to the meeting the goal(s) of the Board or City. 3. Which Bond interests you the most? Public Safety? Parks/Golf/Open Space or Neighborhoods & Resiliency? 4. What is your perspective on city quality of life, healthy neighborhoods, economic development & a strong tax base?

**General Obligation Bond Oversight Advisory Committee - Questions\***

1. I believe I could be an asset to the city and its residents to fairly represent its interests with regards to oversight of the GO bonds once issued. I have a great deal of experience in real estate development, construction management, planning, design, architecture and finance.

2. For the past 30 years I have been engaged in either the practice of architecture and private real estate development of over 100 projects of various size and scope, in the early part of my professional career as an architect in private practice representing private and corporate clients, to the later part of my career and currently as a real estate developer and principal owner of large scale development projects. I have managed as an owner projects of various scales and scopes, with single projects with total budgets from \$20m to over \$500m in value.

3. I have interest in all of the GO Bonds, but if asked to rank them in order from greatest to least I would rank them as follows, public safety, neighborhood & resiliency, parks/golf/open space.

4. Living in Hollywood I would like to see a balance of new quality responsible development that is compatible with existing development. I would like to see improvement in level of service of existing services to the residents. I would like to see long range planning for projects to improve the city's infrastructure, to not only meet current needs but long term growth as well. I would like to see continued economic growth for the city with quality projects that serve to increase the tax revenues by increasing the tax base rather than increasing the tax base through other means.

Please answer these four questions above. Why do you want to join the GO Bond Oversight Advisory Committee? 2. Explain how your personal and/or professional experiences will contribute to the meeting the goal(s) of the Board or City. 3. Which Bond interests you the most? Public Safety? Parks/Golf/Open Space or Neighborhoods & Resiliency? 4. What is your perspective on city quality of life, healthy neighborhoods, economic development & a strong tax base?

**Affordable Housing Advisory Committee - Questions\***

1. The greatest challenge of maintaining affordable housing in Hollywood. For rental property: Due to the proximity to the beach coupled with the lack of rent control laws, property owners could literally charge tenants whatever suits their fancy. For homeownership: The housing crisis created a situation whereas potential buyers need more money down to secure a decent interest rate and insurance rates (property, wind, water, rain, flood) have increased significantly over the years.

2. I am most interested in home purchase education.

3. I'm most passionate about ownership/rental housing affordability.

4. I have worked in the public sector for my entire career in the capacity of a social worker. I have an interest in educating and advocating for the folks that do not have access or do not understand how to navigate through systems. therefore, I am naturally drawn to volunteerism as it is an extension of public service.

5. Housing diversity plays a very large role in economic health and goes hand in hand with housing affordability. When residents are provided with affordable and diverse choices, then our single residents, married residents with families, our elderly, and our disabled residents can live together and we can move towards a stable and thriving community.

Please answer these five questions above. 1. In your opinion what is the greatest challenge to keeping housing affordable in Hollywood? 2. Which of the following disciplines are you most skilled? • Home Purchase Education, • Housing Market Employment, • Housing Market Stability, • Affordable Housing Construction, \* Affordable Housing Activism. 3. **General Obligation Bond Oversight Advisory Committee - Questions\***

**Why do you want to join the GO Bond Oversight Advisory Committee? 2. Explain how your personal and/or professional experiences will contribute to the meeting the goal(s) of the Board or City. 3. Which Bond interests you the most? Public Safety? Parks/Golf/Open Space or Neighborhoods & Resiliency? 4. What is your perspective on city quality of life, healthy neighborhoods, economic development & a strong tax base?**

- 1) Volunteering for the GO Bond Oversight Advisory Committee would be a way for me to contribute to our City using my professional experience as an engineering project manager and hydrogeologist to collaborate with a team to ensure the success of the Go Bond projects. As a homeowner in the City and father of four sons I have a very personal interest in the responsible implementation and long-term success of these projects.
- 2) The City has invested significantly in identifying, budgeting and prioritizing critical GO Bond projects. The voters have supported these initiatives at the polls. Now the City, with input from the advisory committee, must secure funding, prioritize and plan project-level implementation and capital spending, procure planning, design, permitting and construction services and oversee those elements that ensure success, including executing good contracts with achievable schedules, budgets, quality control, health and safety and community relations. Rigorous project controls and transparency through an online dashboard, for example, will foster necessary community support. The success of the projects is for all citizens of the City. As a senior project manager for a large international engineering firm with traditional design-bid-build, design-build and program management experience for municipalities throughout South Florida, I am committed to supporting the committee in helping to define and track all of the elements of success discussed above. In addition, as a Returned Peace Corps Volunteer, I understand the value of service as well as the challenges of implementing projects within a community. I am also a professional geologist, hydrogeologist and past Chair of Region VI of the Florida Section of the American Water Works Association, with a firm understanding of the importance of and challenges of water to our way of life in South Florida. NOTE: I am not aware of any work that my firm, Jacobs, is doing for the City of Hollywood.
- 3) Based on my professional experience, I am most qualified to work with the neighborhood and resiliency bond projects; however, as a golfer I am interested in the success of those and the parks projects, where my young sons spend much of their time.
- 4) These elements-- healthy neighborhoods, economic development & a strong tax base—relate in a positive feedback cycle to the overall city quality of life. Like any system, the health of the whole is dependent on the health of its parts. Economic development is a driver for a healthy tax base, which generates fiscal health for reinvestment in the community and public services. Improvements in the City's infrastructure, services, parks and resilience to the challenges of our dynamic coastal environment in turn make the City more attractive to businesses, residents and visitors. The cycle thereby continues. Like other City services, the safety and health of our community and neighborhoods relies on an efficient and effective police force, which requires operational facilities and technology to meet the demands of a growing population. Our City's quality life relies on responsible, balanced and sustainable growth. Therefore, I would add to this cycle the recent City charter preamble elements of "fiscal responsibility, citizen

engagement, economic vitality, professional management, political leadership, environmental stewardship and sustainability, and regional cooperation.”

**Please describe your professional and/or volunteer experience or background, which best qualifies you for selection to the board / committee.\***

As noted above, I am a senior project manager for a large international engineering firm with traditional design-bid-build, design-build and program management experience for municipalities throughout South Florida. I am committed to supporting the committee in helping to define and track elements of success, such as executing good contracts with achievable schedules, budgets, quality control, health and safety and community relations. **General Obligation Bond Oversight Advisory Committee - Questions\***

Getting more involved with The City of Hollywood has been a mission of mine since my father, Charles F. Vollman passed away. Being a part of this committee would assure me that the projects I voted on will get done in my lifetime. Seeing this project get completed is extremely important to me and to turn the negativity in our city into a positive environment.

I am currently the Vice President of the Hollywood Hills Civic Association and in line to become the President of this association this Spring. I have a passion that wants to make sure we as residents of our city get treated fairly. I am open minded, honest, a team player and a very hard worker. I try to listen to all proposals before making a final decision.

All Bonds are important to me as a resident. Safety is priority (hiring more police officers). Roads and streets must be improved to travel within our city. Maintaining and obtaining green space is extremely important in our society due to global warming. Improving our neighborhoods is vital to attract the right people who want to move here and to maintain the people who currently live here.

A strong tax base is important to ensure the city has operating revenue. However, we must maintain due diligence when spending money regardless of what is needed. I have lived here my entire life and have seen many good and not so good changes occur. I hope that we, the residents and city staff, can work together to improve our city. We must all work together and not just think what's in it for me.

I miss the home town feeling and hope city staff will understand its not always about buildings and business'.

Thank you.

Please answer these four questions above. Why do you want to join the GO Bond Oversight Advisory Committee? 2. Explain how your personal and/or professional experiences will contribute to the meeting the goal(s) of the Board or City. 3. Which Bond interests you the most? Public Safety? Parks/Golf/Open Space or Neighborhoods & Resiliency? 4. What is your perspective on city quality of life, healthy neighborhoods, economic development & a strong tax base?
